

Agenda Item E: Public Comments Web Portal Attachment 1 – Screen Shots from the Portal

This document contains screen shots from the Siting Public Comments portal and docket. The screen shots are illustrative of what a user will see when using the system.

In this example, we are looking at the screens for entering a public comment for a project at the DPO phase.

Siting Public Comment

Public Comment Form for the Draft Proposed Order (DPO) phase

Thank you for your interest in providing comments on this project. There are several methods available to provide comments that are described below.

Comment Options

- Using this comment form. If you submit comments using this form you will receive an automatic response to the email address which you will provide on a subsequent screen. If you do not receive an automatic response, please contact Wally Adams, Operations and Policy Analyst; walter.adams@oregon.gov or 971-273-9778.
- Email to energy.siting@energy.oregon.gov
- Fax to 503-378-6457
- Verbally at the NOI Public Information meeting
- Mail to
Oregon Department of Energy
Attn: Facility Siting
550 Capitol Street NE
Salem, OR 97301

Additional Resources

A number of online resources are available to help understand how the siting process works.

- The Public Guide to Energy Facility Siting can be found here: [Public Guide](#)
- A flowchart which shows the Energy Facility Siting process can be found here: [EFSC-Process-Flowchart.pdf \(oregon.gov\)](#)
- Other helpful information can be found on the facility siting webpage, found here: [State of Oregon: Facilities - Energy Facility Siting](#)

Submitting a comment does not register you to receive email notifications from Oregon Department of Energy. If you would like to sign up for future email notices please visit the following link: [Sign Up For Email Updates](#)

Siting Public Comment

Draft Proposed Order (DPO) Public Comment Period

When the DPO is issued, the Department will provide notice of and schedule a public comment period and hearing. A public hearing will be held at the conclusion of the comment period. The start and end dates of the public comment period for the DPO of the following project are:

Project

Siting Test Project

Start Date

2/6/2022

End Date

2/28/2022

Written comments, sent via this online comment portal, email, regular mail, fax, or hand-delivery, may be submitted at any time until the close of the record. **The Council will not accept or consider any further public comment on the site certificate application or on the draft proposed order after the close of the record of the public hearing.**

In order to preserve the right to raise an issue in the contested case phase, a person must comment on the record of the DPO, either in writing or orally at the DPO hearing. To preserve that right, a person must:

- 1. Raise issues that are within EFSC jurisdiction.** This means an issue must be associated with one of the applicable EFSC standards or other laws applicable to the proposed facility. Commenters should reference which standard their issue relates to.
- 2. Raise issues on the record of the public hearing.** A person must raise the issue in person at the public hearing or in a written comment submitted after the date of the notice and received by the Department before the deadline.
- 3. Raise issues with "sufficient specificity" to afford EFSC an adequate opportunity to respond, including a statement of facts that support the person's position on the issue,** including identifying the standard or OAR that is at issue. Simply listing the standard is not considered sufficiently specific.

After the DPO hearing, EFSC members will review the DPO at a public meeting, typically its next regularly scheduled meeting. In advance of this meeting, the Council will receive all comments submitted on the record of the DPO. The Council has the opportunity to question staff about the proposed facility and about the Department's recommendations, and may direct staff to modify sections of the DPO or respond to additional issues raised during the DPO hearing process.

DPO Comment Input Screen 1

The screenshot shows the ODOE public comment input interface. A modal window titled "Create" is open, containing the following content:

- * Required Field**
- Text: "This form will enable you to enter a comment. If you have additional comments, they can be added individually by repeating this process for each topic. Each comment will appear separately on the summary screen."
- Comment Summary**
Text input field containing "This is a test".
- Application for Site Certificate (ASC) Exhibit**
Text: "Please choose from the drop-down menu if this comment is related to an exhibit in the ASC."
Dropdown menu showing "Exhibit C - Proposed Facility Location".
- Page Number(s)**
Text: "Please indicate which Exhibit page number(s) this comment relates to in the Application for Site Certificate."
Text input field containing "12".
- Council Standards**
Text: "Please indicate which Council standards this exhibit relates to. To select multiple items, hold down the Ctrl (control) key and click on each item to select/deselect."
List of standards:
 - ☐ OAR 345-022-0000 - General Standard of Review
 - ☐ OAR 345-022-0010 - Organizational Expertise
 - ☐ OAR 345-022-0020 - Structural Standard

The background shows a sidebar with "Siting" selected and a "Public Comments" section. At the bottom, there is a footer with "Select Language", "Powered by: Oracle iBPM", "Copyright © 2022. All rights reserved.", and "Contact Us" links.

Comment Email Verification

The screenshot shows an Outlook window with the title bar 'Thank you for your comment! - Message (HTML)'. The ribbon includes 'File', 'Message', 'Help', 'Foxit PDF', and 'Tell me what you want to do'. The 'Message' ribbon is active, showing options like 'Delete', 'Archive', 'Reply', 'Reply All', 'Forward', 'Quick Steps', 'Move', 'Tags', 'Editing', 'Read Aloud', 'Zoom', 'Phish Alert', 'Dynamics 365', and 'Viva Insights'. The email content is as follows:

Thank you for your comment!

 ODOE ITService * ODOE
To  ADAMS Walter * ODOE

Thank you for submitting a comment using ODOE's new online comment portal. If you had any issues submitting your comment or have any suggestions on how to improve the system, please contact Wally Adams, ODOE Operations and Policy Analyst at walter.adams@energy.oregon.gov

Siting Docket Landing Page

Home > Siting Docket

Siting Docket

The Oregon Department of Energy accepts comments at various phases of projects that fall under the jurisdiction of the Energy Facility Siting Council (EFSC). Comments may be submitted in a variety of ways: through our public comment portal, emails, letters, etc. The agency consolidates these comments regardless of the source into a database which can be accessed through this webpage.

You may use the menu choices on the left to narrow your search by Project, Phase, Comment Source, or Date Range, and then click Apply Filter. If your selection results in more comments than can be displayed on one screen, use the navigation numbers or arrows at the bottom of the screen to scroll through the pages.

To display a comment, either click on the comment ID hyperlink or click on the small arrow symbol (v) to the right of the comment to view the comment. To view attachments, scroll to the bottom of the comment; any attachments that are part of the comment will be displayed. Click on the attachment to download, then open the downloaded file to view the attachment.
