10:45 am	Review of TSP Amendment Process, Questions, and Discussion
11:30 am	Rulemaking Schedule, Office Hours Learning Opportunities, Next Steps
11:45 am	Closing Comments and Adjourn

Work Group Charge

Territorial Sea Plan Parts One and Two Rulemaking Work Group

Operating Principles and Guidelines

The work group is charged with providing recommendations to staff on proposed amendments to the Plan that will advance these outcomes:

- The TSP Parts One and Two will be updated to correct out-of-date information
- Recommendations from the Offshore Wind Energy Roadmap will be considered when developing language for the Plan amendments
- Ocean health and climate resilience perspectives will be considered when updating the first two parts of the TSP.

The role of the Work Group is to be:

- Advisory to staff and OPAC;
- Provide policy feedback and guidance
- Recommend policies, language, and direction to staff;
- Considered “volunteers” by the state and will receive an overview accordingly;
- Supported by DLCD staff; and
- Will comply with open meeting, public record, and ethics laws.

Meeting Principles and Suggested Guidelines

Acting in Good Faith

- All members agree to act in good faith in all aspects of the TSP Amendment process. Acting in good faith also requires:
  - Personal attacks and prejudiced statements are not acceptable
  - Individuals do not represent their personal or organization's views as views of the advisory committee or department
  - Individuals express consistent views and opinions in the advisory committee meetings and in other forums, including contacts with the press (see Section V(B))
  - Specific proposals made in open and frank problem-solving conversation not be used against any other member in the future
  - Members bring their lived and professional experience to expand committee members' and staff's shared understanding of the rulemaking topic, and
  - Individuals with process concerns will raise them in the committee or with staff directly.

Meeting Principles and Suggested Guidelines

Process Suggestions / Ground Rules

- Members agree to apply the following ground rules:
  - Honor the agenda and strive to stay on topic
  - Speak one at a time – use raise hand to signal you'd like to speak
  - Allow for a balance of speaking time – respect time limits
  - Bring concerns and ideas up for discussion at the earliest point in the process
  - Address issues and questions, not people or organizations
  - Seek to learn and understand each other's perspective
  - Encourage respectful, candid, and constructive discussions
  - Seek to resolve differences and find common ground
  - Avoid personal attacks
  - Avoid side conversations
  - Share preferred personal pronouns as part of name identifier in video calls as one is comfortable doing so, and
  - As appropriate, discuss topics together rather than in isolation.

Meeting Principles and Suggested Guidelines

Attendance & Meetings

- Members are expected to make a good faith effort to attend all meetings.
- The proposed schedule anticipates up to eight Work Group meetings between October 2026 and July of 2027
- DLCD staff will prepare draft and final meeting summaries.
- Staff ask Work Group members to communicate any corrections within one week of receiving the draft summary.
- All final summaries will be posted on the TSP Rulemaking web page

Meeting Principles and Suggested Guidelines

Attendance & Meetings

- DLCD expects a wide range of perspectives will be expressed through Work Group members.
- The TSP Work Group meetings are public meetings under Oregon's open meetings laws.
- Members of the community who wish to make their opinions known to the group are encouraged to submit written comments on the work to staff.
- Comments will be posted online for staff consideration and public review.
- DLCD staff will develop meeting agendas with the WG Chair.
- Agendas will be posted on DLCD's website approximately week before the meeting. Community members may sign up for notice to stay informed.

Meeting Principles and Suggested Guidelines

Schedule & Staff Information

Work Group Timeline: Final guidance from the working group should be reached by the end of July, 2027.

OPAC Work Group Chair: *Fran Recht*
One member from the Council is selected to serve as Chair of the established Work Group. As the only voting member of the Council on the WG, Fran will serve in the role.

DLCD

Department of Land Conservation & Development

Agency Mission

To help communities plan for, protect and improve the built and natural systems that provide a high quality of life.

In partnership local governments, we foster sustainable and vibrant communities and protect our natural resources legacy.

