NOVEMBER 14-15, 2019

Integrated Education and Training Summit

PARTNER LEARN INTEGRATE

AGENDA DAY 1

NOVEMBER 14, 2019

8:30 am – 9:00 am	Networking and Coffee				
9:00 am – 9:15 am	Welcome and Introductions Kelley Keith and Kristen Kulongoski				
9:15 am – 10:15 am	Who, Why, How Judy Mortrude, Marc Goldberg				
10:15 am – 10:25 am	Break				
10:25 am – 12:30 pm	Overview: Career Pathways, Integrated Education and Training, Integrated English Literacy and Civics Education <i>Judy Mortrude</i>				
12:30 pm – 1:00 pm	Lunch				
1:00 pm – 2:00 pm	Career Pathways, IET, IELCE: Integrated Models Judy				
2:00 pm – 5:00 pm	Infrastructure: What makes it work?				
2:00 pm – 2:45 pm	Partnerships Kelley and Darlene				
2:45 pm – 2:55 pm	Break				
2:55 pm – 3:40 pm	Braided Funding Judy				
3:40 pm – 4:25 pm	Navigation and Support Services				
4:25 pm – 5:00 pm	Outcomes and Accountability Judy				
5:00 pm	Wrap Up Kelley and Kristen				

Integrated Education and Training Summit

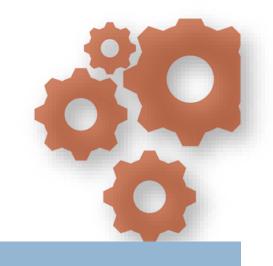

PARTNER LEARN INTEGRATE

NOVEMBER 15, 2019

AGENDA DAY 2

8:30 am – 9:00 am	Networking and Continental Breakfast	
9:00 am – 9:10 am Welcome		Kelley and Kristen
9:10 am – 9:30 am	The Credentials of Value and Meaningful Cre	edit <i>Judy</i>
9:30 am – 9:50 am	Connecting to Pathways to Opportunity	Kate Kinder
9:50 am – 10:15 am	Connecting to Guided Pathways	Cam Preus
10:15 am – 10:25 am	Break	
10:25 am – 11:15 am	Get Ready, Get Set: Local Planning	Kelley and Kristen
11:15 am – 11:30 am	Local Technical Assistance Request	Kelley and Darlene
	State Professional Development Recs	
11:30 am – 11:45 am	Tools and Resources	Kristen and Judy
11:45 am – 12:00 pm	Wrap Up and Evaluation	Kelley and Kristen
12:00 pm – 1:30 pm	Lunch Meeting: IELCE Grantees	Kelley Keith
12:00 pm – 4:00 pm	Lunch Meeting: Oregon Pathways Alliance	Daniel Adams

WELCOME

Partner Learn Integrate

A summit for key partners to learn how to implement Integrated Education and Training, Career Pathways, and Integrated English Literacy and Civics Education as a model for student success.

Welcome

Donna Lewelling, Deputy Director Office of Community Colleges and Workforce Development Higher Education Coordinating Commission

Judy Mortrude, Senior Technical Advisor and LINCS Trainer World Education, Inc.

Integrated Career Pathways Model

This model was developed as part of the Advancing Career and Technical Education in State and Local Career Pathways Systems project.

Four Pillars of Guided Pathways

Who is here?

- Workforce Development
 SNAP/STEP
- WorkSource (Title IB)
- Career and Technical Ed
- · Financial Aid
- Adult Basic Skills (Title II)
 College and Career Navigators

 - Guided Pathways
 - · Corrections Education
 - · Community Organization

Summit: Opportunities for Alignment

For our communities

For our students

- · Populations: low income adults
- Design
- · Service Delivery
- Metrics
- Partnerships
- Funding

Target Population for Integrated Education and Training (IET): Pre-College Level

- WIOA Title II Adult Basic Skills (adults >16 of age)
- WIOA Title IB Workforce (adults and youth)
- Perkins V Career and Technical Education* (youth and adults)
- · Developmental Education
- Who does this look like? Special populations

Target Population for IET: Pre-College Level

Workforce Innovation and Opportunity Act (WIOA) – Title IB

The populations included in the "individuals with barriers to employment" in WIOA sec. 3(24) include: (a) Displaced homemakers; (b) Low-income individuals; (c) Indians, Alaska Natives, and Native Hawaiians; (d) Individuals with disabilities, including youth who are individuals with disabilities; (e) Older individuals (age 55 and older); (f) Ex-offenders; (g) Homeless individuals or homeless children and youths; (h) Youth who are in or have aged out of the foster care system; (i) Individuals who are: (1) English language learners (WIOA sec. 203(7)), (2) Individuals who have low levels of literacy (an individual is unable to compute or solve programs, or read, write, or speak English at a level necessary to function on the job, or in the individual's family, or in society); and (3) Individuals facing substantial cultural barriers; (j) Eligible migrant and seasonal farmworkers; (k) Individuals within two years of exhausting lifetime TANF eligibility; (l) Single parents (including single pregnant women); (m) Long-term unemployed individuals (unemployed for 27 or more consecutive weeks); and (n) Such other groups as the Governor involved determines to have barriers to employment.

 priority to recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient. Individuals who are English language learners meet the criteria for "basic skills deficient" and must be included in the priority populations for the title I Adult program.

WIOA Title II Adult Basic Skills Target Population

An individual—

- (A) who has attained 16 years of age;
- (B) who is not enrolled or required to be enrolled in secondary school under State law; and
- (C) who—
 - (i) is basic skills deficient
 - (ii) does not have a secondary school diploma or its recognized equivalent, and has not achieved an equivalent level of education; or (iii) is an English language learner.

Perkins V Career and Technical Education

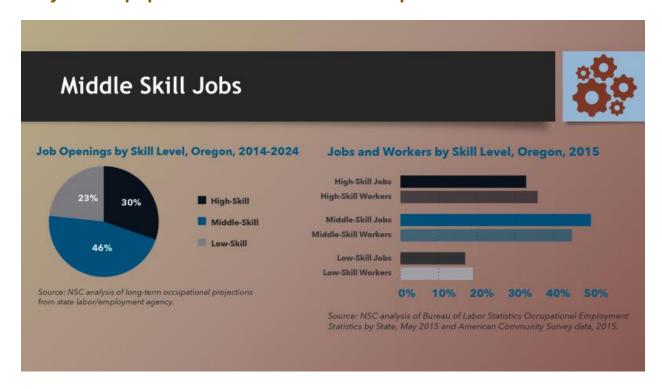

The term "special populations" means— (A) individuals with disabilities; (B) individuals from economically disadvantaged families, including low-income youth and adults; (C) individuals preparing for non-traditional fields; (D) single parents, including single pregnant women; (E) out-of-workforce individuals; (F) English learners; (G) homeless individuals described in section 725 of the McKinney-Vento Homeless Assistance Act; (H) youth who are in, or have aged out of, the foster care system; and (I) youth with a parent who— (i) is a member of the armed forces; and (ii) is on active duty.

The term "English learner" means— (A) a secondary school student who is an English learner, as defined in section 8101 of the Elementary and Secondary Education Act of 1965; or (B) an adult or an out-of-school youth who has limited ability in speaking, reading, writing, or understanding the English language and— (i) whose native language is a language other than English; or (ii) who lives in a family environment or community in which a language other than English is the dominant language.

Who does this look like? Students may be—

- Developmental education level in skills
- A dislocated worker or just returning worker
- Non-native English Speakers
- Recent high school graduates with bilingual skills
- Above Title II level but below college level
- Skilled immigrants with language barriers
- Lower skilled immigrants

Why is this population and this work so important?

Why: Low Income Adults vs. High School Grads

442,000 adults 25 and older in Oregon are unemployed or working making less than \$15/hr

without postsecondary credentials. It would take 9 years of HS grads to equate to this number to address the skills gap.

Source - Oregon Employment Department report

Nationally, 99% of jobs created during the recovery have gone to workers with at least some college education, while those with a high school diploma or less are being left behind.

Georgetown Center on Education and the Workforce

Oregon Self Sufficiency Standard

How? An integrated continuum of services!

How: An Integrated Continuum of Services

- Students enter the continuum with different strengths and needs
- Students have the same overarching goal: completion and advancement of their education and career
- Collaboration needs to concentrate funding and services together to close the skills gaps and opportunities gaps

Student-Centered Success Strategies

- Career Pathways
 - Integrated Education and Training (IET)
 - Integrated English Literacy and Civics Education (IELCE)
- Guided Pathways
- · Pathways to Opportunity

Summit Outcomes

Participants will be able to:

- Describe the federal IET and IELCE programs, how they fit with career pathways and how to prepare for future funding opportunities.
- Recognize the impact an IET model has on students with barriers to education and employment.
- Begin planning and designing IET and IELCE programs that are part of a career pathway.
- 4. Identify and commit to next steps as a local partnership.
- Recommend the technical assistance needed to achieve next steps.

