

**Oregon Credit for Prior Learning Standards  
Higher Education Coordinating Commission (HECC)  
Summary of Revisions for the Standards  
January 2017**

The co-chairs of the Credit for Prior Learning (CPL) Advisory Committee, Dr. Craig Kolins and Dr. Marilyn Davis, met with senior staff from the Northwest Commission on Colleges and Universities (NWCCU) via telephone conference calls in August and October 2016 to clarify what types of CPL (refer to list below) are included in NWCCU Standard 2.C.7. This standard limits the number of CPL credits that can be awarded to 25% of the total credits needed to fulfill degree requirements. As a result of these discussions, the following changes will be incorporated into the Oregon CPL Revised Standards.

**Revised Types of CPL**

The revised list of CPL types is identified below.

Oregon CPL Type	Aligned with NWCCU Standard
• Credit – By-Exam (CLEP, DANTES, etc.)	2.C.8 or 2.D.10
• Industry Certifications	2.C.8 or 2.D.10
• Institutional Challenge Exams and other exams	2.C.8 or 2.D.10
• Military Credit (ACE Credit Recommendation Service)	2.C.8 or 2.D.10
• <del>Portfolio</del> <b>Prior Experiential Learning/Prior Learning Assessments (PLAs) e.g., portfolios</b>	2.C.7
• Professional Licensure	2.C.8 or 2.D.10
• Other forms of authentic assessment to award CPL credit that may or may not come under the 25% limitation.	2.C.7 or 2.C.8 or 2.D.10

Formatted: Strikethrough

27 **Major Changes**

- 28 1. The only type of CPL that will be included in the 25% limitation as noted in Standard 2.C.7 is Prior  
29 Experiential Learning/Prior Learning Assessments which are usually assessed by evaluating a portfolio  
30 the student submits. The portfolio must be reviewed by qualified faculty at an institution. Credit is  
31 awarded based on the faculty review of the portfolio.
- 32
- 33 2. All other types of CPL (e.g. institutional challenge exams, ACE credit recommendations, etc.) will be  
34 under Standard 2.C.8 or 2.D.10 which means that more than 25% of the total credits needed for a  
35 degree can be from CPL awarded credits.
- 36
- 37 3. Institutional policies and procedures must be in place and followed for awarding credit in response to  
38 Standard 2.C.7, Standard 2.C.8 and Standard 2.D.10 and to maintain the integrity of the degree or  
39 certificate.
- 40
- 41 4. Institutional policies must clearly identify the number of CPL credits that can be used toward degree or  
42 certificate completion and the required number of residency credits must be defined. All institutional  
43 programs must adhere to these policies and procedures.
- 44
- 45 5. All types of CPL must be notated on the transcript and must state where the credit originated (ACE,  
46 institutional challenge exam, etc.).
- 47
- 48 6. There must be institutional faculty oversight for awarding CPL credit and the evidence used to award  
49 CPL credit must be evaluated by appropriately qualified teaching faculty.
- 50

51 **Oregon Credit for Prior Learning Standards**

52 Adopted May 8, 2014  
53 January 2017 Revisions

54 The HECC directed Oregon postsecondary institutions from all four sectors<sup>1</sup> to adopt a set of Credit for Prior  
55 Learning (CPL) standards and to use these standards to implement assessment processes for awarding CPL.  
56 These standards were developed to recognize and acknowledge that credit awarded for prior learning is  
57 granted only for evidence of learning and not solely on the basis of experience. Foundational to these  
58 standards is faculty involvement and use of their expertise to assess credit awarded to students.

Formatted: Font: Arial, 11 pt

Formatted: Font: Arial, 11 pt

59 The decision to *offer or not to offer* CPL to students is solely determined by the institution. If the institution  
60 decides to award CPL, one or more types of CPL may be offered as identified in Standard 1. The decision to  
61 offer CPL must be communicated to students, faculty and staff through the printed college catalog, the  
62 institution's electronic publications and website. The institution must formally adopt and use the standards to  
63 award CPL if the institution decides to offer one or more types of CPL.

