

Docket Item:

Discussion with Public University Presidents

Summary:

In January, HECC staff invited public university and community college presidents to meet with the Commission to share the priorities of their respective sectors, reflect on the HECC's strategic plan and state leadership, and identify areas for additional partnership between the institutions and the Commission. At the Commission's February 8th meeting, Klamath Community College President Roberto Gutierrez and Linn-Benton Community College President Greg Hamann described to the Commission the 2017-18 priorities of the Oregon Presidents' Council (community colleges).

Western Oregon University President Rex Fuller and Oregon State University President Ed Ray will update the Commission on priorities of the Oregon Council of Presidents (public universities). Presidents Fuller and Ray are the past and incoming conveners of the Oregon Council of Presidents, respectively.

Staff Recommendation:

This is an informational and discussion item only.