What's Next

II. CAREER PATHWAYS, IET, IELCE OVERVIEW

II. Career Pathways, IET, IELCE Overview

Career Pathways in Oregon: Charting a Path (2009)

- Creating a statewide plan for career pathways: Arkansas, Kentucky, Oregon, Washington and Wisconsin
- Oregon: to ensure that all Oregonians can obtain the skills to enter and advance in demand occupations leading to higher learning and higher earnings
- Oregon's framework is built upon six main elements: 1) institutional and instructional innovation; 2) student supports and tools; 3) partnerships; 4) employer involvement; 5) continuous improvement; and 6) sustainability

Career Pathways in Oregon: Alliance for Quality Career Pathways (2014)

To develop a consensus framework that includes:

- definitions and a conceptual model of career pathway systems, pathways, and programs;
- criteria and quality indicators for career pathway systems; and
- a set of interim and outcome metrics for measuring and managing career pathway participant progress and success.

Career Pathways Definitions

- Federal Workforce Innovation and Opportunity Act (WIOA)

 - Title IV Vocational Rehabilitation Services
- · Perkins V Career and Technical Education
- Higher Education Act (HEA)
- Oregon Pathways Alliance definition

Career Pathways: Federal Definition

WIOA Sec. 3 (Def. 7)

The term "career pathway" means a combination of rigorous and high-quality education, training, and other services that—

- (A) aligns with the skill needs of industries in the economy of the State or regional economy involved;
- (B) prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships registered under the Act of August 16, 1937 (commonly known as the "National Apprenticeship Act"; 50 Stat. 664, chapter 663; 29 U.S.C. 50 et seq.) (referred to individually in this Act as an "apprenticeship", except in section 171);
- (C) includes counseling to support an individual in achieving the individual's education and career goals;
- (D) includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- (E) organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;
- (F) enables an individual to attain a secondary school diploma or its recognized equivalent, and at least 1 recognized postsecondary credential; and
- (G) helps an individual enter or advance within a specific occupation or occupational cluster.

Career Pathways: Perkins V

- SAME AS WIOA!
- Cited in the legislation "has the same meaning as WIOA Sec 3(7)"
- · Directly copied into Perkins V planning template
- A complement to Program of Study the adult/workforce way into a community college program
- · The opportunity to make the visual (slide 11) a reality

Comparison: Federal WIOA Career Pathways and Federal Perkins POS

WIOA Career Pathways

A combination of rigorous and high-quality education, training, and other services that

- (A) aligns with the skill needs of industries in the economy of the State or regional economy involved;
- (B) prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships ...;
- (C) includes counseling to support an individual in achieving the individual's education and career goals;
- (D) includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- (E) organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;
- (F) enables an individual to attain a secondary school diploma or its recognized equivalent, and at least 1 recognized postsecondary credential; and
- (G) helps an individual enter or advance within a specific occupation or occupational cluster.

Program of Study (POS)

Coordinated, nonduplicative sequence of academic and technical content at the secondary and postsecondary level that –

- (A) Incorporates challenging State academic
 ✓ standards...
- (B) Addresses both academic and technical knowledge and skills, including
 f employability skills;
- (C) Is aligned with the needs of industries in the economy of the State, region, Tribal community, or local area;
- (D) Progresses in specificity (beginning with all aspects of an industry or career cluster and leading to more occupationspecific instruction);
- (E) Has multiple entry and exit points that ↑incorporate credentialing;
- (F) Culminates in the attainment of a recognized post-secondary credential.

Career Pathways: Higher Education Act

- SAME AS WIOA! (on the second try)
- Allows federal financial aid (the BIG investment) to support individuals without high school credentials who are being served in career pathway programs (aka IET+S)

Oregon ABS Policy: Career Pathways

Career pathways used in Integrated Education and Training must at least include the components listed in the WIOA definition.

Career Pathways: Oregon Pathways Alliance Definition

Oregon career pathways are linked education and training with intentional student support that enable individuals to secure credentials and advance over time to higher levels of education and employment in a given occupation or industry sector. Career pathways facilitate student transition from high school to community college; from pre-college courses to credit postsecondary programs; and from community college to university or employment.

Career pathways in Oregon improve systems and are aligned with guided pathways work.

Career pathways are an integrated approach to student success based on intentionally designed, clear, coherent and structured educational experiences, informed by available evidence, that guide each student effectively and efficiently from the point of entry through to attainment of high-quality postsecondary credentials and careers with value in the labor market.

Four essential features of career pathways help operationalize the career pathways approach:

- 1. Well-connected and transparent education, training, support services, and credentials developed through relationships with faculty, industry, CTE, apprenticeship, workforce development or education partners align with local priorities and/or labor market need.
- 2. Multiple entry points create equity and access for diverse populations, including individuals with barriers to education, and support all students' successfully entry into a career pathway.
- 3. Multiple exit points at successively higher levels lead to self- or family supporting employment and align with subsequent entry points.
- 4. Stackable credentials prepare students for additional credentials or training and one or more of the following: industry-recognized credential, occupational license, or credential with labor market value

Four essential functions of career pathways in Oregon:

- 1. Participant-focused education and training engage learners in customized and contextual learning experiences.
- 2. Consistent and non-duplicative assessments identify participants' education, skills, assets, and needs.
- 3. Support services and career navigation assistance facilitate transitions and support learner persistence and completion.
- 4. Employment services and work experiences prepare participants for and provide access to the job market.

Comparison: Federal WIOA and OPA Career Pathways Definitions

Federal WIOA

The term "career pathway" means a combination of rigorous and high-quality education, training, and other services that—

- (A) aligns with the skill needs of industries in the economy of the State or regional economy involved;
- (B) prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships registered under the Act of August 16, 1937 (commonly known as the "National Apprenticeship Act"; 50 Stat. 664, chapter 663; 29 U.S.C. 50 et seq.) (referred to individually in this Act as an "apprenticeship", except in section 171);
- (C) includes counseling to support an individual in achieving the individual's education and career goals;
- (D) includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- (E) organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;
- (F) enables an individual to attain a secondary school diploma or its recognized equivalent, and at least 1 recognized postsecondary credential; and
- (G) helps an individual enter or advance within a specific occupation or occupational cluster.

Oregon Pathways Alliance

Oregon career pathways are linked education and training with intentional student support that enable individuals to secure credentials and advance over time to higher levels of education and employment in a given occupation or industry sector. Career pathways facilitate student transition from high school to community college; from pre-college courses to credit postsecondary programs; and from community college to university or employment.

Career pathways in Oregon improve systems and are aligned with guided pathways work. Career pathways are an integrated approach to student success based on intentionally designed, clear, coherent and structured educational experiences, informed by available evidence, that guide each student effectively and efficiently from the point of entry through to attainment of high-quality postsecondary credentials and careers with value in the labor market.

Four essential features of career pathways help operationalize the career pathways approach:

- Well-connected and transparent education, training, support services, and credentials developed through relationships with faculty, industry, CTE, apprenticeship, workforce development or education partners align with local priorities and/or labor market need.
- Multiple entry points create equity and access for diverse populations, including individuals with barriers to education, and support all students' successfully entry into a career pathway.
- Multiple exit points at successively higher levels lead to selfor family supporting employment and align with subsequent entry points.
- 4. Stackable credentials prepare students for additional credentials or training and one or more of the following: industry-recognized credential, occupational license, or credential with labor market value.

Four essential functions of career pathways in Oregon:

- 1. Participant-focused education and training engage learners in customized and contextual learning experiences.
- 2. Consistent and non-duplicative assessments identify participants' education, skills, assets, and needs.
- 3. **Support services and career navigation assistance** facilitate transitions and support learner persistence and completion
- 4. Employment services and work experiences prepare participants for and provide access to the job market

Integrated Education and Training (IET)

WIOA underscores what we have been doing

The law positions Adult Education and Literacy to:

- Play an integral role within a broader, interconnected workforce development system
- Deliver greater access to educational services for our customers through the Oregon WorkSource delivery system
- Increase opportunities for a broader array of services available to students
- Promote transitions at all levels to postsecondary education and training or employment
 - From PY2018-19, 2.65% of ABS/Title II students transitioned into postsecondary education in Oregon.

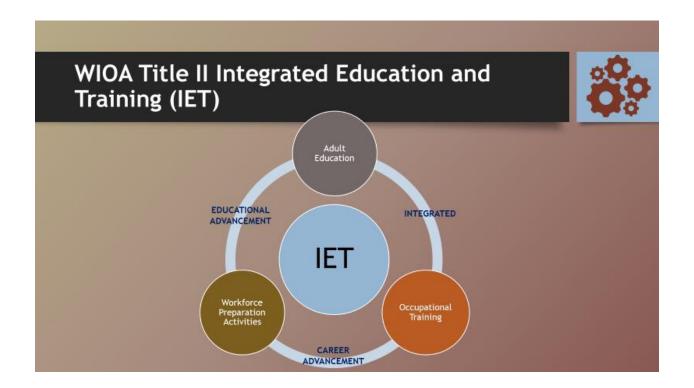

Source: Texas Adult Education and Literacy

WIOA creates three new allowable activities

- 1. Workforce Preparation Activities, including Digital Literacy
- 2. Integrated Education and Training
- 3. Integrated English Literacy and Civics Education

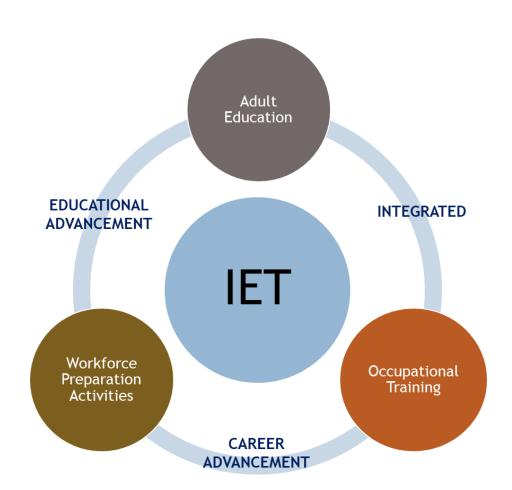

Source: Texas Adult Education and Literacy

What is IET?

