## REGIONAL SOLUTIONS

### Weekly Report

Wednesday, September 9, 2020

Below are some highlights from the Governor's [Regional Solutions \(RS\) Coordinators](#), on behalf of the eleven interagency teams across Oregon.

### Regional Solutions (RS) Director – Leah Horner

Regional Solutions (RS) is working with local leaders to address immediate on the ground needs related to wildfire while continuing to address COVID-19. The Governor will mobilize her Disaster Recovery Cabinets to coordinate and streamline agency response. Regional Solutions will help to coordinate wildfire recovery work on the ground. Coordinators are already engaging and helping to convene local partners to help where we can in response, while beginning to develop a recovery approach based on Regional Solutions previous experience with wildfires and other disasters. For more information on Regional Solutions, please follow this [link](#).

Please continue to coordinate with your county emergency managers and check for updates on <https://wildfire.oregon.gov/>.
