**Subject:** RE: Stateline Wind Project Request for Amendment 5 - ODOE Determination on Type B Review ADR

Dear Ms. Esterson:

On behalf of the Stateline III Wind Energy Facility (an indirect subsidiary of NextEra Energy Resources), thank you for providing the Department's determination on the Type B review amendment determination request (ADR) for Amendment 5 of the Stateline Wind Project Site Certificate. After careful review of the Department's determination that a Type A review be maintained, we believe that the Type B review process is the appropriate pathway for amending the Facility's site Certificate.

In accordance with this determination and pursuant to OAR 345-027-0057(7), we request that the Stateline ADR for Amendment 5 be placed on the agenda for review by the Oregon Energy Facility Siting Council at the next regularly scheduled meeting in February 2019.

As part of our request, we also note that the next Council meeting is scheduled for Friday, February 22, 2019. Because of travel constraints and the pending weekend, we request that the Department schedule the ADR Amendment 5 review early in the Council's agenda and also consider holding the next Council meeting on the morning of the 22<sup>nd</sup> in The Discovery Center or other appropriate facility in The Dalles, as this location is conveniently situated within reasonable travel distance for hearing attendees.

Thank you for considering our request and we look forward to the Department's response.

Sincerely,

Mike Pappalardo | [Environmental Manager](#)

CAUTION - EXTERNAL EMAIL

Mike and Jesse,

Please find the attached determination on NextEra's Type B Review Amendment Determination Request for Request for Amendment 5 of the Stateline Wind Project site certificate. As described in the attached evaluation, the Department determined that Type A Review be maintained for this amendment request.

Please note that our anticipated release schedule for the draft proposed order is January 2019 – we do not have a Council meeting in January. Therefore, if NextEra would like to refer the Type A review determination to Council, we request confirmation by January 11, 2019 as we would need to hold the draft proposed order until Council's review of the referral request, that would occur at the next regularly scheduled Council meeting on Feb 21-22, 2019.

Let me know if there are questions/comments.

Thanks,  
Sarah