IET is defined in WIOA Title II Section 203(11) and (34 CFR 463.35) as:

"The term integrated education and training means a service approach that provides adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement."

What are the required components of an IET program funded under Title II? An IET program must include the following three components (34 CFR 463.36):

Adult education and literacy activities (34 CFR 463.30)

"...programs, activities, and services that include: (a) adult education, (b) literacy, (c) workplace adult education and literacy activities, (d) family literacy activities, (e) English language acquisition activities, (f) integrated English literacy and civics education, (g) workforce preparation activities, or (h) integrated education and training".

Workforce preparation activities (34 CFR 463.34)

Activities, programs, or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in:

- a. Utilizing resources;
- b. Using information;
- c. Working with others;
- d. Understanding systems;
- e. Skills necessary for successful transition into and completion of postsecondary education or training, or employment;
- f. Other employability skills that increase an individual's preparation for the workforce

Oregon ABS Policies: Workforce Preparation

- 1. Programs must offer Workforce Preparation activities (section 203(17) of WIOA; 34 CRF 463.34) no later than the third year of the five-year cycle which begins July 1, 2017. If funding is available, CCWD will offer incentives to programs to offer these activities early in the grant cycle.
- 2. Programs must offer Workforce Preparation must be offered concurrently with another activity such as ABE, ASE, ESL IET, or IELCE and be consistent with the organizational requirements for those activities.
- 3. Implementation of the Oregon Adult Learning Standards must be evident in workforce preparation curriculum and instruction.

Occupational Training (134(c)(3)(D) WIOA)

- a. occupational skills training, including training for nontraditional employment;
- b. on-the-job training;
- c. incumbent worker training in accordance with subsection (d)(4);
- d. programs that combine workplace training with related instruction, which may include cooperative education programs;
- e. training programs operated by the private sector;
- f. skill upgrading and retraining;
- g. entrepreneurial training;
- h. transitional jobs in accordance with subsection (d)(5);
- i. job readiness training provided in combination with services described in any of clauses (a) through (h);
- j. adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with services described in any of clauses (a) through (g); and
- k. customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training

How does a program providing IET under Title II meet the requirement to be *Integrated* (34 CFR 463.37)?

Services must be provided concurrently and contextually such that—

- (a) Within the overall scope of a particular integrated education and training program, the adult education and literacy activities, workforce preparation activities, and workforce training:
 - (1) Are each of sufficient intensity and quality, and based on the most rigorous research available, particularly with respect to improving reading, writing, mathematics, and English proficiency of eligible individuals;
 - (2) Occur simultaneously; and
 - (3) Use occupationally relevant instructional materials.
- (b) The integrated education and training program has a **single set of learning objectives** that identifies specific adult education content, workforce preparation activities, and workforce training competencies, and the program activities are organized to function cooperatively.

How does a program providing IET under Title II meet the requirement that the IET program be for the purpose of educational and career advancement (34 CFR 463.38)?

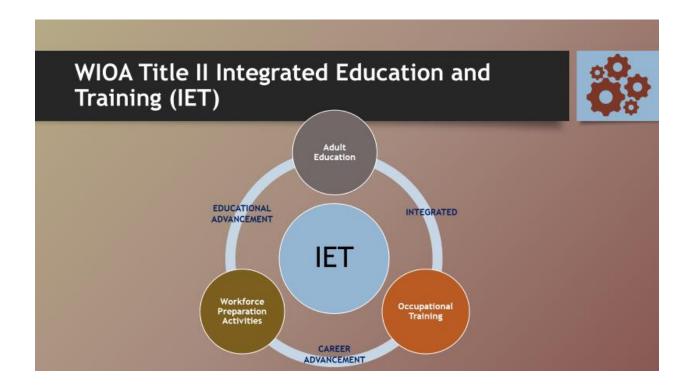

- (a) The adult education component of the program is **aligned with the State's content standards for adult education** as described in the State's Unified or Combined State Plan; and
- (b) The integrated education and training program is part of a career pathway (outcome is college credit, an education credential and/or industry recognized credential).

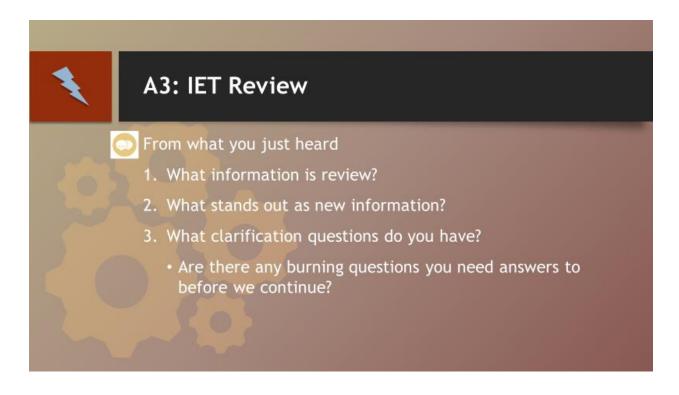

Final Rules Resources for WIOA To access the final rules of the WIOA legislation, visit https://www.doleta.gov/wioa/Final Rules Resources.cfm

To access the programs and activities authorized for Title II under WIOA, visit https://www.gpo.gov/fdsys/pkg/FR-2016-08-19/pdf/2016-16049.pdf

Oregon ABS Policies: IET

- 1. Programs must use Title II funds for allowable ABS activities that target eligible individuals. Programs must provide at least one of the following three primary activities: ABE and ASE, ESL, and/or IET.
- 2. Programs must offer IET activities (section 203(11) of WIOA; 34 CRF 463.35-.38) to learners in at least one EFL and at least one site no later than the third year of the five-year cycle which begins July 1, 2017.
- 3. Implementation of the Oregon Adult Learning Standards must be evident in IET curriculum and instruction.

Integrated English Literacy and Civics Education (IELCE)

WIOA Call to Action & Innovation

- WIOA reconceives EL/Civics as a comprehensive workforce development program
- Significant transformation from what we have understood El Civics to be
- Broadly expands, not limits, options available for English language learners by opening access to funding workforce training

Source: Texas Adult Education and Literacy

How is ELA different from ESL?

ESL under WIA

Focused on instruction designed to help English Language Learners achieve competence in the English language.

ELA under WIOA

Focuses on helping English language learners achieve competence in reading, writing, speaking, and comprehension of the English language.

Requires that the program must lead to attainment of a secondary school diploma or its recognized equivalent, and transition to postsecondary education and training, or employment.

Source: Texas Adult Education and Literacy

New customers

We must recruit and attract new customers for the new Integrated English Literacy Civics Education model.

Source: Texas Adult Education and Literacy

Recruiting new customers for IELCE

WIA

Typical customers

- 1. Low level English language learners
- 2. Often not in the workforce/ not looking for work

WIOA

Target customers

- English language learners desiring training in in-demand industries and occupations that lead to economic selfsufficiency
- Professionals with degrees and credentials in their native countries

Source: Texas Adult Education and Literacy

Brave new world

A powerful departure

- More options for English language learners
- Different and expanded activities
- Demand for different ELL populations

Source: Texas Adult Education and Literacy

What is the IELCE Program?

IELCE (34 CFR 463.70)—

GOAL.—Each program that receives funding under this section shall be designed to—

- (1) prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and
- (2) integrate with the local workforce development system and its functions to carry out the activities of the program.

What must programs include in an IELCE program Section 243?

Programs must include:

- 1. instruction in literacy and English language acquisition
- English Language Learners
- 2. instruction on the rights and responsibilities of citizenship and civic participation
- 3. In combination with Integrated Education and Training
 - adult education and literacy activities concurrently and contextually
 - workforce preparation activities and
 - workforce training

How does an IELCE grantee meet the requirement to use funds in combination with IET activities?

- Co-enrolling participants in integrated education and training as described in subpart D
 of this part that is provided within the local or regional workforce development area
 from sources other than section 243 of the Act; or
- Using funds provided under section 243 of the Act to support integrated education and training activities as described in subpart D of this part.

Who is eligible to receive services through the IELCE program (34 CFR 463.75)?

Individuals, who otherwise meet the definition of "eligible individual" and are English language learners, including professionals with degrees and credentials obtained in their native countries, may receive Integrated English Literacy and Civics Education services.

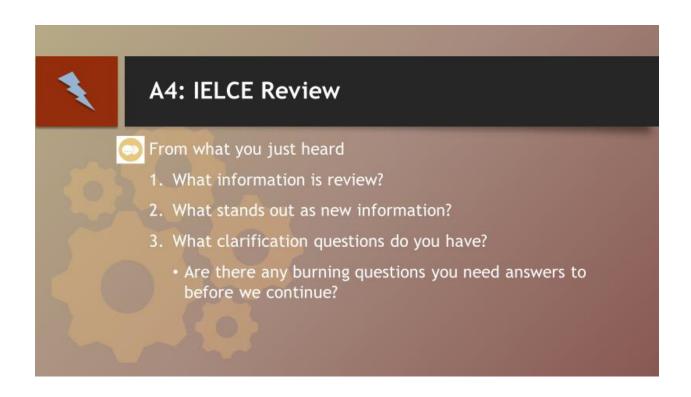

Oregon ABS Policies: IELCE

Programs that receive funding under section 243 must be designed to prepare adults who are ELLs for, and place them in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency and integrate with the local workforce development system and its functions to carry out the activities of the program.

