

SB233: FACULTY FEEDBACK ON COURSE LIST

PRESENTATION TO THE TRANSFER COUNCIL

Kia Sorensen *Academic Policy Specialist, Public University Coordination*

Transfer Council Report Due to HECC

Transfer Council submits first report to the HECC January 15, 2022:

- Report details subcommittees established to assist in CCN work
- Establishes list of initial courses to apply **2023-2024** academic year
- List the courses or subject areas the council has identified as likely to be included when the common course numbering system first applies to public post-secondary institutions of education during the **2025-2026** academic year
- List the courses or subject areas, which may include career and technical education studies, that the council anticipates adding to CCN **after the 2025-2026** academic year

Transfer Council Approach

- ✓ Use the “Transfer Council CCN List of Courses”
- ✓ Attend to sequencing
- ✓ Look at low hanging fruit
- ✓ Not ask discipline faculty to work on MTMs and CCN at same time
- ✓ Select courses from “Transfer Council CCN List of Courses” that are commonly pre-requisite courses
- ✓ The first round of courses for the 2023-2024 AY should not be from only one discipline
- ✓ The TC will revisit the methodology annually
- ✓ The TC voted in favor of focusing on at least 9 courses for 2023-2024, and then up to at least half of the top 80 transfer course list by the 2025-2026 AY.

Faculty Feedback Form

- Email sent to Provosts & CAO's of CCs with faculty feedback form
- Form contained background information, registrar course list, & proposed course list
 - Faculty were asked to comment on course clustering, if any courses are not included that should be, which courses are largely aligned, and open-ended feedback
- N=70
- Responses from all 7 OPU's
- Responses from all 17 CCs

November Proposal: Beyond 2025-2026

- **Mandate:** “List the courses or subject areas, which may include career and technical education studies, that the council anticipates adding to CCN after the 2025-2026 academic year”
- Prioritize completion of courses on the top 80 highly transferred course list such as Biology, Art, Sociology, Anthropology, etc.
- Convene subcommittee to discuss approach to CTE courses

Faculty Feedback on Course Selection Approach After 2025-2026 (n=40)

- 5- in favor of proposed approach
- 9- no feedback
- 2- receiving departments are the ones that determine equivalence
- 2- recommendations on Art courses
- 1- CTE courses have very significant connections to employers and outside organizations (some dictating licensure requirements). It's very important that the role of employers/advisory boards/additional accrediting bodies be included in this work.

Vote: Beyond 2025-2026

- Revisit highly transferred course list & prioritize completion of courses on the new course list such as Biology, Art, Sociology, Anthropology, etc.
- We will also prioritize the most commonly taken courses at CC's
- Convene subcommittee to discuss approach to CTE courses
