

development of the Site Certificate conditions. The Certificate Holder understands that ODOE's review includes outreach to respective agencies as a matter of process, but it is anticipated that their interest will be low in comparison to other energy project reviews because there will be no physical changes to the Facility nor Certificate Holder Owner. The purpose of this amendment is commercial administrative. Because the proposed division into three facilities will comply with all existing conditions as applicable to each facility, the anticipated level of interest by reviewing agencies is low.

*OAR 345-027-0357(8)(d) The likelihood of significant adverse impact; and*

The Council approved the use of micrositing corridors (Site Boundary) for the Facility to allow flexibility in siting of the wind and solar generation components in order to account for geotechnical and other constraints and turbine procurement options during final design. Therefore, the potential for significant adverse impacts from infrastructure within the Site Boundary has already been reviewed. RFA 1 proposes a division of the Facility into three facilities—all within the previously approved Site Boundary—such that there is little likelihood of significant adverse impact.

*OAR 345-027-0357(8)(e) The type and amount of mitigation, if any.*

There will be no new areas of Site Boundary nor any changes to the approved facilities; therefore, there are no new impacts to consider that were not previously evaluated. The proposed division of the Facility into three facilities will not result in new mitigation for temporary and permanent habitat impacts.

## **2.0 Certificate Holder Information – OAR 345-027-0360(1)(a)**

*OAR 345-027-0360(1) To request an amendment to the Site Certificate required by OAR 345-027-0350(3) and (4), the certificate holder shall submit a written preliminary request for amendment to the Department of Energy that includes the following:*

*OAR 345-027-0360(1)(a) The name of the facility, the name and mailing address of the certificate holder, and the name, mailing address, email address and phone number of the individual responsible for submitting the request.*

### **2.1 Name of the Facility**

The current name of the Facility is Wheatridge Renewable Energy Facility II and the Certificate Holder is Wheatridge Wind II, LLC. RFA 1 is requesting to split the Facility into three separate facilities – one amended site certificate (WREFII/Facility Site Certificate) and two new site certificates:

1. Wheatridge Renewable Energy Facility II; the Certificate Holder remains Wheatridge Wind II, LLC.

2. Wheatridge Renewable Energy Facility III; the certificate holder will be Wheatridge Solar Energy Center, LLC.
3. Wheatridge Renewable Energy Facility East; the certificate holder will be Wheatridge East, LLC.

NEER will remain the Certificate Holder Owner for all three facilities. Therefore, the contact information for the three facilities is the same.

## **2.2 Name and Mailing Address of the Certificate Holder**

David Lawlor

Wheatridge Wind II, LLC or Wheatridge Solar Energy Center, LLC or Wheatridge East, LLC

FEW/JB

700 Universe Blvd.

Juno Beach, FL 33408

## **2.3 Current Parent Company of Certificate Holder**

Matt Handel

NextEra Energy Resources, LLC

FEW/JB

700 Universe Blvd

Juno Beach, FL 33408

## **2.4 Name and Mailing Address of the Individuals Responsible for Submitting the Request**

David Lawlor

Director of Development

NextEra Energy Resources, LLC

FEW/JB

700 Universe Blvd

Juno Beach, FL 33408