Transportation

Economic Development

Climate-Friendly

Equity

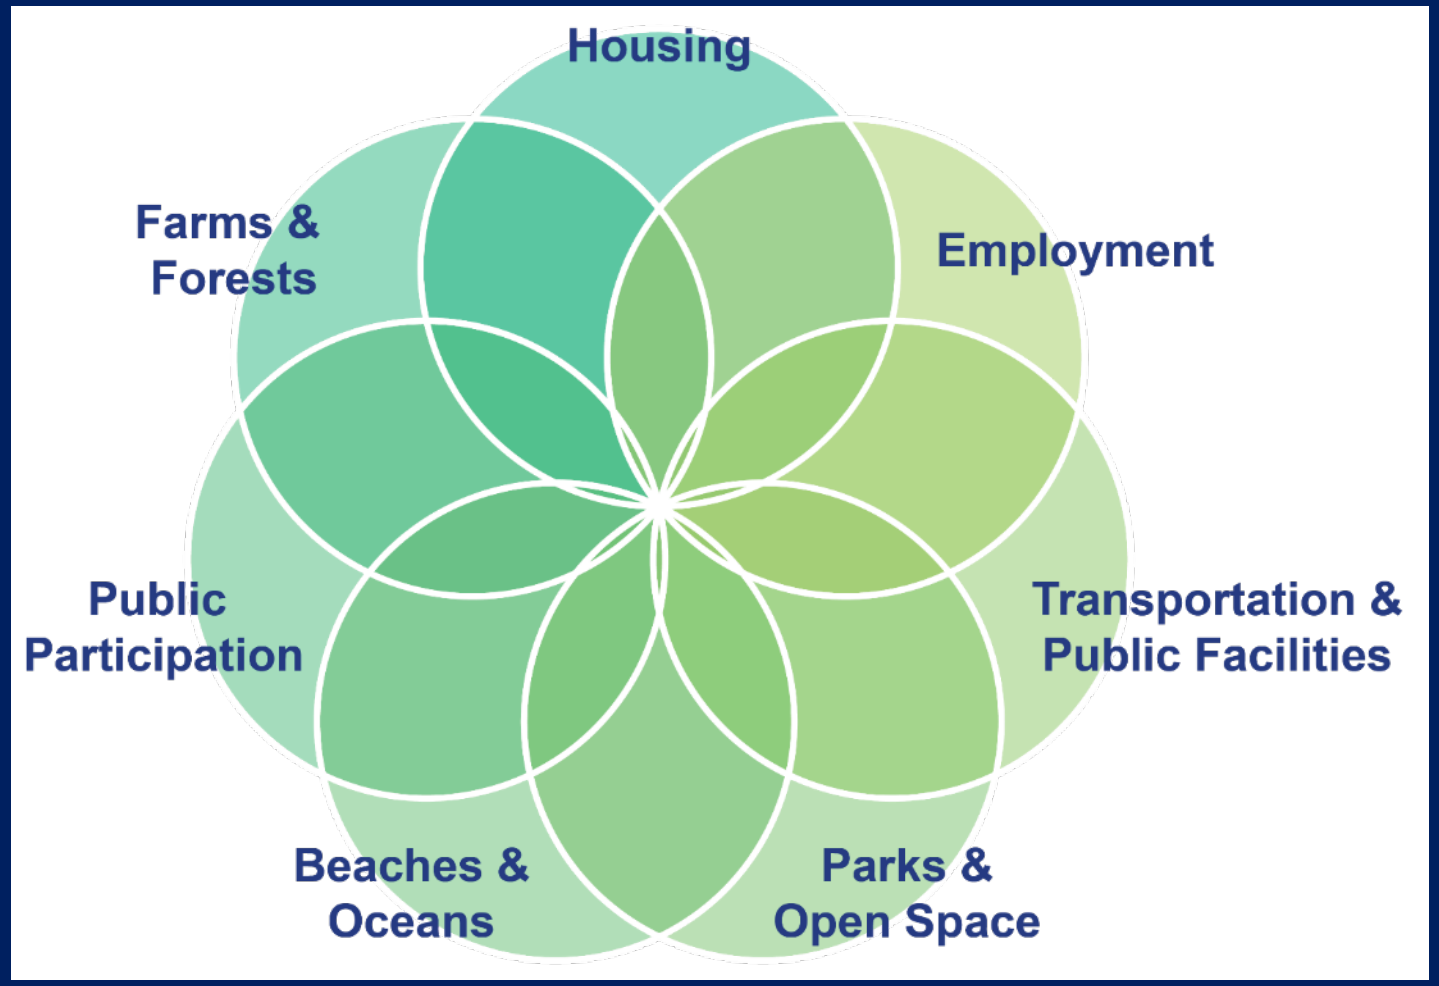

Hazard Mitigation

Housing

Comprehensive Land Use Planning

Comprehensive land use planning is an inclusive approach addressing each community's future

