

Docket Item:

Credit for Prior Learning report

Summary:

Passed in 2012, HB 4059 requires an annual report to the Oregon Legislature on the progress being made in meeting the goals outlined in the legislation. For the last six years, HECC staff provided analysis for the annual report and worked with the Credit for Prior Learning (CPL) Advisory Committee to survey post-secondary institutions across the state on their credit for prior learning offerings and establish statewide standards for those offerings.

The 2018 report builds on the prior CPL Advisory Committee work through their undertaking of the environmental scan and revision of statewide CPL standards. Moving forward, and as the Commission considers next steps, HECC will examine an expanded set of initiatives for adult learners that incorporates and leverages the work done for CPL in an effort to combine CPL with future adult attainment initiatives.