64  
65 ~~During the fall of 2013, the standards were reviewed by Oregon's postsecondary institutions. Feedback was~~  
66 ~~reviewed by the Advisory Committee and the full HECC during the winter of 2013-14. Adoption of the final~~  
67 ~~Standards is expected during the spring of 2014. Institutions will have a full academic year in 2014-2015 to~~  
68 ~~develop processes and procedures for fully implementing the standards at the beginning of the 2015-2016~~

**Standard 1 - Credit for Prior Learning Requisites**

1.1 For those areas in which CPL is awarded, each institution shall develop institutional policies and procedures for awarding credit in response to the CPL Standards, which have have been aligned with the the NWCCU accreditation standards. The procedures must ensure credit is awarded only for high quality college-level competencies. Institutional policies and procedures must be designed to maintain the integrity of the degree including residency requirements and the number of CPL credits that can be used toward a degree. These policies and procedures must be transparent to all students, faculty, staff and stakeholders. To ensure quality, each institution shall organize a cross-functional CPL Leadership Team with suggested members including student services, instruction, faculty, the registrar's office, financial aid and other personnel associated with awarding or processing CPL credit.

1.2 Institutional policies and procedures ensure credit is granted for documented learning and awarded only for high quality college-level competencies. To ensure quality, each institution shall organize a cross-functional CPL Leadership Team with suggested members to include student services, instruction, faculty, the registrar's office, financial aid and other personnel associated with awarding or processing CPL credit.

1.3 Academic credit will be awarded and notated on the transcripted only for those courses formally approved by the institution's curriculum approval process(es). Coursework or prior learning evaluated for CPL credit that does not correspond to courses offered by the institution must be transcripted as transfer elective credit and the source of credit (DANTES, challenge exam, etc.) must be notated as CPL credit on the transcript. Institutional policies need to address equity among programs to achieve commonality in the amount of elective credit awarded among programs within an institution.

1.4 Credit awarded through CPL must be directly applicable to meet requirements for general education, a certificate, a degree or electives as outlined in college publications. Credit may be awarded through these types of CPL: in response to accreditation standards 2.C.7, 2.C.8 and 2.D.10 as noted below:

- Credit — By Exam (CLEP, DANTES, etc.)
- Industry Certifications
- Institutional Challenge Exams and other exams
- Military Credit (ACE Credit Recommendation Service)
- Portfolios Professional Licensure
- Other forms of authentic assessment to award CPL credit

Oregon CPL Type	Aligned NWCCU Standard
Credit – <u>By Exam (CLEP, DANTES, etc.)</u>	<u>2.C.8 or 2.D.10</u>
<u>Industry Certifications</u>	<u>2.C.8 or 2.D.10</u>
<u>Institutional Challenge Exams and other exams</u> . <u>Challenge exams must be driven by institutional policy with the expectation of involving faculty with awarding credit and developing exams for their respective areas of expertise</u> . <u>These exams should be based on valid and reliable instruments</u> . <u>The tests must be available to ALL interested students</u>	<u>2.C.8 or 2.D.10</u>
<u>Military Credit (ACE Credit Recommendation Service)</u>	<u>2.C.8 or 2.D.10</u>
<u>Portfolio Prior Experiential Learning/Prior Learning Assessments (PLAs) e.g., portfolios</u> . <u>This is the only type of CPL that is subject to the 25% limitation in 2.C.7</u> . <u>Assessment methods are designed to identify what a student has learned through one's life and work experience outside the classroom that is equivalent to learning gained through formal collegiate instruction</u> . <u>These prior learning assessments are separate from third party testing such as ACE or institutional challenge examinations</u> . <u>Portfolios must be reviewed by qualified faculty at the institution</u> . <u>Credit is awarded based on the faculty review of the portfolio</u>	<u>2.C.7</u>
<u>Professional Licensure</u>	<u>2.C.8 or 2.D.10</u>

105 **NWCCU Standard 2.C.7**

106 Credit for prior experiential learning, if granted, is: a) guided by approved policies and procedures; b)  
107 awarded only at the undergraduate level to enrolled students; c) limited to a maximum of 25% of the  
108 credits needed for a degree; d) awarded only for documented student achievement equivalent to  
109 expected learning achievement for courses within the institution's regular curricular offerings; and e)  
110 granted only upon the recommendation of appropriately qualified teaching faculty. Credit granted for  
111 prior experiential learning is so identified on students' transcripts and may not duplicate other credit  
112 awarded to the student in fulfillment of degree requirements. The institution makes no assurances  
113 regarding the number of credits to be awarded prior to the completion of the institution's review  
114 process.

115 **NWCCU Standard 2.C.8**

116 The final judgment in accepting transfer credit is the responsibility of the receiving institution. Transfer  
117 credit is accepted according to procedures which provide adequate safeguards to ensure high  
118 academic quality, relevance to the students' programs, and integrity of the receiving institution's  
119 degrees. In accepting transfer credit, the receiving institution ensures that the credit accepted is  
120 appropriate for its programs and comparable in nature, content, academic quality, and level to credit it  
121 offers. Where patterns of student enrollment between institutions are identified, the institution develops  
122 articulation agreements between the institutions.

