

OREGON HIGHER EDUCATION STATEWIDE SNAPSHOT

2017-18
Public Institutions

Draft

ENROLLMENT

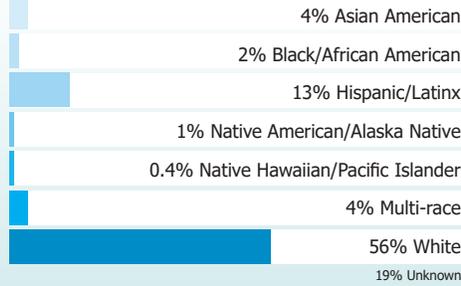

445,378
total students

386,150
in public institutions

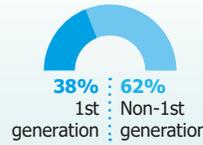

344,753
Oregon undergraduates in public institutions

Race/Ethnicity

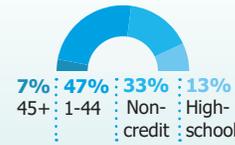

Students of color are increasingly represented on campuses. Currently, nearly **25%** of higher education students identify as students of color.

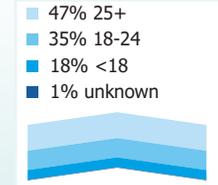

1st-Generation Status

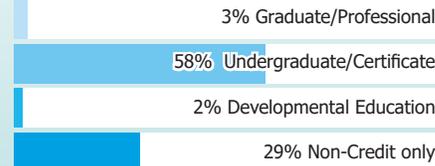

Annual Credit Load

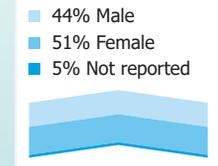

Age

Primary Area of Instruction

Gender

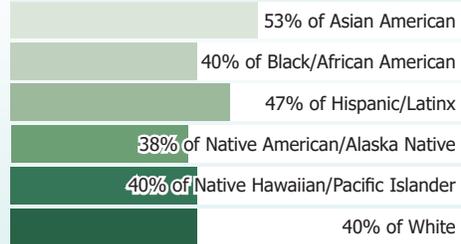

AFFORDABILITY

42%

of students were unable to meet expenses with expected resources: family contributions, student earnings, and grant aid

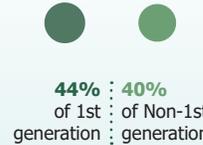

Unable to Meet College Expenses with Expected Resources

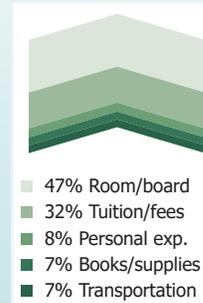

Average Cost of Attendance (COA)

\$21,216 COA
\$14,370 COA after public student aid
\$11,944 COA after institutional + public aid

Time to Completion Increases Cost

COA Components

Students Receiving Financial Aid

Federal Pell: 61,562
OR Promise: 9,455
OR Opportunity Grant: 37,288
Institutional Aid: 41,350

Students Receiving Public Grant Aid

Average Debt Among Graduates

\$17,082

Incl. students with \$0 debt Federal Loans

Loans fill the gap between costs and resources. **42%** of undergraduates have federal loans. Graduation rates increase with grants and decrease with loans.

OUTCOMES

48%

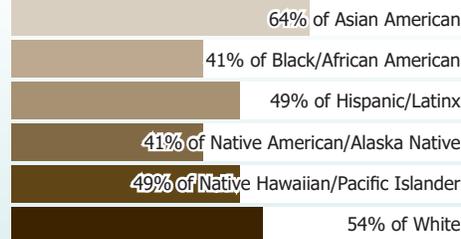

of new community college students complete an associate degree or certificate, or transfer to a university within 4 years

65%

of 1st-time, full-time university freshmen complete a bachelor's degree within 6 years

Completion Rates

1st-Year Continuation

82%
Students continuing after 1st year

Bachelor's Completion Rate if continued to junior year

82% 1st-time/Freshmen
63% Transfer Students

49% of 1st generation | 55% of Non-1st generation

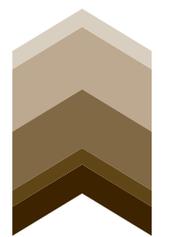

Graduation rates among all students have been slowly increasing over time. However, the gap between students of color and their white classmates continues to be significant.

