

## 2022-23 ACCELERATED LEARNING PROGRAM DIRECTORY FOR OREGON'S PUBLIC HIGHER EDUCATION INSTITUTIONS

This directory is updated regularly by Oregon's higher education institution partners in collaboration with the Higher Education Coordinating Commission (HECC). It can be found on the [HECC's High School to College Pathways](#) page. This document aims to serve Oregon high school students and those who support them in finding opportunities to pursue college credit while in high school.

COLLEGE/UNIVERSITY	PROGRAM TYPE/NAME	BRIEF DESCRIPTION	WEB LINK	CONTACT INFORMATION
<b>BLUE MOUNTAIN COMMUNITY COLLEGE</b>  <b>PENDLETON</b>	<b>High School Based College Credit/ Early College</b>	Current high school students can earn both high school and college credit while attending high school. These courses are taught by qualified high school teachers at a discounted rate of \$20.00 per credit hour. Students should check with high school staff to see if high school pays for college credit costs.	<a href="#">[LINK]</a>	<b>Tami Pelles</b> <i>Early College Credit Coordinator</i> (541) 278-5152 <a href="mailto:tpelles@bluecc.edu">tpelles@bluecc.edu</a>
	<b>Expanded Options</b>	Expanded Options courses are college courses taken directly from the college. These can be either on-campus or taken online for a rate of \$112.00 per credit hour plus fees. Students should check with high school staff to see if high school pays for college credit costs.	<a href="#">[LINK]</a>	<b>Tami Pelles</b> <i>Early College Credit Coordinator</i> (541) 278-5152 <a href="mailto:tpelles@bluecc.edu">tpelles@bluecc.edu</a>
<b>CENTRAL OREGON COMMUNITY COLLEGE</b>  <b>BEND</b>	<b>Concurrent Enrollment</b>	High school (HS) students 15-years and older are eligible to register in up to 19 credits at COCC. HS students who register at COCC are fully responsible for complying with all the policies and procedures of the College as outlined in the <a href="#">Information for High School Students</a> resource sent to each HS student upon admission. It is important to note that parents cannot access student records	<a href="#">[LINK]</a>	<b>Admissions &amp; Records Office</b> (541) 383-7500 <a href="mailto:welcome@cocc.edu">welcome@cocc.edu</a>

College Credit/  
College Now**

(grades, class schedule, attendance, etc.) without written permission from the student. The student is responsible for all tuition, fees, books, and related expenses.

With the College Now Program COCC works with area high schools to offer students the opportunity to earn college credit for certain career and technical education and general education transfer courses, which they complete at their schools. Courses that are offered vary by high school and are designed for high school juniors and seniors. The fee is \$25 per college credit. General education transfer courses may be used to meet COCC certificate or degree requirements as well as for transfer to most Oregon community colleges and universities. Students should check with all colleges about their policies for transferring college credits earned in high school.

**Expanded Options**

The Expanded Options Program (EOP) was created in 2005 by the Oregon legislature (SB 300) to provide high school students with additional opportunities to continue or complete their education, as well as to allow students to earn concurrent high school and college credit through public community colleges and universities in the state of Oregon. If it is approved by the student's high school the school district will cover the cost of tuition and fees.

[sara.hastings@chemeketa.edu](mailto:sara.hastings@chemeketa.edu)

**Early College**

Dual enrollment provides students with the unique opportunity to work toward a high school diploma and a college certificate or degree at the same time, and it's open to students from all school districts and home schools. Students take courses at the Chemeketa Community College campus instead of their home high school.

**Salem Keizer  
 Early College**

Early College High School (ECHS) has increased options for non-traditional students. Through a partnership with Chemeketa, students can access technical education in addition to the typical college model of general education. A student could potentially graduate from high school and meet or closely meet the requirements for an Associate Degree or Transfer Degree at the end of grade 13 without any tuition costs to the student. Special education support services are maintained at a central location for students transitioning into the college campus.

### Early College

The Early College (EC) program provides students in participating high schools an opportunity to take college courses as part of their high school education. Students receive college credit and high school credit for the same course. Costs covered by the school districts include tuition, textbook(s), class fees, and transportation. Students from participating high schools who are interested in the Early College program should check with their high school to determine eligibility requirements for their high school.

### Expanded Options

The Expanded Options (EO) program allows eligible juniors and seniors in Oregon high schools to take college credits classes at Columbia Gorge Community College (CGCC) or online. In most cases, your high school will cover the cost of tuition and fees for these courses, but check with your high school counselor to confirm. Tuition, textbook(s), class fees are covered by the school district, however, students are responsible for the cost of their transportation. Students should contact their high school for the EO program eligibility requirements and program application. Initial eligibility for the EO program is decided in the spring, before the students' Junior and/or Senior years in high school.

**High School Based College Credit/ Eastern Promise**

Sponsored dual credit provides discounted tuition rates to high school students who are attending regional high schools located throughout eastern Oregon. SDC is defined as the award of secondary and post-secondary credit concurrently for a course offered in high school during regular school hours. To receive dual credit, EOU will authorize credit for approved classes taught by qualified instructors at regional high schools.