IELCE programs must include:

- a) Instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation; and
- b) IET activities, that must include ABE/ASE and/or ESL, Workforce Preparation, and Workforce training for a specific occupation or occupational cluster (34 CFR 463.73)
- c) Implementation of the Oregon Adult Learning Standards must be evident in IELCE curriculum and instruction.

Services must be delivered in combination with integrated education and training activities. Adult Education Benglish Language Learners Civics Education Cocupational Training

III. CAREER PATHWAYS, IET, IELCE: INTEGRATED MODELS

III. Career Pathways, IET, IELCE: Integrated Models

What is Workforce Preparation?

Workforce preparation activities include activities, programs, or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in:

- Utilizing resources;
- · Using information;
- · Working with others;
- · Understanding systems;
- Skills necessary for successful transition into and completion of postsecondary education or training, or employment; and
- Other employability skills that increase an individual's preparation for the workforce.

Workforce Preparation: Employability Skills

Employability Skills

Employable skills are integrated into each career pathway, IET and IELCE program. These skills are taught primarily by the adult basic skills instructor and when relevant, by the navigator/coach/WorkSource partner.

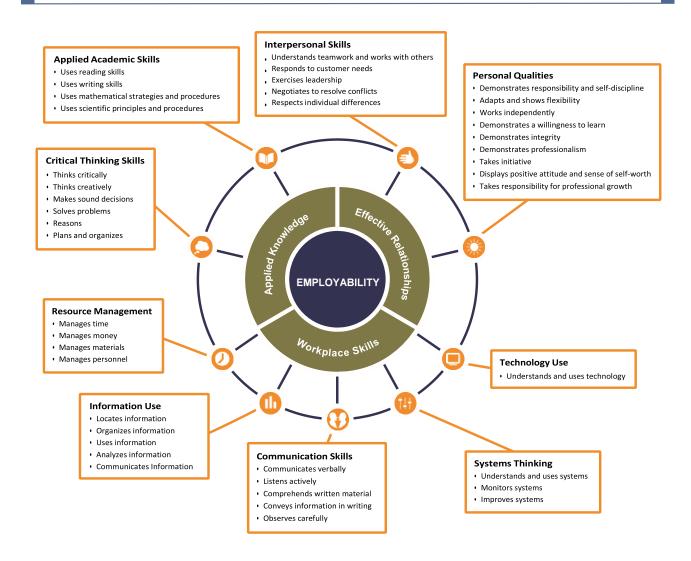

Employability Skills Framework, compiled by the U.S.
 Department of Education.

https://cte.ed.gov/initiatives/employability-skills-framework

Employability Skills Framework

Employability Skills: A Crucial Component of College and Career Readiness Individuals require many skills to be college and career ready, including academic knowledge, technical expertise, and a set of general, cross-cutting abilities called "employability skills."

Workforce Preparation: Employer Engagement

Employer Engagement

Employer Engagement includes a variety of activities to expose students to the real life environment and job expectations for the career they are entering.

 Internships, industry speakers, industry tours, clinicals, practicums, job shadowing, on-the-job training, work simulations

Workforce Preparation: Employment Preparation

Employment Preparation

Employment Preparation prepares students to obtain a job following the completion of their program.

- Explore an individual's interests and abilities, and create a plan that identifies career objectives and the appropriate combination of services necessary for the student to achieve their education and career goals.
- · Delivered as a course, workshop, one-on-one
- Cover letter and resume development, interview techniques and practice, job search assistance and resources, job site expectations and cultural competency, job site culture, accessing resources

What does integration look like?

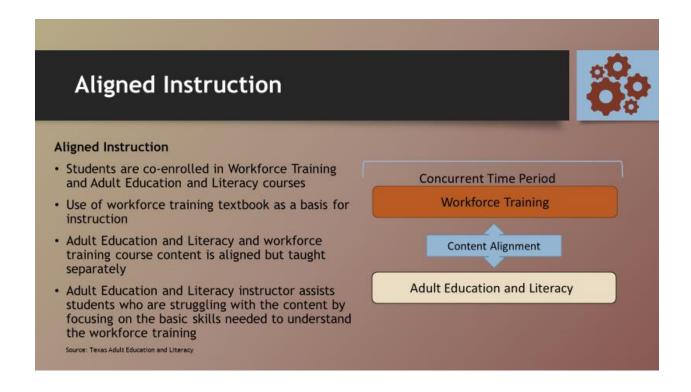

- Concurrently and contextually
- Single set of learning objectives
- Workforce preparation
 - · Employability Skills
 - Employer Engagement
 - Employment Preparation
- Examples of integrated models

What does integration look like?

Services must be provided **concurrently and contextually**

What is concurrently? Models Types of Instruction Model 1 Aligned Instruction Model 2 Partially Integrated Instruction Model 3 Fully Integrated Instruction Source: Texas Adult Education and Literacy

Partially Integrated Instruction

Partially Integrated Instruction

- · Students are co-enrolled
- Instructors jointly identify the skills needed to succeed in the workforce training program
- Adult Education and Literacy instruction is aligned with the workforce training course
- The workforce training instruction is usually delivered without curriculum or instructional modification to accommodate the Adult Education and Literacy participant

Source: Texas Adult Education and Literacy

Concurrent Time Period

Workforce Training

Content Alignment /
Joint Planning

Adult Education and Literacy

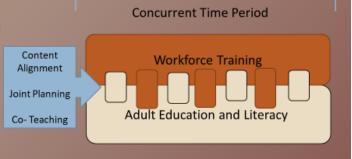

Fully Integrated Instruction

Fully Integrated Instruction

- · Students are co-enrolled
- · Instructors jointly modify workforce training
- Adult Education and Literacy instructor provides supplemental, contextualized instruction
- The technical course content includes components of Adult Education and Literacy development integrated with Workforce Training content.
- Instructors may teach program content separate or integrated

Source: Texas Adult Education and Literacy

What does integration look like?

The integrated education and training program has a <u>single set</u> <u>of learning objectives</u> that identifies specific adult education content, workforce preparation activities, and workforce training competencies, and the program activities are organized to function cooperatively.

Single Set of Learning Outcomes (SSLO)

- Reverse Engineer what is success?
- Complement the occupational/technical standards with workforce preparation and adult education standards
- SSLO is NOT a curriculum or syllabus
- SSLO are statements describing knowledge or skills to be acquired and WHY it's useful

Single Set of Learning Outcomes

Adult Education

- CCRS or ELP
- state defined

Workforce Preparation

- · Employability Skills

Examples of IET

Integrated English Literacy & Civics Programs Combine ELL, civic, and occupational skills

Hospitality Careers Pathway

"When newly-arrived clients walk into the Institute, men are more likely to arrive with an education and work history than women. The women arriving are no less capable, but they arrive having experienced diminished access to educational and employment opportunities. The Hospitality Careers Pathway helps these previously under-served New American women build a career in which they can advance to earn a sustainable living."

Adult Education & Literacy

- New arrivals learn English language skills within hospitality industry focus on listening & speaking and using forms for recording information
- Rights and responsibilities for life in the US, prepare for citizenship exam
- Program includes 100-hour entry level course, 3-week supervisory course for incumbent workers, and a bridge/support course for postsecondary hospitality management certification

Workforce Preparation

- Worker rights and responsibilities in the US
- Understanding systems
- Digital literacy
- Using information
- · Working with others
- Transition skills

Workforce Training

- Customized training conducted with commitment by a group of employers to hire qualified program completers
- Combined workplace training and related instruction
- Incumbent worker supervisory training
- Skill upgrading

Holyoke Community College IELCE CNA Abstract FY 2019

Integrated English Literacy and Civics Education Abstract

Adult Education Provider: Holyoke Community College (HCC)

Type of Organization: Community College

Employer Partner: O'Connell Care at Home, Mt. Marie, Mount Saint Vincent Care Center, and

Wingate South Hadley

Level: SPL 5 or higher

Credential: Home Health Aid (HHA), Certified Nursing Assistant (CNA)

Occupational Cluster: <u>Healthcare</u>

Occupation: <u>Nursing Assistants</u>

Program Description: HCC provides contextualized ESOL instruction and case management, HHA

and CNA instruction, recruitment and placement. Instructors are Department of Public Health approved to deliver HHA/CNA instruction. The ESOL instructors provide support to students during the workforce

training, while the CNA instructor helps the ESOL instructors contextualize the instruction. The program also uses the Massachusetts Community College Workforce Development Transformation Agenda (MCCWDTA) Healthcare modules for language and Mathematics. Students have access

to college counseling, legal, and financial advising services. The HHA/CNA curriculum includes units on geriatric patient/body system review, mental health of residents, and activities of daily living/personal care. The CNA

Certificate has postsecondary value at the college as it is now a

requirement for all incoming HCC nursing students. Clinical hours are done

at employer partner facilities.

