Technology Industry Consortium Charter

Encouraging Innovation and New Ways of Working Together

Purpose of the Consortium

Forum

Identify ways industry can innovate, co-invest, and implement workforce and talent development opportunities in alignment with economic strategies

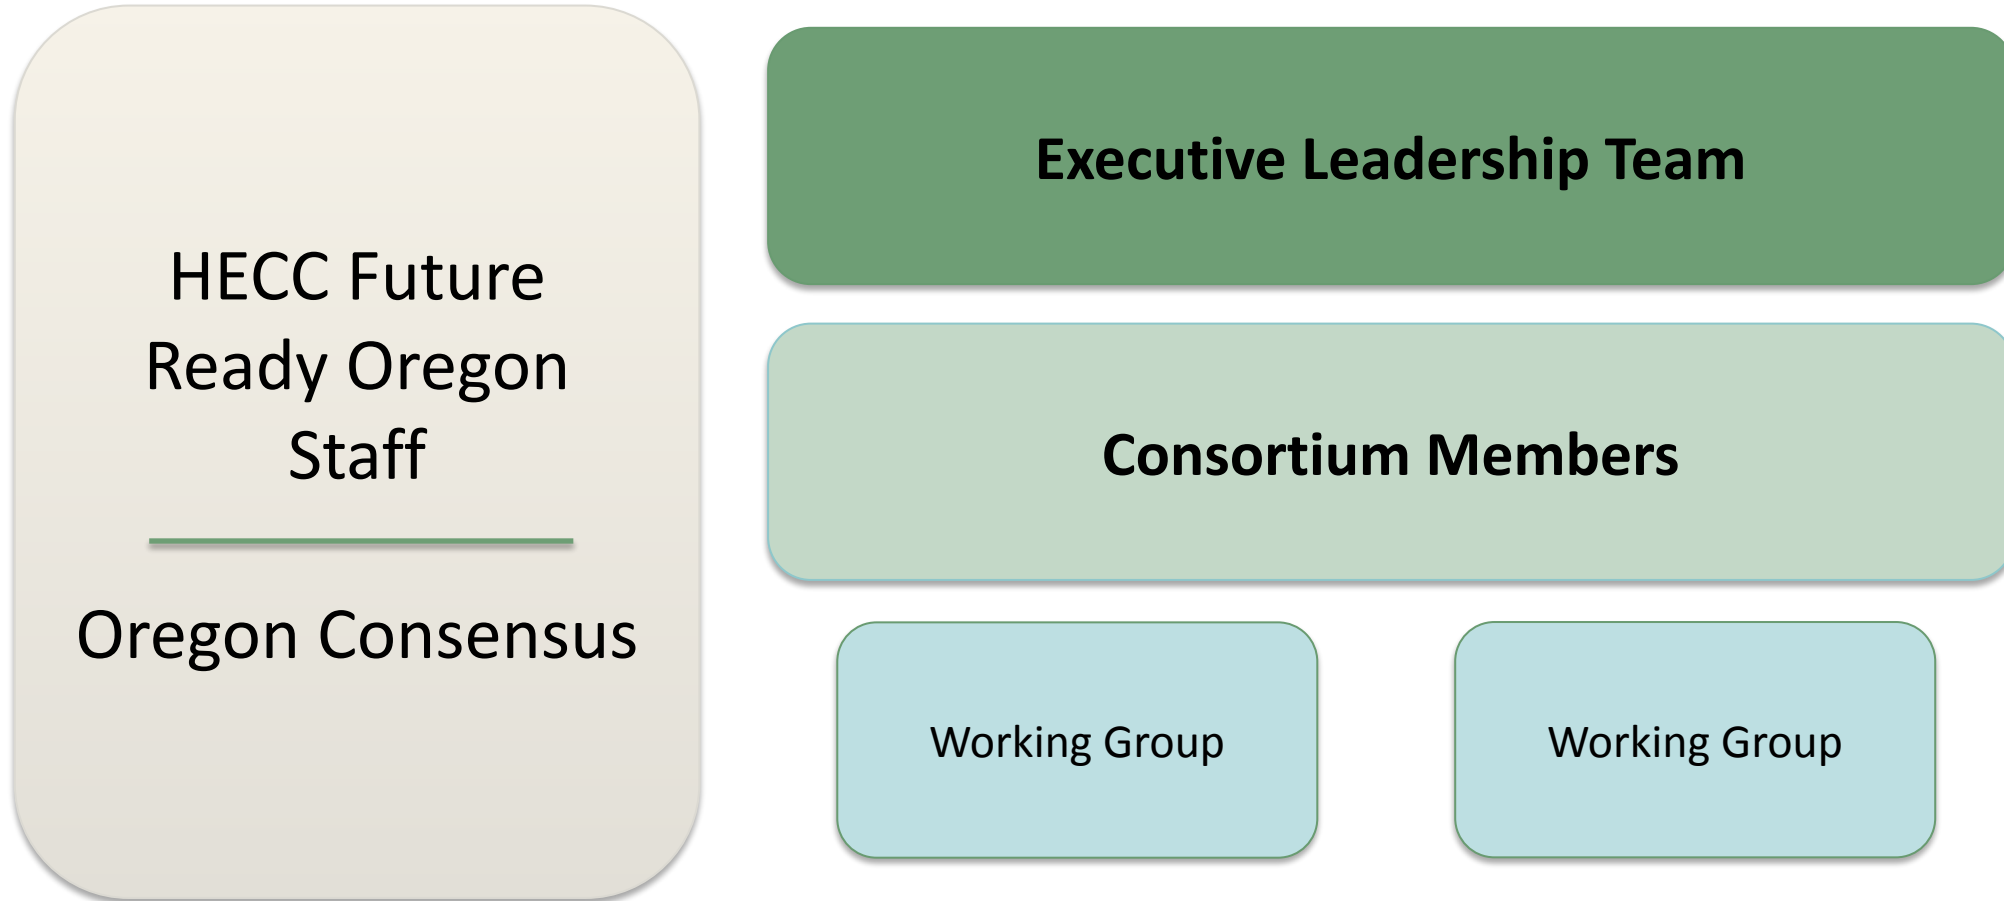

Mechanism

Coordinate action and implementation by public, private, and community-based partners around shared issues and opportunities, including the curation of resources and investments that address workforce and talent development challenges

Vehicle

Develop and demonstrate a shared commitment to diversity and inclusion through talent development practices and investments supporting equitable recruitment, retention, and career advancement strategies

Technology Industry Consortium *Structure*

*** The Consortium may operate additional agile working groups on an as-needed basis to address emerging issues and topics*

Technology Industry Consortium

Technology Industry Consortium

Timeline and Deliverables

Technology Industry Consortium

Decision Making and Accountability

- Industry Consortium are advisory to the Workforce and Talent Development Board and HECC staff and shall be responsible for:
 - Informing and aligning with the WTDB acting in its capacity as a cross-system governance board to the Governor's Office; and
 - To the HECC, acting in its capacity as the legislative point of accountability for Future Ready Oregon.
- Decision making processes will be determined by committee members at the first formal meeting of the consortium **(Today!)**

Technology Industry Consortium

Conflict of Interest

- Service on the Industry Consortium will not in any way prohibit consideration of an eligible organization associated with the committee member for award of Future Ready Oregon funds. Industry Consortium are advisory to the Workforce and talent Development Board and HECC staff.
- Decisions related to Future Ready Oregon funds will be made by the Higher Education Coordinating Commission and its staff, thus no conflict of interest exists for Consortium members.
