RE: Letter of Request to move Curry County into Phase II

Honorable Governor Brown,

Curry County respectfully requests to transition from Phase I, to wit the County formally entered May 15th, and into Phase II on Friday, June 5th, 2020. In making this request, Curry County certifies the following:

- The criteria required for Curry County to enter Phase I remain in place and are continuing to being met; and,
- Curry County, in close coordination with our local public health partners, does hereby attest that the county first responders have sufficient Personal Protective Equipment (PPE); and,
- Curry County Public Health has at least five (5) trained contact tracers, in excess of the level appropriate and reasonable in consideration of the population of Curry County; and,
- No substantive changes to responses have been made in the Phase I application regarding meeting said Phase I prerequisites; and
- In consideration of the additional criteria required to enter Phase II, Curry County attests that 100% of all cases have been successfully contact traced within 24 hours of report in the ORPHEUS system.

Thank you for your time and consideration. If you should have any questions, please do not hesitate to contact us.

Sincerely,

Sherrié R. Ward,
Public Health Administrator
