OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW OF MEASURE 37 CLAIM
Final Order and Authorization

STATE ELECTION NUMBER: D118610

CLAIMANTS:
Donald and Helen Parson
2020 NE Grant Street
Hillsboro, OR 97124

MEASURE 37 PROPERTY IDENTIFICATION:
Township 3N, Range 4W, Section 00B
Tax lot 5300
Washington County

The claimants, Donald and Helen Parson, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on June 15, 2005, for property located near Hillsboro, in Washington County. ORS 195.300 to ORS 195.336 (Measure 49) entitled claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants elected supplemental review of their Measure 37 claim under Section 7 of Measure 49. However, the claimants did not submit an appraisal consistent with the requirements in Section 8(5) of Measure 49 and did not change their election to request relief under Section 6 of Measure 49. Therefore, they were not entitled to any relief under Measure 49. ORS 195.300 to ORS 195.336 (Measure 49), as amended by Senate Bill 1049 (SB 1049) now entitles claimants who elected review under Section 7 but did not submit an appraisal consistent with the requirements in Section 8(5) of Measure 49 to elect supplemental state review of their claims; and allows the Department of Land Conservation and Development (the department) to authorize one dwelling approval to qualified claimants and, if the property does not include a vacant parcel for the dwelling, a parcel on which to site the dwelling.

The claimants have elected supplemental review of their Measure 37 claim under SB 1049, and have submitted the $2500 fee required by Section 7(2) of SB 1049 for that review.

This Final Order and Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Relief for Which the Claimants May Qualify

Under Measure 49, as amended by SB1049, the department may authorize one dwelling approval and, if the property does not include a vacant parcel for the dwelling, a parcel on which to site that dwelling.
B. Qualification Requirements

To qualify for a dwelling approval under Measure 49, as amended by SB1049, the claimants must meet each of the following requirements:

1. Timeliness of Claim

To qualify for approval of a dwelling under Measure 49, as amended by SB 1049, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Donald and Helen Parson, filed a Measure 37 claim, M118610, with the state on June 15, 2005. The claimants filed a Measure 37 claim, 37CL0240, with Washington County on June 13, 2005. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Washington County.

2. The Claimant Is an Owner of the Property

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

Findings of Fact and Conclusions:

According to the deeds submitted by the claimants, Donald and Helen Parson are the owners of fee title to the property as shown in the Washington County deed records and, therefore, are owners of the property under Measure 49.

Washington County has confirmed that the claimants are the current owners of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.
4. The Majority of the Measure 37 Claim Property Is Located Outside Any Urban Growth Boundary and Outside the Boundaries of Any City or the Measure 37 Claim Property is Located within the Boundaries of A City and Entirely Outside Any Urban Growth Boundary

Either the majority of the Measure 37 claim property must be located outside any urban growth boundary and outside the boundaries of any city or the Measure 37 claim property must be located within the boundaries of a city and entirely outside any urban growth boundary.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Washington County, outside any urban growth boundary and outside the city boundary of the nearest city, Hillsboro.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Agriculture and Forestry 20 (AF-20) by Washington County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The claimants’ property consists of 20.42 acres in one parcel. Therefore, state land use regulations prohibit the claimants from establishing one dwelling on the Measure 37 claim property.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

(a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
(b) Restricting or prohibiting activities for the protection of public health and safety;
(c) To the extent the land use regulation is required to comply with federal law; or
(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.
Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the dwelling for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant’s Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Findings of Fact and Conclusions

Washington County deed records indicate that the claimants acquired the property on June 27, 1967.

According to Washington County, on June 27, 1967, the Measure 37 claim property was subject to Washington County’s Agriculture (F-1) zone. Washington County’s F-1 zone did not prohibit the establishment of a dwelling on a vacant parcel. Therefore, the claimants lawfully could have established one dwelling on their date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on November 8, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice.

III. CONCLUSION

Based on the analysis above, the claimants qualify for one dwelling. Because the property includes a vacant parcel, the dwelling must be sited on the existing parcel within the Measure 37 claim property, and the claimants do not qualify to create an additional parcel on which to site the dwelling. Therefore, the one dwelling approval the claimants qualify for under Measure 49, as amended by SB 1049, will authorize the claimants to establish one dwelling on the Measure 37 claim property.

IV. AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimants qualify for one dwelling approval. As explained in section III above, the claimants are authorized for one dwelling on the property on which the claimants are eligible for Measure 49 relief, subject to the following terms:
1. The establishment of a dwelling based on a Measure 49 authorization must comply with all applicable standards governing siting or development. However, those standards must not be applied in a manner that prohibits the establishment of the dwelling unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.

2. An authorization under Measure 49 does not allow the establishment of a dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).

3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.

4. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert a temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 dwelling approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

5. An authorization under Measure 49 only allows the establishment of a new dwelling on the property for which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed, or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief.

6. The claimants may use an authorization to convert an unauthorized or nonconforming dwelling currently located on the claim property into an allowed use.

7. The claimants may not implement the relief described in a Measure 49 authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then any Measure 49 authorization for the property will be void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be authorized using this approval.

8. An authorization under Measure 49 does not allow the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to partition a lot or parcel currently in existence on the Measure 37 claim property so that the authorized dwelling established on the property is sited on a separate lot or parcel.
9. If the property described in a claim is divided by an urban growth boundary, any new
dwelling, and the lot or parcel for that dwelling that is established on the property pursuant to
this authorization must be located on the portion of the property outside the urban growth
boundary.

10. Because the property is located in an exclusive farm use zone, the owner must comply with
the requirements of ORS 215.293 before beginning construction.

11. If an owner of the property is authorized by other home site approvals to subdivide, partition,
or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the
owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise
be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest
zone on a single Measure 37 claim property that is zoned residential use or is located in an
exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for
farm or forest use than the other Measure 37 claim properties.

12. Once the department issues a final authorization, a dwelling established pursuant to that
authorization will run with the property and will transfer with the property. An authorization
will not expire, except that if a claimant who received an authorization later conveys the
property to a party other than the claimant’s spouse or the trustee of a revocable trust in
which the claimant is the settlor, the subsequent owner of the property must establish the
authorized dwelling and lot or parcel, within 10 years of the conveyance. A dwelling lawfully
created based on this authorization is a permitted use.
IT IS HEREBY ORDERED that this Final Order and Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