Quinsigamond Community College IET Accounting Abstract FY 2019

Integrated English Literacy and Civics Education Program Abstract

Adult Education Provider: Quinsigamond Community College (QCC)

Type of Organization: Community College

Employer Partner: Jp Mfg, Inc.; Accounting Solutions, Inc.

Level: GLE 11+; or SPL 6+

Credential: QuickBooks Users Certification

Occupational Cluster: <u>Business and Financial</u>

Occupation: Accountants and Auditors

Program Description: QCC will customize its academic Accounts Payable/Accounts Receivable

students. The APAR program focuses on the accounting skills, manual and computerized, needed in business for Accounts Payable and Accounts Receivable Clerks. College-level academic courses, which will include just-in-time supplemental instruction, include Introduction to Microcomputer Applications (CIS 111), First Year Experience (FYE 101), Financial Accounting I (ACC 101), Accounting Software for Small Business (ACC 110), and Introduction to Business (MGT 101). Upon completion of the program, students will be able to analyze, calculate, and report financial information accurately and timely; demonstrate proficiency in both manual and automated accounts payable and accounts receivable accounting; use the Microsoft Office suite and QuickBooks software effectively; demonstrate knowledge of a broad overview of business ownership; and develop skills necessary to make career-related decisions to enhance workplace

(APAR) Certificate program for HiSET/GED students and high-level ESOL

Webster Public Schools IET Manufacturing Abstract FY 2019

Integrated Education and Training Program Abstract

Adult Education Provider: Webster Public Schools (WPS)

Type of Organization: Local Education Agency

Workforce Training Partner: Bay Path Regional Vocational Technical High School (Bay Path)

Employer Partners: Myriad Engineering and United Lens Company

Level: Reading and Math GLE 6.0 or higher

Credential: MACWIC Level 1, OSHA 10

Occupational Cluster: <u>Production</u>

Occupation: Machinists and Tool and Die Makers

Program Description: WPS provides contextualized HiSET/GED instruction while Bay Path

provides occupational skills training in its manufacturing shops. The collaboration uses the Manufacturing Advancement Center Workforce Innovation Collaborative (MACWIC) curriculum as a basis for instruction. The MACWIC curriculum is a five level, competency-based curriculum that is designed to be stackable and includes multiple points of entry and re-entry. Level 1 modules include Shop Math, Blueprint Reading, Metrology and Quality Inspection, Work Readiness, and Safety. OSHA 10 certification and NC3 Precision Measurement Instrument certifications will also be made available to students. Hands-on instruction includes working on both manual and computerized numeric control (CNC) machines located at Bay Path. An adult education teacher will be present during all classes to assist students with academic progress. An adult education advisor will assist with completion of individual education and career plans, strategic college and career skill

development, and job placement activities throughout the program.

Program Design:

	Monday	Wednesday
5:00 PM – 8:00 PM	Related classroom instruction with embedded high school equivalency instruction	Shop instruction with embedded high school equivalency instruction

Alignment Opportunities

- Iowa: adult education and Perkins funds to develop IET with CTE focus in corrections centers.
- Louisiana Community and Technical College System: Adult education and CTE instructors deigning IET into each Perkins CTE Program of Study; pilots in health care and welding
 - Scholarships for individuals w/o high school diploma to enroll in community college; high school equivalency test; adult education graduates who enroll in community college
- ✓ Adult education participates in state, regional, local Perkins planning and design

IV. INFRASTRUCTURE: WHAT MAKES IT WORK?

IV. Infrastructure: What makes it work?

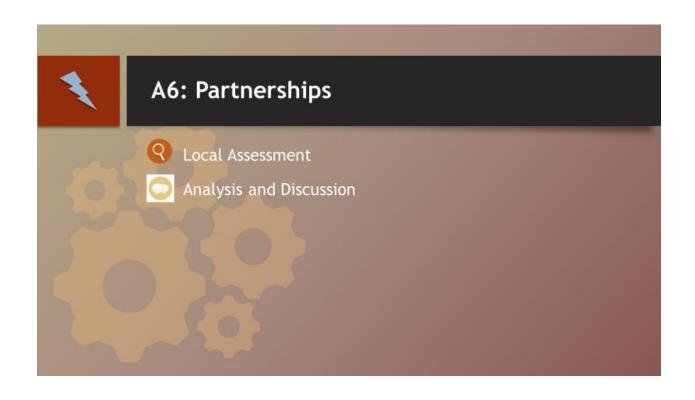

Partnerships

CP, IET, and IELCE are not meant to be done alone - expand the depth and breadth of services to maximize student and program success

- Target populations
- Outreach/marketing
- Expertise

- Funding
- Connections
 - Shared outcomes

Braided Funding

Braided funding refers to:

- 1. the weaving together of state, federal and private funding streams, and
- 2. the development of funding strategies

to support integrated pathways and the students enrolled in them.

Source: Jobs for the Future

Why is Braided Funding Important?

I can only get students this far, but together we can take them all the way

- Accelerated path for students
- · Limits duplication
- · Creates efficiencies
- Allows partners to more effectively address complexity of students' lives
- Reductions in federal, state, and private funding
- · Builds partnerships
- · Supports sustainability
- · Maximizes impact of available funding
- · Supports co-enrollment

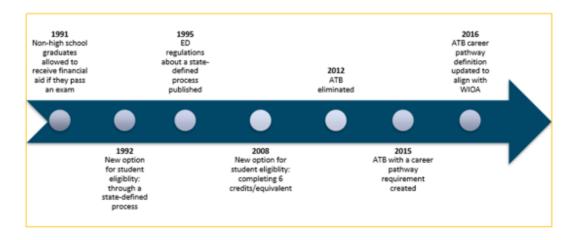

Today's Discussion

- What is 'ability to benefit' (ATB) and why does it matter?
- How to use in coordination with career pathways?
- Adult education program examples that fit ATB criteria
- · What stops use of ATB?
- Discussion on current work, possibilities, challenges

ATB Evolution = ATB Confusion

115

What is an ATB Program?

- An eligible career pathway program allows students to concurrently enroll in connected adult education and federal Title IV eligible postsecondary programs
- To be eligible, the student must demonstrate "Ability to Benefit," hence ATB.

Who Qualifies?

Eligibility criteria:

- Individuals lacking high school diploma or equivalency (HSD/E)
- Who have passed an exam
- or completed 6 credits (or 225 credit hours) toward a credential
- or followed a state defined process
- and are enrolled in an 'eligible career pathway program'

_ _ _ _ _ _

Ability to Benefit (ATB)

What Benefits do People Receive?

- Federal student aid (like Pell Grants) to pay for postsecondary coursework (not basic skills, remedial work) and living expenses
- Allows individuals to enroll in postsecondary without a requirement to first obtain a high school diploma or the equivalent (GED, HSED)

Time Saving Benefit of ATB

Financial aid time savings benefits

- With Federal student aid, students can work less and likely be more successful in their education
- Pell Grant = \$1,480 per semester if half-time
 - = 134 hours at \$11.00 per hour
 - = 8 hr per week over a 16 week semester

Navigation and Coaching Services

- · Case Management: one-on-one and group
- Academic Navigation and Coaching: pathway requirements, tuition assistance, college navigation, advising
- Career Navigation and Coaching: exploration, workplace skills, employment preparation (resume, cover letter, interviews, networking, job search, job fairs)
- Work Experience: company tours, industry guest speakers, job shadowing, onthe-job training, internships, work simulations
- Support Services: child care, transportation assistance, housing assistance, mental health and counseling, personal success skill development, financial literacy, digital literacy, disability services, veterans services
- · Outreach, Recruitment, Intake, Orientation