Annual Earnings

Associate degree/Certificate: **\$38,246**
Bachelor's degree: **\$45,785**
Median annual earnings 5 years after graduation

Number of Students Completing/Transfer

- 3,403 Graduate/professional
- 11,901 Bachelor's degrees
- 11,125 Associate degrees
- 3,046 Career certificates
- 5,492 Transfers

Oregon needs **2,500 additional completions** per year to reach **40-40-20** in 2025.

Design developed by HECC Office of Research and Data in April 2018. Data in this version published 04/05/19. Suggested citation: Oregon Higher Education Coordinating Commission. (2019). *Statewide Higher Education Snapshots*. Salem: Oregon.

OREGON HIGHER EDUCATION STATEWIDE SHAPSHOTS: Definitions
 HECC Office of Research and Data (Data are from academic year 2017-18 except where noted)

ENROLLMENT	
Total Students Enrolled	The number of Total Students includes all students at all postsecondary institutions in Oregon: Oregon resident and nonresident, graduate, undergraduate, and nonadmitted (e.g., high school students) students. Institutions include all public community colleges/universities, and most private degree-granting/private career schools. The number of Students in Public Institutions, includes all students at 17 community colleges and 7 public universities. We estimate an unduplicated count of students attending more than one public institution in 2017-18. The number of Resident Undergraduates includes Oregon resident admitted and nonadmitted undergraduate students at public universities and all students in community colleges.
Other Enrollment Data	Except for Primary Area of Instruction, all other enrollment data refer to Oregon resident, undergraduate students, including high school students enrolled in dual credit/accelerated learning and community college students enrolled in non-credit courses.
Race/Ethnicity, Credit Load, Age, Gender	For universities, includes Oregon resident undergraduate students and high school students enrolled in dual-credit/accelerated learning courses. For community colleges, this includes all students. Race/ethnicity, age, and gender are self-reported. For gender, "not reported" includes other options available at some schools.
Primary Area of Instruction	Includes Oregon resident, undergraduate and graduate students, including high school students in dual-credit/accelerated learning and community college students in non-credit courses. For university students, shows admission criteria. For community college students, shows the percentage of students whose primary area of instruction is Lower Division Collegiate (LDC), Career/Technical Education (CTE), Developmental Education (Dev. Ed.), or non-credit courses. This is the category in which the largest share of a student's credits lies. Students in the non-credit group are enrolled only in non-credit courses, including non-credit LDC, CTE, Dev. and Adult Continuing Education, Personal Enrichment, and other types.
1st-Generation Status	Includes only students who completed a Federal Application for Student Aid (FAFSA) or Oregon Student Aid Application (ORSAA). A 1st-generation student is one who reported no parents completed education beyond high school or its equivalent. If one parent in a two-parent household earned a certificate, or associate degree/bachelor's degree, the student is not considered 1st-generation.
Non-1st-Generation Status	A student who completed a FAFSA/ORSAA and reported at least one parent completed a certificate, associate degree, or bachelor's degree.
Credit Load	Students completing 45+ credits (minimum needed to complete an associate degree in 2 years or a bachelor's degree in 4 years), 1-44 credits, and 0 credits annually. High school students enrolled in college courses generally complete 1-44 credits annually.
AFFORDABILITY	
Affordability Data	All data in this section (except for institutional aid) refer only to resident, undergraduate students who filed a FAFSA/ORSAA. Students who did not file a FAFSA/ORSAA may include those from high-income and those from low-income families.
Race/Ethnicity	The affordability rate for those with more than one racial/ethnic group is 43 percent and for those not reporting a racial/ethnic group, 38 percent.
Unable to Meet Expenses with Expected Resources	Students for whom total cost of attendance exceeds the sum of their federal expected family contribution (EFC), public grant aid, and own earnings. Earnings estimated as 90% of minimum wage for 15 hours per week for 48 weeks (Oregon Opportunity Grant formula).
Cost of Attendance (COA)	Institutional reports of standard student budgets for tuition/fees, books/supplies, room/board, personal expenses, transportation, and other costs.
1st-Generation Status	Percentage of 1st-generation students unable to meet college expenses with expected resources and of non-1st-generation students unable to meet college expenses with expected resources. For definition of 1st-generation status, see Enrollment section above.