Oregon's 19 Land Use Planning Goals

Process

Goals 1 & 2

Applies to all land use planning

Public Participation
Fact-Based Decisions
Evaluating Alternatives
Creating Implementation Measures

Resource

Goals 3, 4, 5, 6, 7, 8, 13, & 15

Applies to cities and counties

Farm and Forest Lands
Natural Hazards
Recreation
Natural Resources
Willamette River Greenway

Urban

Goals 9, 10, 11, 12, & 14

Applies to cities

Economic Development
Housing
Public Facilities
Transportation
Urban Growth Boundaries

Coastal

Goals 16, 17, 18, & 19

A networked partnership of federal & local gov'ts and tribes

Estuaries
Beaches and Dunes
Ocean Resources
Beach Access
Tsunami Resilience

THE OREGON COASTAL MANAGEMENT PROGRAM

Policies & Plans

- Coastal Goals
- Territorial Sea Plan
- Estuary Planning
- Hazard Planning

Federal Consistency Authority

- Allows application of state policies to federal activities.

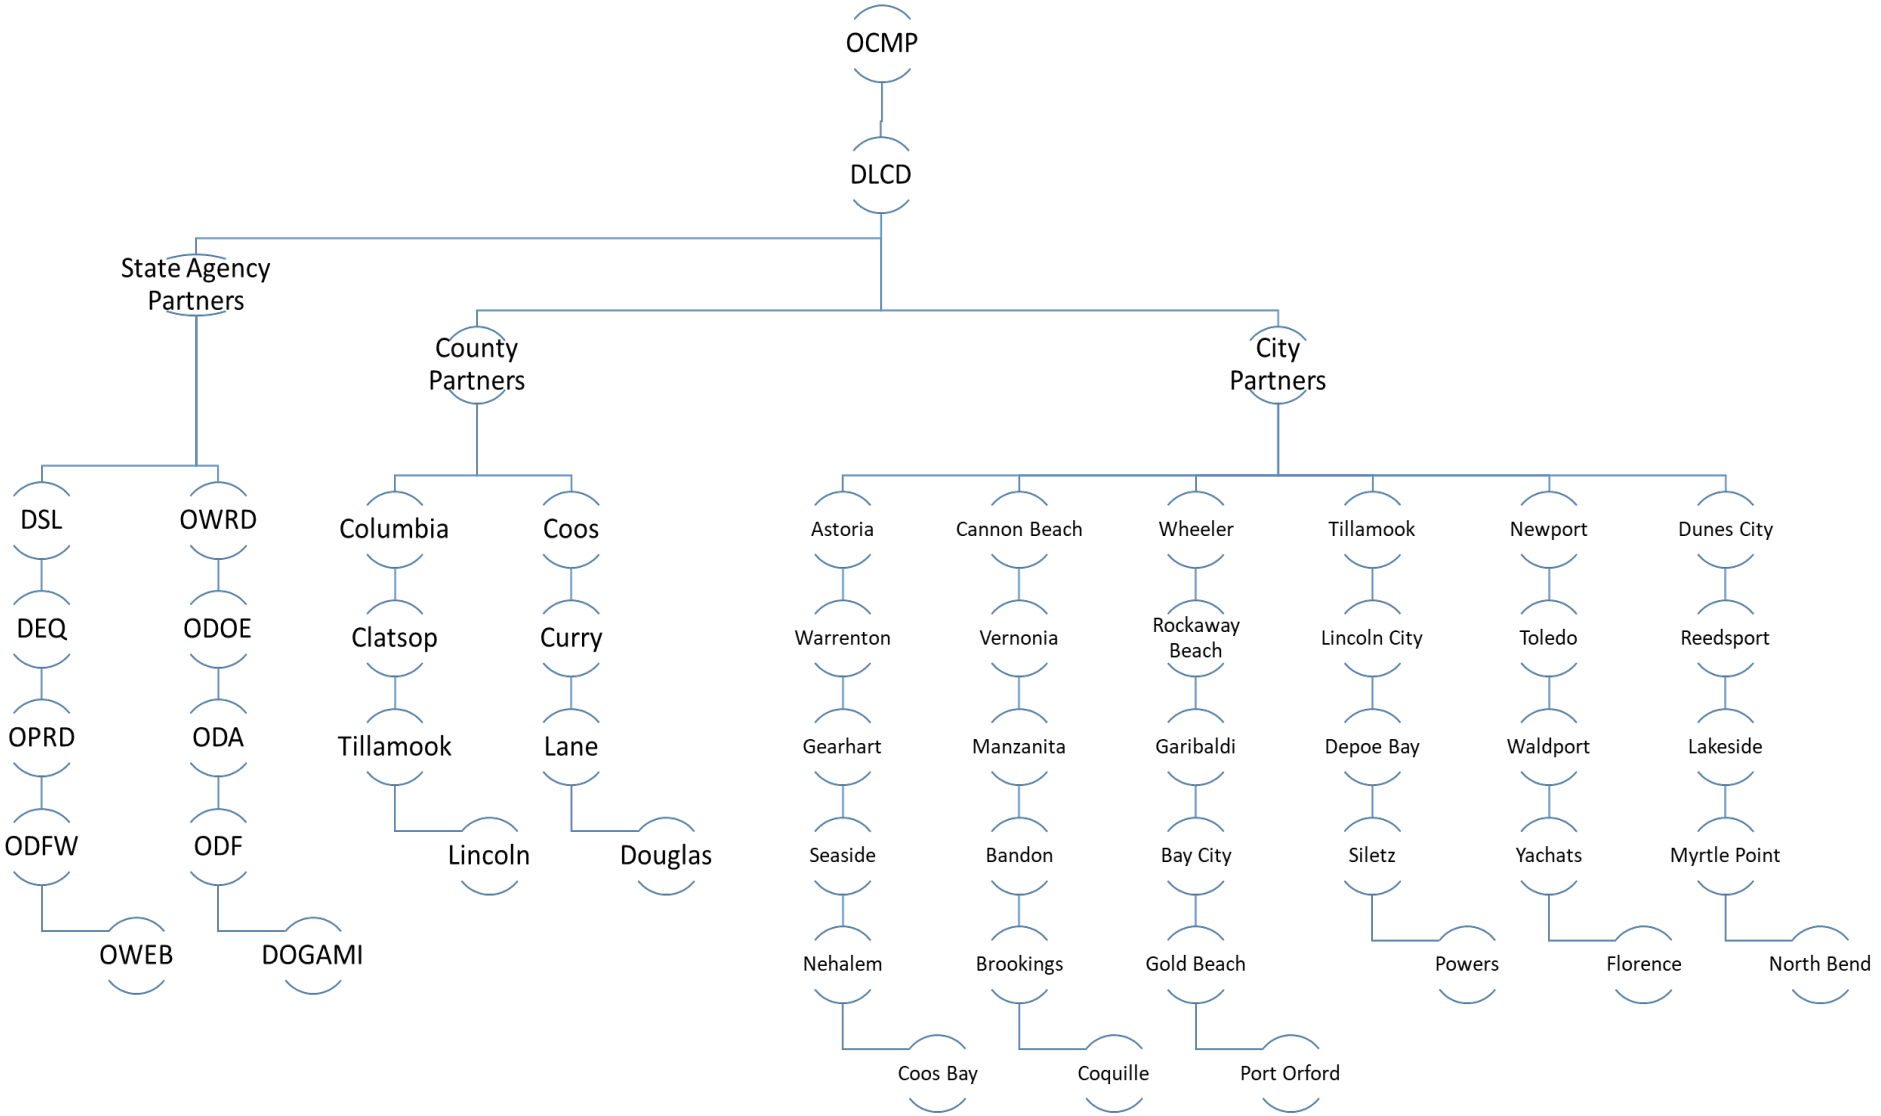

Networked Program

- A network of state and local partners that help implement the Program.

Housed within the
Department of Land Conservation and Development (DLCD)

What is the Oregon Coastal Management Program?