<p><b>PORTLAND COMMUNITY COLLEGE</b> <b>PORTLAND</b></p>	<p><b>Beaverton Early College</b></p>	<p>Early College High School is an options program available to students in the Beaverton School District and partner districts. Juniors and eligible seniors may apply during the fall, winter, and spring terms. It is an opportunity for students to blend high school and college in a coherent, personalized, and rigorous education program at Portland Community College. Designed as an option for the last two years of high school, students generally attend PCC full time for six terms. Tuition is paid for by the Beaverton School District. A student can earn a high school diploma as well as an Associate’s Degree or up to two years of transferable college credit in their career pathway.</p>	<p><a href="#">[LINK]</a></p> <p><b>Michael Crandall</b> <i>Principal</i> (971) 722-7473 <a href="mailto:michael_crandall@beaverton.k12.or.us">michael_crandall@beaverton.k12.or.us</a></p>
	<p><b>High School Based College Credit/ Dual Credit</b></p>	<p>The PCC Dual Credit Program provides the opportunity for high school students to earn college credit while still in high school. Students can attend "articulated" courses</p>	<p><a href="#">[LINK]</a></p> <p><b>Dual Credit Office</b> (971) 722-7737</p>

offered in their home high school by their teachers who meet the PCC faculty qualifications. The courses include the same rigor and content as an on-campus college class and are an excellent way for students to learn what it takes to be a successful college student. Students are expected to master college-going behaviors by registering themselves, checking PCC email, and taking advantage of access to college resources. Students can earn credit in Lower Division Collegiate courses that would be part of a "freshman experience" and can transfer to a 4-year institution. Or students can complete courses that are part of a Career and Technical Program that leads to a Career Pathways Certificate, or an AAS.

**Gateway to College**

The Gateway to College High School Completion Program is for students who are 16 to 20-years-old and are interested in completing their high school diploma. While earning their high school diploma, students earn credits toward a college degree. This is a scholarship program. We pay the tuition and book costs for those who are accepted into the program. However, students are responsible for student fees (approximately \$100 each term). For students in Portland Public, Tigard-Tualatin, West Linn-Wilsonville, Lake Oswego, or Sherwood school districts. Approval must be granted by participating school districts.

COOS BAY**

**High School Based  
College Credit/  
Dual Credit**

With dual credit, students earn college credits from Southwestern while completing courses taught at their high school by qualified instructors. The courses provide the same content and outcomes as an on-campus college class. This promotes a seamless education for students. College credits earned during high school are transferable to Oregon community college programs and many four-year higher education institutions. Credits accrue for high school and college transcripts.

### CTE Dual Credit

The Career and Technical Education (CTE) Program offers high school students college credit in CTE classes taught in high schools by qualified high school instructors. The program is free for Oregon students, and Idaho students can use their Fast Forward funds through Idaho's Advanced Opportunities program. The CTE College Credit is a Dual Credit option for students seeking a 2-year degree in a technical field and is designed to award college credit for skills attained while still in high school. At TVCC you can begin earning college credit through our CTE College Credit programs as early as your freshman year in one of our partnering high schools. The registration process is facilitated online by the high school teacher. All high school students (freshmen, sophomores, juniors, and seniors) can take Career and Technical Education classes.

COLLEGE  
ROSEBURG**

**High School Based  
College Credit/  
Dual Credit**

Dual credits granted are regular UCC credits and most will transfer to other schools, including Oregon public universities and community colleges as well as out of state and private schools. To determine how each course specifically transfers, you should check with that particular institution. You must talk to your high school counselor about dual credit offerings at your high school. Most students must be 16 and must be college-ready. Some courses require that you take the placement test to determine eligibility.

**Expanded Options**

The Expanded Options Program (EOP) was created in 2005 through Senate Bill 300 (SB 300) to provide students with additional options to continue or complete their education and to allow them to earn concurrent high school and college credits through Oregon’s community colleges and universities. If accepted into the program, students take classes on or through Umpqua Community College, and the student's sponsoring high school covers the cost of tuition and fees. To determine if you are eligible to take courses, please contact your high school counselor. Some high schools in the area have a waiver and do not participate in the program. Umpqua Community College’s EOP works with the following high schools: Baker Charter, Camas Valley, Douglas, Glide, Elkton, North Douglas, Oakland, Oregon Virtual Academy, Phoenix, Riddle, South Umpqua, and Yoncalla.

**UNIVERSITY OF OREGON**  
**EUGENE**

**Pre-Baccalaureate/  
Duck Link Programs**

Working hand in hand with our high school colleagues, the University of Oregon is pleased to provide a special academic opportunity for high school students. The pre-baccalaureate (pre-bac) program allows talented and motivated high school students from any geographic region to enroll in regular UO classes, with no course credit limit. Please note that the UO cannot provide on-campus housing for students in the pre-bac program. Students are eligible to be considered for the programs for fall, winter, and spring terms while currently enrolled at a regionally accredited high school. Applications must be submitted a minimum of 30 days before the intended start term. Duck Link, a special program within the pre-bac admission status, allows select high school students living in Lane County, Oregon, to enroll in up to eight credits per quarter at a reduced fee rate. To participate in Duck Link in any subject area, a student must have exhausted all high school course work available to them in that subject area.