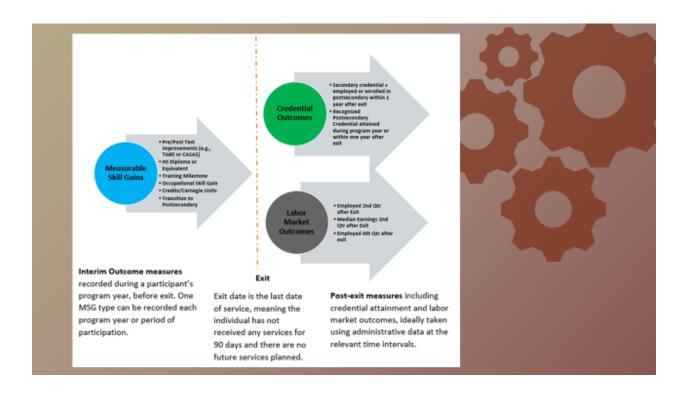

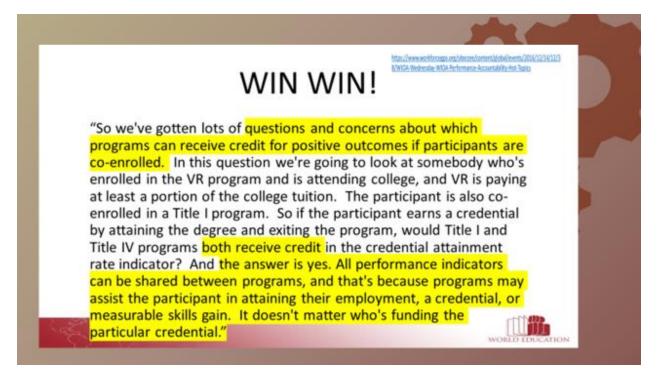

Outcomes and Accountability

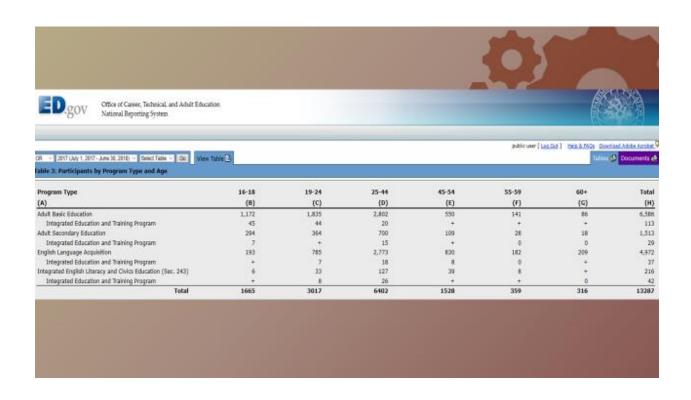

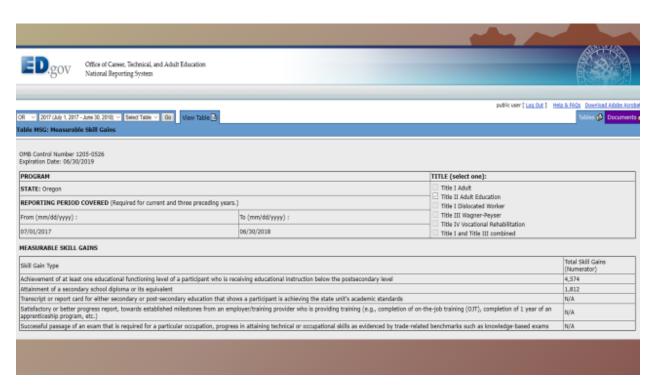

- · Individual outcomes
 - · education, employment, other
- · WIOA shared outcomes
 - education, employment, other
- Skill gain

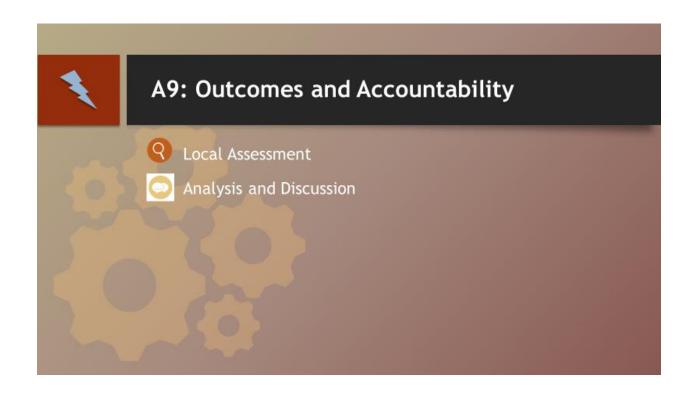

MSG - The Five Types Measurable Skill Gain Passing Technical / Occupational Secondary Secondary or Post-Educational Progress toward Diploma/ Secondary Functioning Level Knowledge Based Milestones Equivalent Transcript Gain Program Exit + Entry Completion of into Postsecondary Pre-Post Test Carnegie Units Education in the program year

What's Next

- IELCE Provider Panel

- Connecting to Guided Pathways
- · Local Planning

LANE COMMUNITY COLLEGE

IELCE: Medical English

This course focuses on learning Medical English in order to prepare non-native speakers of English to enter training or careers in the Healthcare Industry. The focus is on careers that require less than 2 years of training with a special focus on exploring opportunities to study at LCC.

Adult Education and Literacy

- Develop study skills
- Develop common, academic, and domain specific vocabulary
- Determine a central idea of a text, lecture or discussion and how it is conveyed through particular details
- Follow a multistep procedure when completing assignments, carrying out experiments, taking measurements, or performing technical tasks
- Cite several pieces of textual evidence to support analysis of what the text says explicitly

Workforce Preparation

- Discussion about a health care text using academic vocabulary and domainspecific words, phrases and symbols
- Use academic Medical vocabulary appropriately to describe a procedure
- Interact with others in everyday conversations about health and well-being, using common expressions, colloquialism and slang
- Explain events, procedures, ideas, or concepts in a scientific or technical text, based on specific information in the text Medical career exploration
 - Develop digital literacy skills

Workforce Training

 Promotion to specific medical focus credit level Career Technical classes and integrated non-credit ABSE or ESL classes simultaneously

CENTRAL OREGON COMMUNITY COLLEGE

IET:

At COCC, we offer support courses to emerging bi-lingual students who are enrolled in the AAS in Early Childhood Education (ECE). The AAS in ECE prepares students to work in an early childhood education classroom, lead an early learning program, or work as a paraprofessional in public schools.

Adult Education and Literacy

At COCC, we offer support (or co-requisite) courses for the following courses in the AAS in ECE degree program: ED 265 – Children at Risk, PSY 215 – Developmental Psychology

SOC 201 – Intro to Sociology, and WR 60, WR 65, and WR 121 – various credit-writing courses (WR 121 is required). All support courses have learning outcomes and a syllabus and are taught by a qualified English Language

Workforce Preparation

The workforce preparation takes place within the required credit courses in the ECE degree program and is re-enforced in the support courses.

Additionally, all of the IET students are enrolled in multiple courses each term as they pursue their AAS degree in ECE. All courses have student learning outcomes that are approved by the HECC and the office of CCWD.

Workforce Training

All IET students are required to participate in supervised field placement as part of their course work in the Early Childhood Education AAS program at COCC. The majority of the education (ED) courses in the AAS degree require 3 hours of supervised field placement per week. The students are supervised in the field by early learning specialists on site and are in constant contact with their ECE faculty advisors.

CHEMEKETA COMMUNITY COLLEGE

IET:

Early Childhood Education.

Students Earn two college certificates, Infant Toddler and Preschool Certificates which help them advance in their career. Courses are offered in 5 week chunks, with the core CTE course paired with an academic support course.

Adult Education and Literacy

College and Career Readiness Standards for Adult Education connected to CTE outcomes.

Example:

-CCR Anchor 1: Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

Workforce Preparation

- -Digital Literacy Skills
- -Working with Others

Workforce Training

CTE ECE Course Outcomes

- -Use techniques for listening, confrontation,, problem-solving, and dealing with values, collisions in personal and professional environments.
- -Demonstrate knowledge of theories of infant and toddler development.

MT HOOD COMMUNITY COLLEGE

IELCE:

Nursing Assistant with VESL (Vocational English as a Second Language)

- Nursing Assistant training leads to Certified Nursing Assistant (CNA) after student successfully completes NAX course then take and passes Oregon State Board of Nursing certification exam
- 9 credits
- 6 months/2 terms
- Partners: Community groups such as the Immigrant and Refugee Center of Oregon, and El Programa Hispano, Home Forward (Housing Authority of Portland), others

Adult Education and Literacy

- 1st term: VESL classes only: 9 hours per week X 10 weeks contextualized English language instruction (nursing assistant and health care) (daytime)
 2nd term: 6 hours per week X 8 weeks VESL support classes (daytime)
- ELP Standard levels 3-4
- CCRS Reading Standard Anchors 1-5, 7, 9-10; Writing Standard Anchors 1 7,
 Speaking and Listening Standard Anchors 1 6, Language Standard Anchors 1 6,
 Levels C and D, Mathematics Standards Level B

Workforce Preparation

- Employability Skills Framework skills emphasized and practiced in all courses (Perkins Collaborative Resource Network)
- Employment Preparation: resume, job search and application, interview skills through WorkSource Career Coach
- Employer Engagement through guest speakers, student visits to long-term care facilities, clinical practice

Civics Education

Rights and responsibilities in health care; laws governing CNAs and workers in Oregon and the U.S.; on the job safety; emergency response and disaster preparedness

Workforce Training

- 2nd term: Nursing Assistant training course: 8 weeks of 10 hours per week, 80 hours lecture and 80 hours laboratory practice of nursing assistant skills
- followed by 80 hours of supervised clinical practice at a long-term care facility
- Review sessions prior to state CNA exam
- Separate cohort for ESOL students

V. CREDENTIALS, PATHWAYS TO OPPORTUNITY AND GUIDED PATHWAYS

V. Credentials, Pathways to Opportunity and Guided Pathways

Credentials of Value and Meaningful Credit

- · Credentials of Value
 - · College credential: 2-year, >1 year, 1-year, LTOY, CPCC, COC, NCTC
 - · Industry recognized credential
- · Meaningful Credit
 - · Part of an Associates Degree
 - · Students see themselves as a college student
 - · Legitimizes a student's course of study
 - · Leads student to next step in the degree
- Wisconsin TAACCCT Grant

National Skills Coalition: Defining Quality Non-Degree Credentials for States

A quality non-degree credential is:

one that provides individuals with the means to equitably achieve their informed employment and educational goals. There must be valid, reliable, and transparent evidence that the credential satisfies the criteria that constitute quality.

