

The Oregon Geographic Information Council

is pleased to announce the

11th GIS Standards Forum

Tuesday, March 10th 2009
9:30 AM – 3:00 PM

McMenamins Edgefield

2126 S.W. Halsey St.
Troutdale, OR 97060

(<http://www.mcmenamins.com/index.php?loc=3&category=Location%20Homepage>)

Under the direction of the Oregon Geographic Information Council (OGIC), the Oregon Framework Implementation Team (FIT) continues to develop and present appropriate data content standards for geographic information. The FIT's mission includes facilitating the development of such standards for the entire GIS community and ensuring consensus. OGIC and FIT are comprised of representatives from many agencies and the private sector.

For more information about Council and FIT activities, please visit the GEO website at <http://gis.oregon.gov>.

Agenda:

9:30 AM - Welcome and Introductions
- Framework News
- 2010 Digital Orthoimagery update

10:30 AM - Guest Speakers:

- "Leveraging GIS Information: An Experiment in the Oregon Regional Emergency Network (OREN) Innovation Lab". Kristen Hartwigsen and Pascal Schuback
- "Use of GIS for Assessing Societal Vulnerability to Oregon Tsunami Hazards". Nathan J. Wood, PhD, US Geological Survey

12:00 PM - Lunch (provided)

- Lunch Meetings:
 - Transportation Framework Meeting
 - Structure and Places Subcommittee of Hazards/Prep FIT

1:15 PM - Upcoming Training Opportunities

1:30 PM - Standards Presentations:

- Administrative Boundaries (revision)
- Cadastral Data Exchange (revision)
- Soils (draft)
- Wetlands (revision)

3:30 PM - Adjourn

Please RSVP to milton.e.hill@state.or.us if you'll be having lunch and indicate if you'd like a vegetarian entrée.
