Project Title:
<u>Project Summary:</u> (Summarize the project and products in 50 words or fewer)
Duciant Description 9 Mork Ducares
Project Description & Work Program  Please carefully review the attached Sample Work Program applicable to your jurisdiction's proposed project. The work programs included represent typical tasks and work products associated with common project types. If you expect the project to be substantially similar (i.e. there may be minor variations, but major project deliverables align with applicant expectations) to the project included in the Sample Work Program, the applicant does not need to submit a work plan.
However, if the applicant anticipates a proposal for a project that is substantially different from the projects included in the Sample Work Program, please include an attachment detailing the proposed project, addressing each of the following in an attachment. <i>Applicants applying for distinct or unique projects are expected to submit detailed applications that specify the work tasks, products, and timelines unique to their project. Priority will be given to applications that provide well-defined tasks, products, and timelines.</i>
Is the jurisdiction planning to utilize the applicable Sample Work Program as the project statement of work? Yes $\Box$ No $\Box$
If "yes", please skip to the "Tasks, Timelines, and Budget" section below. If "no", please attach a detailed work program including the following.
<b>A. Goals and Objectives.</b> The purpose of housing planning assistance projects is outlined in the attached Sample Work Program for reference. Please state the goals or overall purpose of the project. Describe particular objective(s) the community hopes to accomplish. Please indicate whether this is a stand-alone project or is part of a longer multi-year program. If it is the latter, describe any previous work completed, subsequent phases and expected results, and how work beyond this project will be funded.
B. Products and Outcomes. Please describe the product(s) and outcome(s) expected from the

proposed project in detail, including a brief description of any anticipated significant effect the project would have on development, livability, regulatory streamlining, and compliance with state/

federal requirements, equitable socioeconomic benefits, or other relevant factors.

C. Work Program, Timeline & Payment. Please include a comprehensive work program describing the specific tasks, timelines, expected budget, and deliverables. Public engagement is a necessary component of any planning process but may be tailored to fit the project context. Some projects, such as code amendment or technical projects, may not require extensive engagement in comparison to major projects with substantial local policy impacts. If other changes are necessary, please consult with your Regional Representative. \* Budget estimates are only required for Direct Grant requests. Applicants requesting DLCD-provided consultants can leave this field blank.

### Tasks, Timelines, and Budget

List and describe the major tasks, including:

- The title of the task;
- Anticipated timeline for each task, including the tentative start date after the grant agreement or consultant contract is executed, task completion dates, and project completion date. - For direct grant projects, anticipated budget for all tasks; and
- Expected local contribution, including budget, staff time, and resources.