National Skills Coalition: Defining Quality Non-Degree Credentials for States

Principles

- · Student-focused
- Support equitable credential attainment
- · Valid, reliable, and transparent
- Flexibility in operationalizing the definition, while safeguarding quality
- · Public process

Criteria

- Substantial job opportunities
- Transparent evidence of the competencies mastered by credential holders
- Evidence of the employment and earnings outcomes of individuals after obtaining the credential
- Stackability to additional education or training

National Skills Coalition

State Policy Recommendations

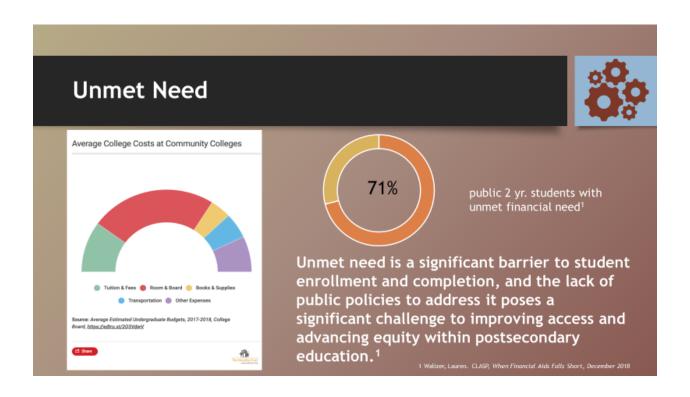

- ✓ Codify or regulate quality criteria
- ✓ Expand state financial aid and other training funds
- ✓ Expand non-tuition supportive services
- √Expand career counseling capacity
- √Support development of industry partnerships
- ✓ Expand apprenticeship and other work-based learning models
- √Support stackable credentials
- ✓Invest in integrated education and training programs

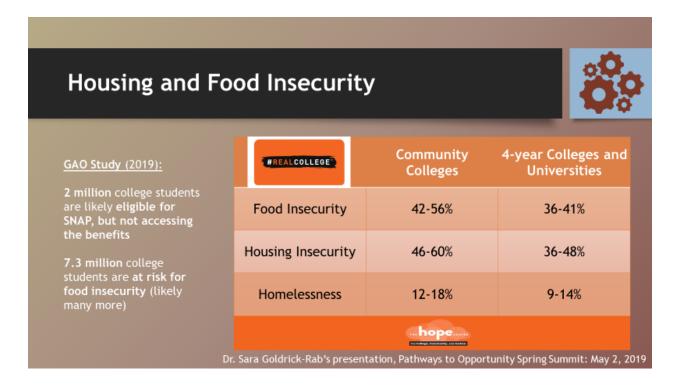

NATIONAL SKILLS COALITION

Connecting to Pathways to Opportunity

- Pathways to Opportunity is a statewide initiative closing opportunity gaps and increasing economic mobility by expanding the federal, state, and local resources available to low-income students so more individuals can attend and complete college.
- Report and more info: https://www.pcc.edu/about/administration/president/pathways/

Policy Matters

"OREGON IS THE FIRST STATE TO ENACT LEGISLATION THAT INSTRUCTS STATE AGENCIES AND COLLEGES TO BETTER ALIGN PUBLIC BENEFITS TO SUPPORT POSTSECONDARY ATTENDANCE FOR STUDENTS WITH LOW INCOMES..."

Source: New CLASP report, by leading researcher, Amy Ellen Duke-Benfield, Leveraging Public Benefits to Improve States' Postsecondary Access and Completion

Benefit Access = College Access

American Opportunity Tax Credit **Child Care Subsidies**

Unemployment Insurance / WIOA funding

Trade Act CHIP

Housing Vouchers EITC

wic Medicaid/OHP

Child Tax Credit

STEP student supports

SNAP (Food Stamps)

SSI

Veterans Benefits

CHAFEE/ILP

Social Security

STEP - Where Policy and Practice Meet

- STEP = SNAP Training Employment Program (SNAP 50/50)
- Community College Consortia = All 17 CC's
- SNAP 50/50 is a federal reimbursement grant where providers are reimbursed for 50% of their expenses for new, expanded, or enhanced services that support SNAP recipients to achieve their education and career goals and increase their economic mobility
- The 50% reimbursement goes directly to supporting students in the STEP programs—with success coaching and funding to help with unmet financial need (gap funding for tuition, fees, books, tools, bus pass, parking pass, etc.)

SNAP Expansion

DHS expanded SNAP student eligibility significantly to address food insecurity a dn hunger amongst students! This should result in more students being able to access SNAP and remain eligible throughout their college pathway.

Students who are income eligible do not have to meet work requirements when they are:

 Enrolled in an education program that leads to a career and can be expected to be completed in four years or less. Verification is not required. Instead students need to be prepared to have a conversation with their DHS Benefits Eligibility Worker about how their college plan will lead to a career.

Benefits Increase College Access & Completion

48% Room/board 27% Tuition/fees 8% Personal exp. 8% Books/supplies 8% Transportation

Oregon CC Student Cost of Attendance, HECC Snapshot, 2017-2018

BENEFIT	FUNDING FOR YEAR: BENEFITS TO MEET NEEDS
SNAP	\$2,304
SNAP 50/50: Gap funding tuition/fees one term, books, transportation ongoing	\$3,450
EITC (average)	\$2,488
TOTAL Benefits:	\$8,242

Holistic approach to serving students, that addresses both academic and non-academic needs to increase college access, completion, and connection to careers that offer economic mobility and meet industry demand.

Next Steps and Opportunities

- Expanding Pathways to Opportunity Coalition to close opportunity gaps and increase economic mobility across state = continuing national recognition and leadership position for Oregon and PCC
- Collective impact: collaboration and work between our students, student leaders, faculty, staff, administrators, anti-poverty advocates, state agencies, and community -based organizations
- Continuing to push on policies and programs to increase equitable student success and opportunity
- Meeting needs of students, community, and employers for advance economic mobility

Connecting to Guided Pathways

- Guided Pathways
 - · Comprehensive institutional redesign
 - Systemic reforms to policy and practice
- Alignment between Career Pathways and Guided Pathways
 - Pre-college onramps/pre-pathways often the first point of entry for students
 - · Not all students enter the college via the "traditional" route
 - · Addresses middle-skills gap

Cam Preus, Executive Director

The OCCA Vision

Oregon Community Colleges are deeply engrained in our communities, focused on being student ready, dedicated to equitable student success through the elimination of achievement gaps, narrowing economic disparities, and preparing students to engage with the world they encounter.

The Oregon Student Success Center Mission

The Oregon Student Success Center will inspire, mobilize, and support Oregon's community colleges to create equitable success for all students, especially those historically underserved and marginalized.

The Oregon Career Pathway Alliance Goal

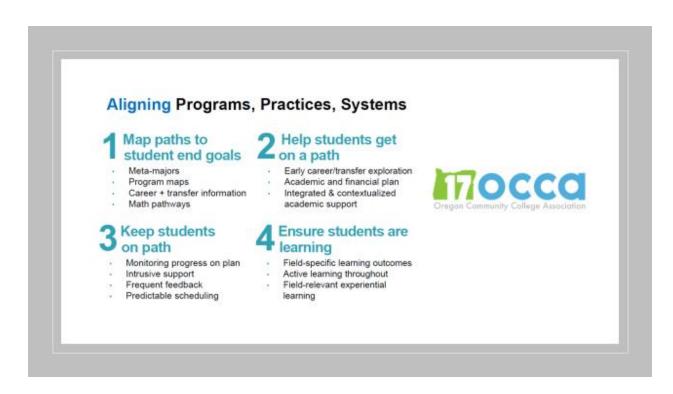

To ensure that all Oregonians can obtain the skills to enter and advance in demand occupations leading to higher learning and higher earnings

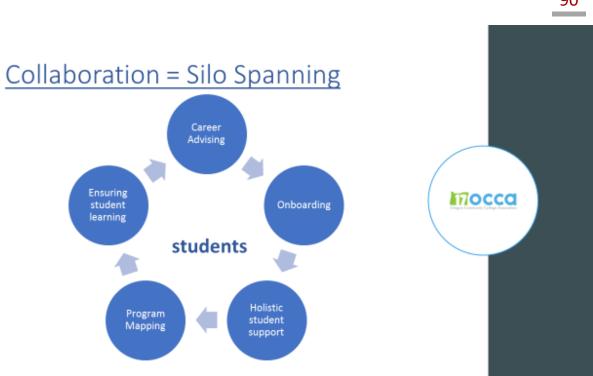

Oregon Guided Pathways Project

- · Cohort Based
 - · Cohort A launched in May 2018
 - · Cohort B launched in May 2019
 - Cohort C to be launched in November 2020
- Institute Model
 - Series of four, two-day institutes over a two-year period

