Transmittal of Trojan Independent Spent Fuel Storage Installation (ISFSI)
Security Plan, PGE-1073, Revision 10

Changes have been made to the Trojan ISFSI Security Plan, PGE 1073:

1. The change updates the location of the new Trojan Administrative Building, known as the Trojan Support Center (TSC), along with the new locations for the alarm station and upgraded security system components.
2. This change removes 10 CFR 73 Appendix G security reportability requirements and adds the new requirements in 10 CFR 73.1200, 73.1205, 73.1210, and 73.1215.
3. This change removes the handgun requirement for Armed Security Officers from the Security Plan.
4. This change updates the Trojan ISFSI Functional Organization chart in accordance with Revision 31 to PGE 8010, *Trojan Quality Assurance Program*.

These changes were evaluated and determined to not require prior NRC approval pursuant to 10 CFR 72.48. Pursuant to 10 CFR 72.44(e) and 72.186, these changes were determined to not decrease the effectiveness of the Plan.

The enclosure contains Safeguards Information, and in accordance with 10 CFR 73.22, this information should not be made available for public disclosure.

If you have any questions or require additional information, please contact Mr. Tom Sanders, Trojan ISFSI Manager at 503-556-7021.

Sincerely,

A handwritten signature in blue ink, appearing to read "B. Felton".

Benjamin Felton (Mar 9, 2025 10:21 PDT)

Benjamin F. Felton
Executive Vice President and
Chief Operating Officer