The Coastal Goals

A subset of Oregon's Land Use Planning Goals

Goal 17 - Shorelands

Goal 19

"To conserve marine resources and ecological functions for the purpose of providing long-term ecological, economic, and social values and benefits and **to give higher priority to the protection of renewable marine resources--i.e., living marine organisms-than to the development of non-renewable ocean resources."**

https://www.oregon.gov/lcd/OP/Pages/Goal-19.aspx

Goal 18 - Beaches & Dunes

Statewide Land Use Planning Goal 19

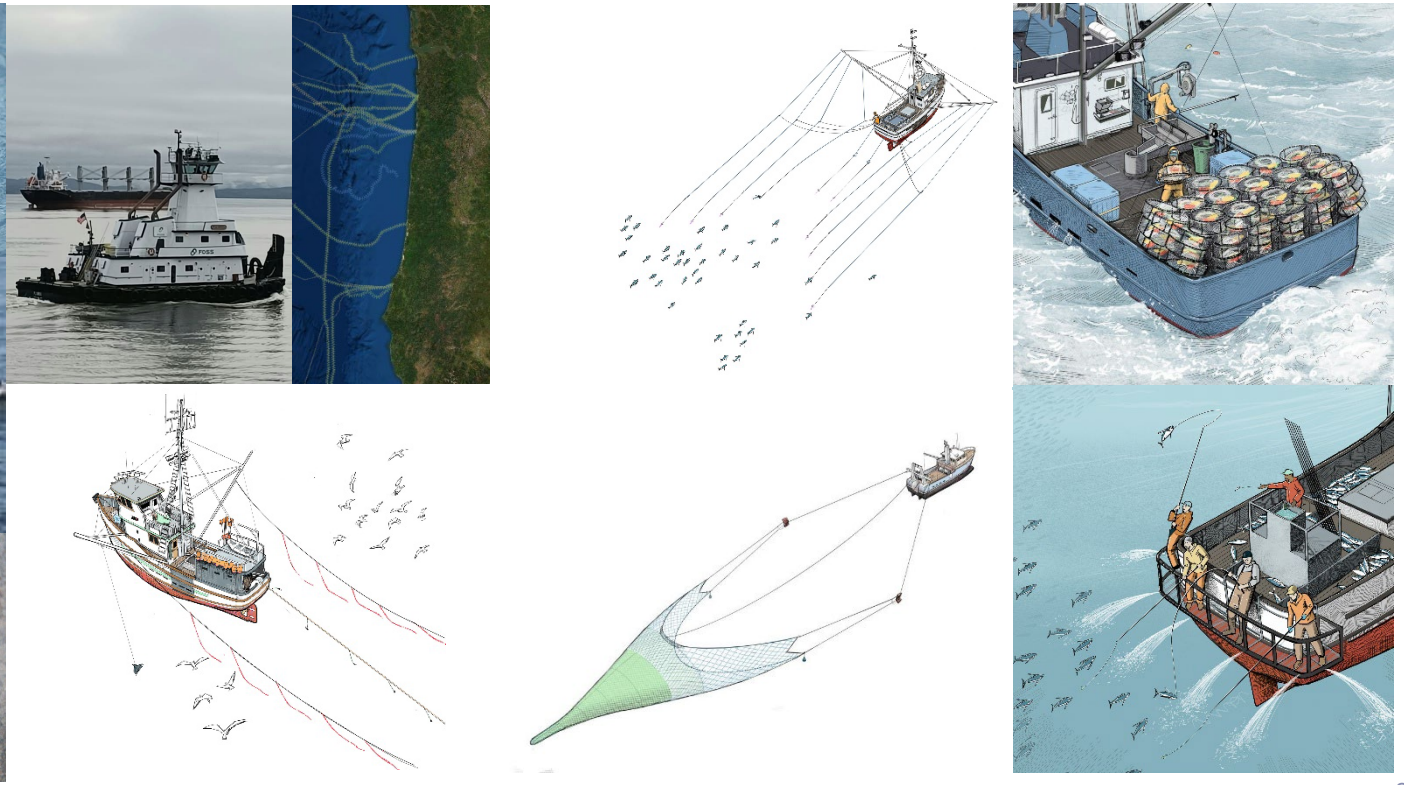

The Ocean Resources Goal

"To conserve marine resources and ecological functions for the purpose of providing long-term ecological, economic, and social values and benefits and **to give higher priority to the protection of renewable marine resources--i.e., living marine organisms-than to the development of non-renewable ocean resources."**