Students Receiving Financial Aid	Data on federal Pell grants, Oregon Opportunity grants (OOG), and Oregon Promise grants are available only for those who filed a FAFSA/ORSAA. Measure shows the number of students who received a grant at some point during 2017-18. Institutional aid data reflect all resident undergraduates, whether or not they filed a FAFSA/ORSAA.
Students Receiving Public Grant Aid	For universities, shows the percentage of admitted resident undergraduates who received a Pell/OOG. For community colleges, shows the percentage of CTE, LDC, Dev. Ed. students who received a Pell/OOG/Oregon Promise grant.
Federal Loan Debt	Federal loan debt for graduates includes those with \$0 of federal loans. Percentage of undergraduates with federal loans includes Oregon residents and nonresidents. Both measures from IPEDS at https://collegescorecard.ed.gov/data/ .
COA after Public Student Aid	Shows the average cost of attendance for students who receive public aid. Subtracts average public aid (sum of total Pell, OOG, and Oregon Promise disbursements to the institution, divided by total number of students receiving aid) from the total cost of attendance. Max. Pell grant = \$5,920 Max. OR Opportunity grant = \$2,250 Max. OR Promise grant = \$1,000 - \$3,398
COA after Inst. and Public Aid	The cost of attendance after subtracting the average amount of public aid and institutional aid (as reported by the institutions) provided to students.
Time to Completion	For university students, shows average time between undergraduate admission and degree completion for first-time freshmen, excluding students who complete after 9 years. For community college students, shows average time between first enrollment and receipt of associate degree for 2016-17 first-time graduates (excluding high school students). First enrollment is the earliest term of LDC, CTE, or postsecondary Dev. Ed. enrollment (excluding dual credit) at any Oregon community college prior to the degree.
OUTCOMES	
Completion	University completion rates show the percentage of first-time, full-time freshmen in the fall 2012 cohort who earn a bachelor's degree within 6 years at any of the public universities. Community college completion rates show the percentage of students who earned an associate degree or career certificate or who transferred to any 4-year university nationwide, among students who were new to the institution in fall 2013, were not enrolled in dual credit/accelerated learning, and earned at least 18 quarter credits over 2 years or earned an award requiring fewer than 18 credits. This cohort reflects the degree-seeking cohort of the Voluntary Framework of Accountability (VFA) but with 4-year outcomes.
Race/Ethnicity	The completion rate for those with more than one racial/ethnic group is 51 percent and for those not reporting a racial/ethnic group, 44 percent.
Bachelor's Completion if continued to junior year	This measure shows how many students who are about half-way through a bachelor's degree program complete the degree. It compares first-time freshmen who continue into a third year and who graduate within 6 years of admission to the university with transfer students from any Oregon community college who transferred with at least 90 credits accepted and then graduate within 4 years of admission to the university as a transfer student. This does not include students who enroll in one university and transfer to another university nor those who transfer from one community college to another.
1st-Year Continuation	For university students, shows the percentage of first-time, full-time freshmen in fall 2016 enrolled in fall 2017. For community college students, shows the percentage of new, credential-seeking students in fall 2016 who were enrolled in fall 2017. This includes students who were new to the institution in summer or fall 2016, not enrolled in dual-credit courses after the spring of 2016 (a proxy for high school graduates), and earned at least 18 quarter credits or earned an award requiring fewer than 18 credits by the end of 2 years (the VFA degree-seeking cohort).
1st-Generation Status	Shows the completion rate for 1st-generation students and the comparable completion rate for non-1st-generation students. For definition of 1st-generation status, see Enrollment section above.
Annual Earnings	Earnings outcomes come from the Oregon Employment Department and include students employed in Oregon in 2017-8, 5 years after completion in 2011-12. Includes all associate and bachelor's degree recipients whether or not they completed additional degrees.
Number of Students Completing/Transferring	Shows students completing a degree/certificate at an Oregon community college or public university during the 2017-18 academic year. Transfer students are those admitted to a public university as a transfer student from any Oregon community college and may also have earned an associate degree or certificate. In the degree and certificate totals, university students earning more than one degree in 2017-18 are counted once; community college students earning more than one degree or certificate are counted once.
General notes:	Numbers may not sum to 100 due to rounding. To protect confidentiality, data are suppressed for measures containing fewer than 10 students.