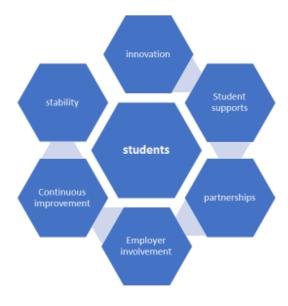

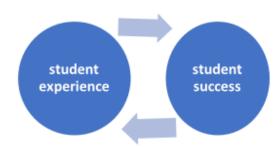

Career Pathway Framework

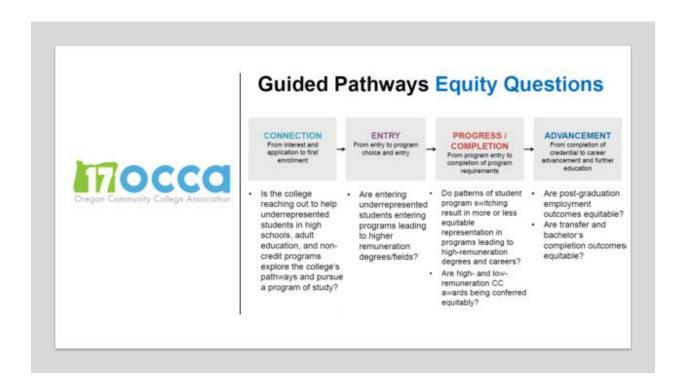

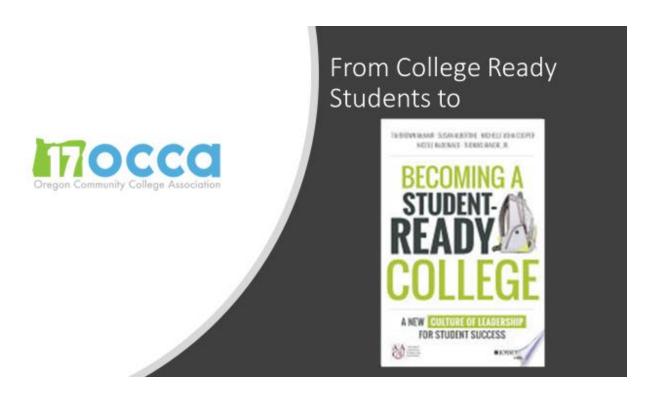

Alignment exists already

- · Student demographics
- · Designed for students
- · Integrated education
- · Holistic supports
- · Learning metrics
- · Partnerships
- Equity

Summit: Alignment Opportunities

- Populations low income adults
- Design career pathways; programs of study; guided pathways
- Delivery integrated education and training; credentials
- Metrics by population; by race/ethnicity; recognized postsecondary credential & continued education/employment
- Partnerships WIOA/Perkins time to make it real!
- Funding the real funds are in federal financial aid use it!

VI. Get Ready, Get Set: Local Planning

Planning Tools

- CLASP
- Virginia
- Oregon (draft)

Defining IET

INTEGRATED EDUCATION & TRAINING

"...a service approach that provides adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement."

(34 CFR §463.35).

Adult Education & Literacy

"...programs, activities, and services that include: (a) adult education, (b) literacy, (c) workplace adult education and literacy activities, (d) family literacy activities, (e) English language acquisition activities, (f) integrated English literacy and civics education, (g) workforce preparation activities, or (h) integrated education and training" (34 CFR §463.30).

Workforce Preparation

"Activities, programs, or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in: (a) utilizing resources; (b) using information; (c) working with others; (d) understanding systems; (e) skills necessary for successful transition into and completion of postsecondary education or training, or employment; and (f) other employability skills..." (34 CFR §463.34).

Workforce Training

"may include

- (i) occupational skill training...;
- (ii) on-the-job training;
- (iii) incumbent worker training...;
- (iv) programs that combine workplace training with related instruction...:
- (v) training programs operated by the private sector;
- (vi) skill upgrading and retraining; (vii) entrepreneurial training;
- (viii) transitional jobs...;
- (ix) job readiness training provided in combination with services...(i) through (viii);
- (x) adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with services described in any of clauses (i) through (vii); and
- (xi) customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training."

(WIOA Section 134(c) (3) (D), P.L. 113-128)

www.clasp.org

IET Standards

IET STANDARDS

To ensure quality, each component is based on established standards.

To design a single set of learning outcomes, practitioners will identify needed skills within each component and create an integrated syllabus.

See Writing Quality Integrated Learning Outcomes from Washington State's I-BEST Program.

EMPLOYABILITY SKILLS FRAMEWORK

Employability Skills: A Crucial Component of College and Career Readiness Individuals require many skills to be college and career ready, including academic knowledge, technical expertise, and a set of general, cross-cutting abilities called "employability skills."

Common Framework for Employability Skills

The Employability Skills Framework advances a unifying set of skills that cuts across the workforce development and education sectors based on an inventory of existing employability skills standards and assessments.

The Employability Skills Framework was developed as part of the Support for States Employability Standards in Career and Technical Education (CTE) and Adult Education project, an initiative of the Office of Career, Technical, and Adult Education, U.S. Department of Education. Framework development was guided by CTE, adult education, workforce development and business organizations, and twelve federal agencies.

Employability Skills Lesson Components		Includ Less		Notes	
		Yes	No		
APPLIED KNOWLEDGE					
Applied Academic Skills Applied academic skills are evident daily in homework assignments, classwork, and Q&A exchanges during lessons.	Reading skills Students apply/demonstrate reading skills by interpreting written instructions/project directions and constructing responses, using print and online materials as resources, completing worksheets, and seeking clarification about what they have read.				
	Writing skills Students rely on writing skills to construct lab reports, posters, and presentation materials, take notes, and compose responses to essay questions.				
	Math strategies/procedures Students use computational skills appropriately and make logical choices when analyzing and differentiating among available procedures. Outside of math class, this includes				

	and aking /inkayonaking kalala a and a surely		1	
	creating/interpreting tables and graphs and organizing/displaying data.			
	Scientific principles/procedures			
	Students follow procedures, experiment,			
	infer, hypothesize (even as simple as			
	"what if we do it this way"),and			
	construct processes to complete a task			
	(can occur outside of math/science classes).			
Critical Thinking Skills	Thinks creatively			
Critical thinking skills	Students create innovative and novel			
are evident in	ideas/solutions and display divergent			
homework, group work, project-based	thinking. This can be seen in oral presentations and creative writing			
tasks, and	assignments, open-ended tasks, and			
presentations.	project design.			
	Thinks critically			
	Students display analytical and			
	strategic thinking. This can be seen in			
	debating an issue, converging on an			
	understanding, assessing a problem,			
	and questioning (playing devil's advocate).			
	·			
	Makes sound decisions Students differentiate between multiple			
	approaches and assess options (could			
	be linked to thinking critically).			
	Solves problems			
	Students assess problems involving the			
	use of available resources (personnel			
	and materials) and review multiple			
	strategies for resolving problems (could			
	be linked to thinking creatively).			
	Reasons			
	Students negotiate pros/cons of ideas, approaches, and solutions and analyze			
	options using "if-then" rationale.			
	Plans/organizes			
	Students plan steps, procedures, and/or			
	approaches for addressing tasks. This			
	occurs naturally in most assignments,			
	ranging from solving one problem to			
	completing a long-term project.	Inclu	ded in

	Demonstrates professionalism	
	Students treat others and work	
	assignments with respect. All ideas are	
	considered and work is either original	
	or credited correctly.	
	Takes initiative	
	Students commit to time-on-task during	
	class and begin work without fanfare.	
	This is also evident during teamwork.	
	Displays a positive attitude and sense	
	of self-worth	
	Students contribute positively to the	
	class.	
	Takes responsibility for professional	
	growth	
	Students are active listeners, seeking	
	clarification and understanding when	
	needed.	

Employability Skills Lesson Components		Included in Lesson?		Notes	
Employability Skills Lesson Components		Yes	No	Notes	
WORKPLACE SKILLS					
Resource Management Resource management is often a component of project-based learning and collaborative group work but can also apply to how an individual student manages class time.	Manages time Students demonstrate time management when organizing and planning project activities with a team or when organizing and managing themselves and individual class assignments and homework. Time management is inherent in almost all assignments. Manages money Students manage money in group projects requiring allocation of limited finances and resources (i.e. designing/marketing a toy, flipping a house, or planning a trip). Manages resources Students manage resources in projects requiring allocation of limited finances,				
Information Use	resources (materials), and personnel. Manages personnel Students gain experience managing personnel (i.e. each other) in group projects requiring allocation of limited finances, resources (materials), and role assignments. They also manage their own behavior and participation. Locates				
Information Use Information use can include retrieving information from any medium (e.g., print, TV, Internet, or in person) and can be as simple as looking up one piece of information to writing a term paper or preparing an oral presentation.	Students use analytical strategies to determine the best medium for finding necessary information. Organizes Students use any graphic organizer—				
	outline, concept map, organization chart, tables, etc. to sort information/data.				
	Uses Students use classification and analytic skills to determine the necessary information (i.e., stay on target) to complete task.				
	Analyzes Students assess information to determine which is relevant (does not have to be a mathematical analysis). Communicates				
	Students summarize information to compose written or oral presentations, posters, reports, slides, etc. This can also be as simple as a student explaining a problem in front of the class.				
Communication Skills Routinely displayed in students' everyday	Communicates verbally Students provide oral responses. Evidence ranges from impromptu short				

actions in the	answers during a lesson to completing a	
classroom — how they	formal oral presentation.

LINCS

What is LINCS?

WHAT IS LINCS?

LINCS, the Literacy Information and Communications System, is an initiative of the U.S. Department of Education's Office of Career, Technical, and Adult Education (OCTAE). LINCS aims to expand evidence-based practice in the field of adult education. The LINCS website provides high-quality, on-demand educational opportunities to practitioners of adult education, so those practitioners can help adult learners successfully transition to postsecondary education and 21st century jobs.

How Can LINCS Help You?

- A Resource Collection containing high-quality, evidence-based materials in 16 topic areas critical to the field
- A Learner Center that connects adult learners to free online resources to reach life goals
- An online Community of Practice where you can share and collaborate with your peers
- A Learning Portal where you can engage in self-paced and facilitated professional development courses
- A Professional Development Center that provides evidenced-based professional development activities
