

## CCN Subcommittees 2025

Transfer Council and the HECC would like to express their appreciation for subcommittee members, whose dedication, time, and expertise helped pave the way for improving the transfer experience for students in the State of Oregon.

As per SB 233 Section 6 (5)(b), a subcommittee established by Transfer Council must “consist of equal numbers of faculty from public universities and community colleges.” Transfer Council determined that each subcommittee would consist of 8 members from community colleges and 8 members from public universities, except the Outcomes Assessment subcommittee, which consists of 8 members, total. However, total membership in subcommittees varies according to the number of nominations received. This is a list of all subcommittee members with their institutional affiliation.

\* indicates a member served a partial term; \*\* indicates a subcommittee Co-chair.
