## AGENDA

**9:00 Welcome and Introductions**

**9:15 Discussion of Pathway Exemption Rules (OAR 345-050-0035 to 345-050-0038)**

*This meeting will focus on discussion of topics related to the pathway exemption for naturally occurring radioactive materials and associated interpretive rules. Staff will provide an overview of the basis and application of the current rules and will ask the RAC to provide input on:*

- *Whether the 500 millirem dose limit in rule adequately protects public health and safety*
- *Whether the current methods for estimating the potential exposure that could result from materials are appropriate.*
- *Whether the pathways other than direct gamma radiation exposure and the release of effluents to air and water should be considering when determining if a material qualifies for exemption.*

**11:55 Next Steps and Adjournment**
