

FAFSA/ORSAA Completion Rates Oregon Public High School Schools: Class of 2023

October 2023

This report contains the FAFSA/ORSAA completion rates as of October 1, 2023 for the Oregon public high school senior class of 2023. Its aim is to enable Oregon public high schools to track their completion rates and thereby monitor progress and maximize success. FAFSA/ORSAA completion is a critical step for high school students in achieving their postsecondary goals due to the access it can provide to critical financial aid.

Methodological Notes

The completion rates in the following tables were calculated by matching an Oregon Department of Education (ODE) Fall census of 2022-2023 Oregon public high school seniors with current FAFSA/ORSAA filers. Note that completion rates are available only for public high schools. Private schools and home school students are not included as they are outside the reach of the ODE census.

The completion rate for any location (school, district, county, or educational service district) is calculated by dividing the number of FAFSA/ORSAA for that location by the number of seniors. Completion rates for any location with fewer than 10 students have been left undisclosed to preserve the anonymity of individual students, and instead are designated with a “---”, yet all completions have been incorporated into the statewide completion rate.

Statewide FAFSA/ORSAA Completion Rate

All tables of this report include FAFSA/ORSAA completion rates as of October 1, 2023. As seen below, the completion rate for this month represents a gain of 0.6% over last month.

The statewide FAFSA/ORSAA completion rate as of **October 1st, 2023** was: **50.6%**

The statewide FAFSA/ORSAA completion rate as of **September 1st, 2023** was: **50.0%**
