Use this form to apply for an incentive for a new manufactured home that replaces a manufactured or site-built home that was lost in the 2020 wildfires.

There is a separate application available for rebuilding a site-built home, commercial building, public building, or multi-family structure.

For faster review and reservation of funds, use our online application form:
https://odoe.powerappsportals.us/en-US/EEWRI

About the Program
In 2021, the Oregon legislature passed HB 5006, allocating about $10.8 million to the Oregon Department of Energy for a new program incentivizing energy efficient rebuilding of residential and commercial structures destroyed during the 2020 Labor Day wildfires.

The program will help those wildfire survivors rebuild site-built homes, manufactured homes, multi-family homes, and commercial structures with current- or above-code energy building standards.

Program Timeline
Applications for the incentive program will be accepted through May 31, 2023, or until all funds have been allocated, whichever comes first. All projects must be completed and documentation submitted to ODOE before December 1, 2024.

How to Receive an Incentive
1. Confirm eligibility to participate.
2. Complete a digital or paper application.
3. If a paper application, please send to:
   Oregon Department of Energy
   Attention: Wildfire Rebuilding Incentive Team
   550 Capitol St. NE, 1st Floor
   Salem, OR 97301
4. ODOE will review, verify application information, and send you a confirmation that funds have been reserved.
5. Complete your project.
6. Notify ODOE through our program portal (link above) or send a completion form by mail to let us know your project is complete. Please include relevant project documentation.
7. ODOE will review and verify your completion form. Following successful verification of a completed application, ODOE will issue you the approved funds.

NEW MANUFACTURED HOME:

The Northwest Energy-Efficient Manufactured Housing Program™ (NEEM) certifies manufactured homes are energy efficient, offering homeowners third-party quality assurance that their home will perform as expected. There are tiers of energy efficiency, including NEEM 1.1, which is also referred to as ENERGY STAR®, and NEEM 2, which is also referred to as ENERGY STAR with NEEM+. Homes built to these higher energy efficient ratings offer owners long term energy savings over the life of the home. To learn more, please visit https://www.neemhomes.com/.

Owners whose structures were destroyed in the 2020 Wildfires are eligible for an energy efficiency incentive of $12,500 if they are purchasing a new energy efficient manufactured dwelling.