123 **NWCCU Standard 2.D.10**

124 The institution designs, maintains, and evaluates a systematic and effective program of academic  
125 advisement to support student development and success. Personnel responsible for advising students  
126 are knowledgeable of the curriculum, program requirements, and graduation requirements and are  
127 adequately prepared to successfully fulfill their responsibilities. Advising requirements and  
128 responsibilities are defined, published, and made available to students.

148 **Standard 2 - Evidence-Based Assessment**

149 2.1 Each institution shall provide a guided process to assess student learning and to provide the required  
150 evidence for awarding credit. The student must document the connection between what they have  
151 learned in another setting and the theoretical foundation, knowledge and skills as defined by the course-  
152 specific learner outcomes of the credit to be awarded.

153 2.2 ~~There must be institutional faculty oversight for awarding CPL credit and E~~evidence shall be evaluated by  
154 appropriately qualified teaching faculty. ~~Faculty must have content expertise and be teaching in the field~~  
155 ~~associated with credit to be assessed and awarded. However, content experts can be used as evaluators~~  
156 ~~as long as there is institutional faculty oversight in the field associated with the credit to be awarded.~~

157 2.3 All CPL credit must be based on sufficient evidence provided by the student, the institution, and/or an  
158 outside entity such as CLEP, CAEL, ACE, etc. Evidence required by the institution must be based on  
159 academically sound CPL assessment methods, including, but not limited to, institutionally developed tests,  
160 final examinations, performance-based assessments, demonstrations, presentations, portfolios, or  
161 industry certifications.

174 students, faculty, staff and stakeholders. The basis for determining direct and indirect costs may include but  
175 are not limited to the following.

- 176 • Costs for student services to guide the student and to support the assessment process
- 177 • Costs associated with faculty workload for the evaluation of CPL
- 178 • Costs associated with recognizing and supporting faculty and staff who are involved in the
- 179 assessment process including any costs related to training and staff development
- 180 • Costs related to transcribing credit

221 **Standard 5 - Data Collection & Reporting**

222 Institutions shall collect and report data on the types of CPL awarded based on data points collaboratively  
223 developed and agreed upon by the state and the institutions. Data to be collected include the number of credits  
224 granted and the number of students who receive credit through the types of CPL identified in Standard 1.

Data to be Collected	Definition
Institutional Challenge Exams and other forms of assessment	Credit granted through the assessment of student learning using exams developed and scored by the institution. Credit granted for external tests to document learning – including DSST / DANTES, CLEP, Excelsior, NYU Foreign Language, etc.
Military Credit (ACE Credit Recommendation Service)	Credit granted through evaluation of ACE published credit recommendations for formal instructional programs offered by non-collegiate agencies, both civilian employers and the military.
Portfolio, Prior Experiential Learning/Prior Learning Assessments (PLAs) e.g., portfolios	Credit granted for the preparation and defense of a collection of evidence by a student to demonstrate and validate college-level credit for learning acquired outside of the classroom. The demonstrated learning must be relevant to the student's degree program.
Other Credit for Prior Learning	Credit granted for other prior learning experiences not listed in above areas such as credit granted for industry certifications for proof of applied knowledge and skills in an industry-identified area.

227 **Standard 6 - Faculty and Staff Development**

228 Each institution shall have a policy and a strategic plan for faculty and staff development for CPL which  
229 includes professional development activities. Widespread, overarching knowledge of the institutional  
230 opportunities for developing, assessing and recommending CPL should be foundational to this plan.

233 **Resources**

8.1 Institutional CPL policies and expectations shall be clearly communicated to students, faculty, staff and stakeholders. CPL Information must be in the college catalog, be available electronically on the institution’s website and be searchable using the term “Credit for Prior Learning”. The following information shall be included:

- Institutional CPL contacts
- Available CPL opportunities and preparation requirements
- Tuition and Fee Structure(s)
- Risks to students and the cost of assessment where credit may not be awarded
- Information about financial aid
- Information regarding the applicability of CPL towards certificate or degree programs including the number of CPL credits that can be used for a certificate or degree and the number of required residency credits.

8.2 Processes must be in place for a student to request CPL based on processes established by the institutional policies and for CPL designated courses.
