## South Dunes Power Plant

### Notice of Proposed Order

#### Issuance of Proposed Order

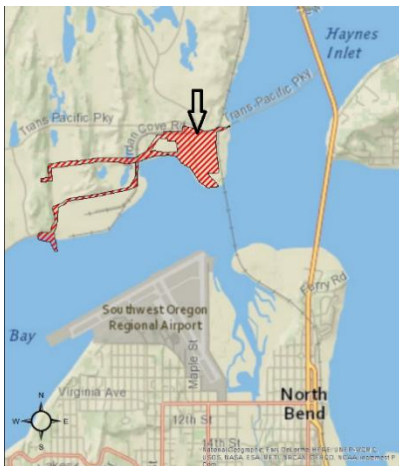

The Oregon Department of Energy, staff to the Energy Facility Siting Council (EFSC), issued a Proposed Order on the South Dunes Power Plant on October 12, 2015. The Proposed Order recommends EFSC approve the application and grant a Site Certificate, subject to the conditions in the order.

#### Facility Description

The proposed South Dunes Power Plant would consist of two, 210-megawatt blocks of combined-cycle combustion turbine generators, with duct firing capability. Each block would include three combustion turbine generators, three heat recovery steam generators and one steam turbine generator. In addition, the proposed facility would include an electrical switchyard, transmission lines, gas pipeline/gas metering station, relocated substation, waste system connection and distribution, water treatment facilities, accessory buildings, and a barge berth.

#### Location of Proposed Facility

The South Dunes Power Plant is proposed to be located in Coos County on the North Spit of Coos Bay.

*For detailed maps, please see the ODOE website or Exhibit B of the Site Certificate Application.*

#### Contested Case Process

Following issuance of the Proposed Order, the Council must conduct a contested case proceeding on the application for site certificate.

Only those individuals or organizations that raised an issue on the record of the public hearing are eligible to participate in the contested case, provided the Proposed Order does not differ substantively from the Draft Proposed Order. In this case, there are no substantive changes between the Draft Proposed Order and the Proposed Order. Therefore, to be eligible to participate in the contested case, you must have raised issues, either in person at the public hearing on June 25, 2015, or in writing on the Draft Proposed Order between May 27, 2015 and June 25, 2015. All those eligible to participate in the contested case will receive a Notice of Contested Case by certified mail, describing the requirements for participation.

If you believe you are eligible to participate in the contested case and do not receive a Notice of Contested Case, please contact Andrea Goodwin, Siting Analyst, at [andrea.goodwin@state.or.us](mailto:andrea.goodwin@state.or.us), or at 503-373-0076.

The deadline to request party status or limited party status is November 11, 2015 at 5 p.m.

#### Pre-Hearing Conference

For those eligible to participate in the contested case, a pre-hearing conference will be held by telephone on November 24, 2015.

Following the pre-hearing conference, the hearing officer will determine the schedule for the contested case hearing.

#### **EFSC Decision Process**

Following the contested case, the Council will issue a Final Order on the Application. More information about the contested case process is available on the Department of Energy's website at [www.oregon.gov/energy/Siting/Pages/process.aspx](http://www.oregon.gov/energy/Siting/Pages/process.aspx)

#### **More Information**

More information about the facility and the review process is available using any of the options listed below. If you need more information, please contact Andrea Goodwin, Siting Analyst, by email at [andrea.goodwin@state.or.us](mailto:andrea.goodwin@state.or.us) or phone at or 503-373-0076.

#### **1) ODOE's website**

More details on the proposed South Dunes Power Plant, including the Application for Site Certificate and the Proposed Order, are available online on at:
