Searching & Filtering the Public ETPL

This guide is designed to help you find what you are looking for in the Eligible Training Provider List (ETPL) on LEARN, an online information portal for the State of Oregon, Higher Education Coordinating Commission. This is a public list; no login or account is needed to view and search. Oregon's ETPL is a tool for Oregon jobseekers and the WorkSource Oregon partners who support them. The ETPL is for Oregonians who are seeking training from providers that are supported through the state administration of the Workforce Innovation and Opportunity Act (WIOA).
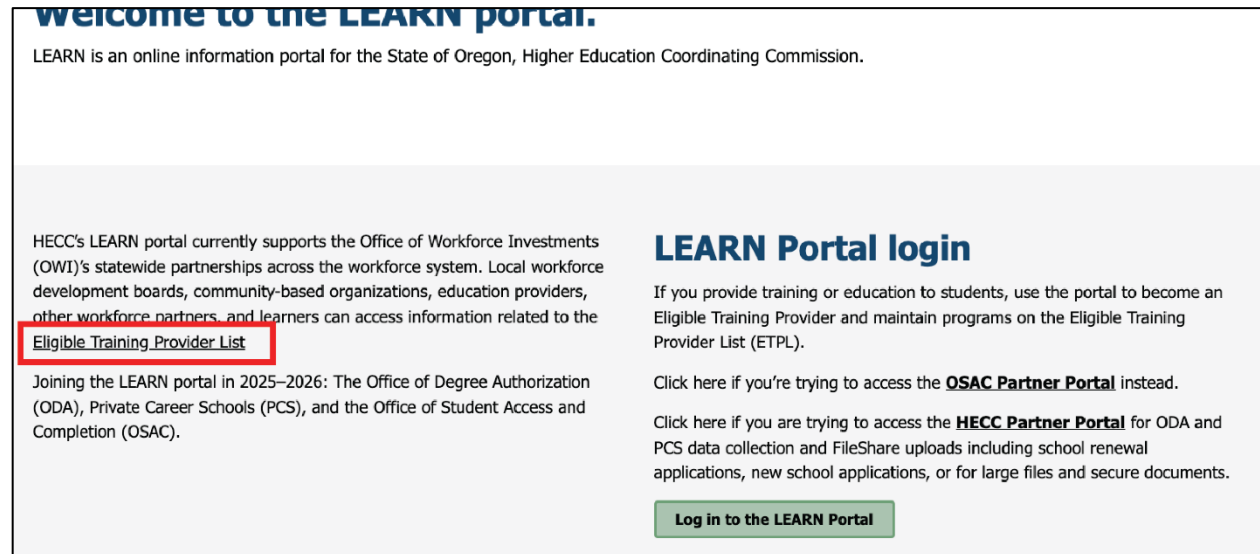

Table of Contents

Navigating to the ETPL

Click **this link** (update with public link once available) to navigate directly to the Eligible Training Provider List (ETPL) page.

If you're coming from the LEARN home page, you can click the link for it on the Home page.

Alternatively, if you're looking for more information first, you can first go to the Training Programs page by using the navigation menu at the top.

Then scroll down to the **Job-seekers and Workers** section and click **Search for Training Programs** (highlighted in the screenshot below). This will take you to the ETPL.

seeking training from providers that are supported through the state administration of the Workforce Innovation and Opportunity Act (WIOA).

As a WorkSource Oregon partner, the **HECC Office of Workforce Investments** oversees a number of workforce programs, including federally-funded programs authorized by WIOA. To be eligible to receive WIOA funding to support training for a WIOA program participant, the training provider and its program of study must be on this list.

In addition, Oregon has reciprocal agreements that recognize the ETP lists for training providers in the following states:

Idaho ETPL

Washington ETPL

Utah ETPL

Job-seekers and Workers

If you are interested in learning about funding and other supports for eligible training, or potentially enrolling in one of the ETPL programs, please reach out to your local WorkSource Oregon center.

Instructions for Searching & Filtering

A list of available programs will automatically appear. You can scroll through the full list or use the Basic Search and/or Advanced Search Filters to change the programs you see.

Basic Search

To do a Basic Search, use keywords to find relevant programs. Enter your keyword(s) and click **Search**. The search-bar is located directly above the list (pictured below). Basic Search will show any Programs that contain the keyword in any of the fields.

Program Search

This is a list of programs on the Eligible Training Provider List. This list is a searchable tool for Oregon participants seeking training to identify appropriate providers and programs, and relevant information, such as cost and program outcomes.

If you are interested in learning about funding and other supports for eligible training, or potentially enrolling in one of the ETPL programs, please reach out to your local WorkSource Oregon center.

Instructions

For a Basic Search, use keywords to find relevant programs. The keyword search also supports the use of exact match phrases to filter results better. Combine a keyword search with Advanced Search Filters to refine the results.

Search Q

The keyword search also supports the use of exact match phrases to filter results better. Combine a keyword search with Advanced Search Filters to refine the results.

Searching & Filtering the Public ETPL

Advanced Search Filters

Under the Keyword search-bar, you will see an option for **Advanced Search Filters**. Click the caret icon to open this menu of options (highlighted in the screenshot) and select your filters. Key elements are numbered in the screenshot below with corresponding descriptions.

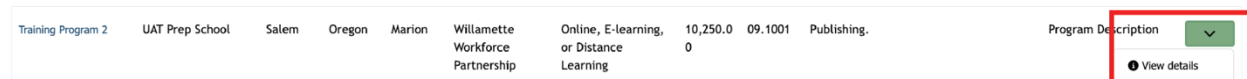

1. A small caret icon indicates that there is a drop-down menu to select from. Click into the field to view the menu options and make a selection.
2. Some categories a multi-select, which means you can check as many boxes as you would like to apply to your search.
3. Click **Apply** to view the filtered Program List.
4. Click **Clear All Filters** to return to the default view of all Programs.

NOTE: You can use the keyword search-bar and filters at the same time. The filters will be applied to the results you keyword search for.

Viewing More Details for a Program

To see additional information about a specific program on the list, click the caret icon in the top right corner of that program listing and click **View details**.
