

Wildfire Council
Committee on Adaptation and Recovery

Sally Russell, Co-Chair
Duncan Campbell, Co-Chair

Joint Information Center Deschutes Co. – August 2017

Joint Information Center Deschutes Co. – Org Chart August 19-21, 2017

Community/regional preparedness planning

Community preparedness efforts cross-cut with many (all?) subject areas of interest to the Council, such as:

- Multi-issue Natural Hazard Mitigation Plans.
- Community Wildfire Protection Plans (largely parallel to the Suppression and Mitigation Committees work)
- Fire Adapted Community efforts, which typically cross-cut all facets of wildfire preparation.

For a review of the completeness and effectiveness of these efforts, we may want to reach out to Oregon Partnership for Disaster Resilience at U. of Oregon. (They have a place-holder in their work plan, which has support from US EDA, for this type of work.)

Adaptation & Recovery Committees – Oregon Wildfire Response Council

Land Use Subcommittee	Health Health Subcommittee	Economic & Community Recovery Subcommittee
