Discussion Questions

The PNWH2 and Oregon's Role

1. What questions or concerns do you have related to the PNWH2, its Executive Board, or its Advisory Committee?
2. How would you like to see ODOE use its role on the Executive Board with respect to development of the hub concept, project selection criteria, timeline, or other factors?

The PNW H2 Hub Concept

1. What should be the key attributes of the PNW H2 Hub?
2. If the hub is focused on renewables and transportation, as is likely, how do we separate ourselves from other renewable- and transportation-focused hub concepts?
3. What key benefits might we expect to achieve locally, including those related to economics, clean energy development, technology, and environmental justice?

Oregon Stakeholder Convening

1. How would you like to use this opportunity for convening Oregon stakeholders interested in renewable hydrogen development and/or consumption, not limited to the hub opportunity
 - a. Specific sub-committees?
2. What are your confidentiality requirements for participating further in this convening?
