

Known issues with the 1994-1996 Oregon DOQ CD sets:

Issue: CD 440012400 is incorrectly labeled.

Resolution: 8/28/2002

There are four images included on the disk. The proper CD label, and “official” names for the images, are:

44124A1	Mercer Lake	05/06/1994**
44124A2	Mercer Lake West	05/06/1994
44124B1	Heceta Head	05/06/1994
44124B2	Heceta Head West	05/06/1994

Mercer Lake West and Heceta Head West are not listed in the official USGS quad list because the official Mercer Lake and Heceta Head quads have sufficient over-edge imagery to capture the entire land surface to the west of longitude 124 degrees 7 minutes 30 seconds. Our grid re-projection and data merging procedure, however, chopped that small land area off, and we needed to “create” a quad to the west of each official quad in order to re-capture the chopped off area.

Issue: CD 451511845 is incorrectly labeled, and does not contain the SPN version of s45118c8.

Resolution: 8/28/2002

There are four images included on the disk. The proper CD label, and “official” names for the images, are:

45118C7	Granite Meadows	07/07/1994**
45118C8	Carney Butte	05/08/1994
45118D7	Pilot Rock	05/06/1994
45118D8	Nye	05/06/1994

The Granite Meadows quad (45118C7) is comprised of aerial photos taken on 07/07/1994 and 07/15/1994. On the original (June 2002) CD set, 45118C8 was incorrectly labeled “Granite Meadows.”

To correct the missing SPN version of the image, you will need to create a TIFF world file (s45118c7.tfw) containing the following six lines:

```
3.2808400000000000
0.0000000000000000
0.0000000000000000
-3.2808400000000000
1729617.515420000068843
1326096.706860000034794
```

**Issue: CD 453012000, published June 2002, is incomplete.
Resolution: 8/28/2002**

There should be four images on this disk. The proper CD label, and “official” names for the images, are:

45120E1	Hickland Butte	05/07/1994
45120E2	Shutler Flat	05/07/1994
45120F1	Horn Butte	05/07/1994
45120F2	Arlington	06/29/1994**

The Arlington quad (45120F2) is comprised of aerial photos taken on 06/29/1994 and 07/12/1994.

This CD has been re-burned and will be sent to the original CD set recipients by the Oregon Geospatial Data Clearinghouse staff.

**Issue: CD 424512000 is incorrectly labeled.
Resolution: 8/28/2002**

There should be four images on this disk. The proper CD label, and “official” names for the images, are:

42120G1	Coleman Hills	07/01/1994
42120G2	Sawed Horn	07/01/1994
42120H1	Alkali Lake	07/01/1994
42120H2	Poverty Basin South	07/01/1994

On the original (June 2002) CD set, 42120G2 was incorrectly labeled “Isles of Shoals OE SW.”

**Issue: CD 454511915, published June 2002, is incomplete. The original image burned to disk for the Hermiston quad was truncated.
Resolution: 02/02/2003**

There should be four images on this disk. The proper CD label, and “official” names for the images, are:

45119H4	Irrigon	07/08/1996**
45119H3	Umatilla	07/08/1996**
45119G3	Hermiston	05/07/1994
45119G4	Ordance	05/07/1994

The Irrigon quad (45119H4) and the Umatilla quad (45119H3) are each comprised of aerial photos taken on 07/05/1996 and 07/08/1996.

This CD has been re-burned and will be sent to the original CD set recipients by the Oregon Geospatial Data Clearinghouse staff.
