EXECUTIVE SUMMARY

House Bill 4079, passed by the Oregon Legislature in the 2026 legislative session, requires public institutions of higher education to adopt a policy for providing notice when a federal immigration authority is confirmed to have entered a campus for immigration enforcement. As part of adoption, institutions were required to identify for the Higher Education Coordinating Commission (HECC) the campuses at which this policy applies.

This report fulfills HECC's requirement from HB 4079 (2026), Section 3, to provide a report to interim legislative education committees that summarizes, for each institution of higher education, the real property that has been identified by the governing board of the institution of higher education as a campus for the purpose of the bill.

The HECC issued a brief survey in August 2026 to all 17 community colleges, seven public universities, and Oregon Health & Science University to fulfill this requirement, and their responses are summarized in this report. The survey questions are outlined in the report's Appendix.

HECC staff extend our sincere appreciation to the Oregon Community College Association, the Coalition of Oregon Public Universities, and representatives at each of Oregon's public institutions for their support in the completion of this report.

SUMMARY OF PUBLIC INSTITUTION REAL CAMPUS PROPERTY

Universities

For the purposes of carrying out the responsibilities for federal immigration enforcement notification required by HB 4079 (2026), Oregon's seven public universities and Oregon Health & Science University (OHSU) have identified the properties outlined in Table 1 below.

Some institutions have more than one campus. When this is the case, the primary campus is listed first, followed by the satellite campus(es) in subsequent table rows.

Approximate student population data disclaimers: Institutions' definitions of student population sometimes varied. In some cases, institutions reported the total enrolled headcount, including credit and non-credit courses and dual enrollment high school students. In other cases, only students enrolled in credit-bearing courses were reported. The agency's goal in asking for enrollment figures, along with the employee population, not required by the reporting law, was to provide a rough estimate of the number of people regularly accessing the campus. Please note that the student population data below may differ from HECC's fall 2025 enrollment summary, since students enrolled via distance learning who do not regularly access the physical campus are excluded from this report.

Note: Under campus size, Gross Square Feet of all buildings is abbreviated below as GSF.

**OHSU's student population of 1,932 represents the total enrollment at all three of its campuses; disaggregated enrollment by campus was not available. The approximate employee population for all OHSU campuses excludes hybrid and remote workers and those employed at other, non-campus buildings owned by OHSU in Portland. OHSU's South Waterfront campus contains eight buildings with unique street addresses, and the address listed is for the Center for Health and Healing, which comprises two of the eight OHSU buildings located in this neighborhood.*

***Enrollment data for the PSU satellite locations is unavailable; the institution estimates that very few students regularly access these campus locations.*

****Represents the number of students enrolled at Western Oregon University - Monmouth as of fall 2025, but the number of students who regularly access the campus is higher at 3,626.*

Community Colleges

For the purposes of carrying out the responsibilities for federal immigration enforcement notification required by HB 4079 (2026), Oregon's 17 community colleges have identified the properties outlined in Table 2 below.

Some institutions have more than one campus; when this is the case, the primary campus is listed first, followed by the satellite campus(es) in subsequent table rows.

Approximate student population data disclaimers: Institutions' definitions of student population sometimes vary. In some cases, institutions reported the total enrolled headcount, including credit and non-credit courses and dual enrollment high school students. APPENDIX: SURVEY QUESTIONS

The following questions were asked of all public higher education institutions in Oregon through a Microsoft Forms link sent via email on August 14, 2026.

Public Institution Survey: Real Property Defined as a Campus for HB 4079 (2026)

House Bill 4079 (2026), Section 2 directs Oregon's public universities, community colleges, and OHSU to adopt a policy for providing notice to the campus community when a federal immigration authority is confirmed to have entered their campus for immigration enforcement purposes. By October 1, 2026, the Higher Education Coordinating Commission (HECC) is required to report to interim legislative education committees a summary of the real property identified as a "campus" by the governing board of each institution subject to the law. The purpose of this form is to collect the information required for HECC to submit this summary report to the Legislature.

Campus Real Property Information: Primary Campus

Definition Note: Campus is defined by HB 4079 as "real property owned or controlled by an institution of higher education that is accessed by students of the institution of higher education on a regular basis, as identified by the governing board of the institution of higher education." Therefore, please provide information about campuses your institution owns or controls (excludes corrections facilities) where students access the campus on a regular basis. For your institution's primary campus, please provide the following information.

5. **Primary Campus Name.** Please enter the name of your institution's primary campus.
6. **Primary Campus Street Address.** Enter the street address of the primary campus here.
7. **Student Population on Campus: Fall 2025 Total Headcount Enrollment at the Primary Campus.** Approximately how many students were enrolled and attending classes at this campus location as of fall 2025, including both part- and full-time? If no students were primarily enrolled at this location, please put N/A.
8. **Student Access to Campus (optional question).** If no students were primarily enrolled at this location, please indicate the number of students who regularly accessed the campus in fall 2025. If it is not possible to reasonably determine or approximate the number of students who accessed the campus, please put N/A.

9. **Employee Population on Campus: Approximate Fall 2026 Employment at the Primary Campus (total headcount, not including student workers).** Approximately how many people are employed by the institution at this location, including part- and full-time staff, faculty, and administrators? (Please exclude student and contract workers).
10. **Campus Size in Acres.** What is the approximate size of the campus in acres?
11. **Campus Size – Gross Square Feet of All Buildings.** What is the approximate gross square feet (GSF) of all buildings on this campus?
12. **Does your institution have more than one campus that meets the campus definition in HB 4079?** Campus is defined by HB 4079 as “real property owned or controlled by an institution of higher education that is accessed by students of the institution of higher education on a regular basis, as identified by the governing board of the institution of higher education.”

If no, end of survey. If yes, proceed to next section of the survey.

18. **Campus Size in Acres**
19. **Campus Size – Gross Square Feet of All Buildings**
20. **Does your institution have another satellite campus that meets the campus definition in HB 4079?**

If no, end of survey. If yes, participants proceeded to subsequent sections of the survey, which repeated questions 13-20 for each additional satellite campus.