Ocean Resources and Beneficial Uses

Areas of Importance for Fisheries

STATE OCEAN PLANNING FRAMEWORK

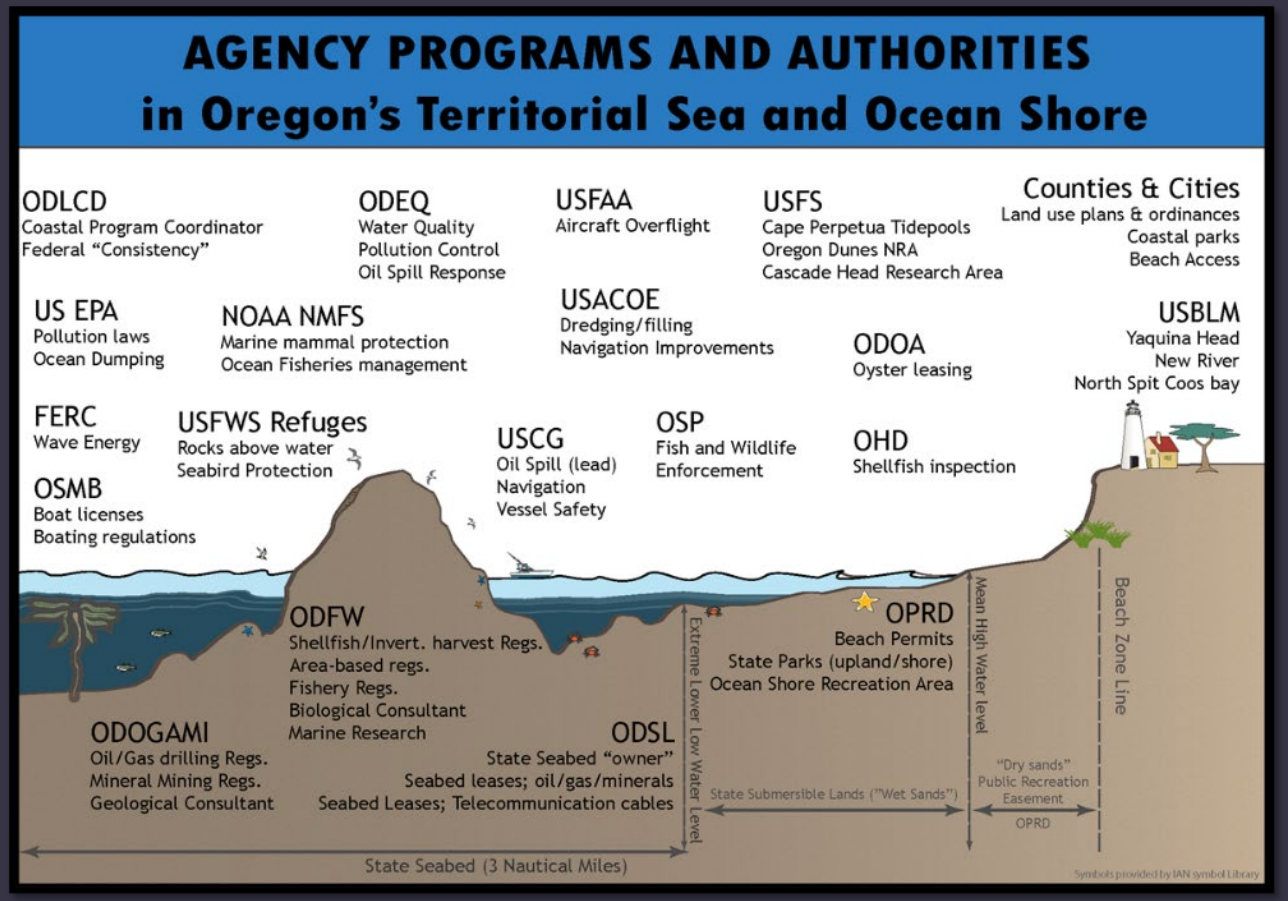

Statewide Planning Goal 19, Ocean Resources
Mandates protection of important marine habitat and areas important to fisheries.

Oregon Ocean Resources Management Act
(creates state-ocean governance structure)

Oregon Territorial Sea Plan
(contains specific policies for state ocean management)

State Agency Authorities and Programs

Ocean Policy Advisory Council
(Meetings 2 times a year, at minimum)

Break

Reconvene at: 10:35 am
