

# FAFSA/ORSAA Completion Rates Oregon Public High School Schools: Class of 2022

November 2022

This report contains the FAFSA/ORSAA completion rates as of November 1, 2022 for the Oregon public high school senior class of 2022. Its purpose is to inform Oregon public high schools of their completion rates, thereby enhancing their ability to track progress and measure success. When students complete the FAFSA or ORSAA, they gain access to critical financial aid, which can facilitate the achievement of postsecondary goals.

#### **Completion Rate Calculation**

The completion rates in the following tables were calculated by matching Oregon public high school senior enrollment data, generated from a 2021-2022 mid-academic year census compiled by the Oregon Department of Education (ODE), with current FAFSA/ORSAA filers.

The completion rate for any educational entity (school, district, or educational service district) or county below is the quotient of the total count of completed FAFSAs and ORSAAs for that entity or county divided by the corresponding number of seniors enrolled in the same location.

#### **School Information**

Completion rates are available only for public high schools. Private schools and home school students are not included as they are outside the reach of the ODE census.

Completion rates for any entity or county with fewer than 10 students are left undisclosed to preserve the anonymity of individual students, and are instead designated with a "---." However, all completions are reflected in the statewide completion rate.

#### Statewide FAFSA/ORSAA Completion Rate

For comparison purposes, all tables of this report include FAFSA/ORSAA completion rates as of June 1, 2022 and November 1, 2022.
