EXECUTIVE ORDER NO. EO 03-16

WORKFORCE DEVELOPMENT

Pursuant to my authority as Governor of the State of Oregon, I find that:

Revitalizing and invigorating the Oregon economy is a high priority. To facilitate economic recovery and to keep Oregon’s industries productive and competitive for Oregonians, we must ensure that a skilled workforce is available to existing businesses. Further, Oregonians require access to education and training that will keep them prepared for the jobs of the future.

The availability of skilled labor is a key factor in business location, retention and expansion. Responsive workforce education and development to match the specific skill sets required by businesses is crucial to the state’s economic development and to manage major technological and structural changes in the economy.

Oregon must create a coherent and responsive workforce development strategy that is linked to economic development efforts. The state needs to better analyze and enhance the return on our investments in workforce programs meant to allow workers to compete for newly created jobs or jobs requiring enhanced skills to increase productivity and wages, and to reduce the need for public assistance. This workforce development strategy must ensure that public and private sector investments are leveraged for the greatest impact and that training programs are responsive to the needs of business, industry, and the workers.

NOW THEREFORE, IT IS HEREBY DIRECTED AND ORDERED:

1. There is established within the Department of Community Colleges and Workforce Development (CCWD) an Employer Workforce Training Account (“Account”), funded from the State of Oregon’s allocation of Workforce Investment Act funds that are identified as the statewide setaside funds under section 128(a)(1) and section 133(a)(1-2) of the Workforce Investment Act of 1998 (P.L. 105-220).
