

Minor Report for Coburg

For the 2023 reporting year

This report was submitted by Coburg to meet the requirements of OAR 660-012-0900(6) for the 2023 reporting year. The department has reviewed the submittal as provided in OAR 660-012-0915(1) and deemed it complete. This document was generated by the department using information submitted by Coburg.

OAR 660-012-0900(6)(a)

(a) A narrative summary of the state of coordinated land use and transportation planning in the planning area over the reporting year, including any relevant activities or projects undertaken or planned by the city or county;

The state of coordinated land use and transportation planning likely needs updating and may be hindered by the City's lack of a state acknowledged TSP. The TSP was not acknowledged because it got tied up in a LUBA remand of a UGB expansion. It has been a challenge to update the TSP. Coburg is also eager to update the BLI. A current understanding of land supply would allow us to improve the state of coordinated land use and transportation. The City is funded through the Central Lane MPO to conduct a feasibility study for a connector road for commuter and freight traffic in 2026 that we hope will also inform the TSP update along with CFEC implementation. Several street maintenance and preservation projects are currently underway. Funding is limited as is our staff capacity which hinders activities and projects.

OAR 660-012-0900(6)(b)
