The claimants, James and Sandra Van DeWalle, filed a claim with Yamhill County under ORS 197.352 (2005) (Measure 37) on November 21, 2006, for property located at 16661 NW Willis Road, near McMinnville, in Yamhill County. The claimants did not file a state Measure 37 claim. ORS 195.300 to ORS 195.336 (Measure 49), as amended by Senate Bill 1049 (SB 1049) entitles claimants who filed Measure 37 claims only with the county in which the claim property is located to elect supplemental state review of their claims; and allows the Department of Land Conservation and Development (the department) to authorize one dwelling approval to qualified claimants and, if the property does not include a vacant parcel for the dwelling, a parcel on which to site the dwelling.

The claimants have elected supplemental review of their Yamhill County Measure 37 claim under SB 1049, and have submitted the $2500 fee required by Section 7(2) of SB 1049 for that review.

This Final Order and Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Relief for Which the Claimants May Qualify

Under Measure 49, as amended by SB 1049, the department may authorize one dwelling approval and, if the property does not include a vacant parcel for that dwelling, a parcel on which to site the dwelling.

B. Qualification Requirements

To qualify for a dwelling approval under Section 6 of Measure 49, as amended by SB 1049, the claimants must meet each of the following requirements:

1. Timeliness of Claim

To qualify for approval of a dwelling under Measure 49, as amended by SB 1049, a claimant must have filed, and not withdrawn, a valid Measure 37 claim with the county in which the claim property is located before Measure 49 became effective on December 6, 2007; and the county must have provided a certified copy of the claim to the department no later than June 30, 2010.

Findings of Fact and Conclusions

The claimants, James and Sandra Van DeWalle, filed a Measure 37 claim, M37-115-06, with Yamhill County on November 21, 2006. Yamhill County provided a certified copy of that claim to the department on May 4, 2010.

The claimants filed a timely Measure 37 claim with Yamhill County in order to be eligible for supplemental review under SB 1049.

2. The Claimant Is an Owner of the Property

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

Findings of Fact and Conclusions:

According to the documents submitted to the county by the claimants, James and Sandra Van DeWalle are the owners of fee title to the property as shown in the Yamhill County deed records and, therefore, are owners of the property under Measure 49.

Yamhill County has confirmed that the claimants are the current owners of the property.
3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Majority of the Measure 37 Claim Property Is Located Outside Any Urban Growth Boundary and Outside the Boundaries of Any City or the Measure 37 Claim Property is Located within the Boundaries of A City and Entirely Outside Any Urban Growth Boundary

Either the majority of the Measure 37 claim property must be located outside any urban growth boundary and outside the boundaries of any city or the Measure 37 claim property must be located within the boundaries of a city and entirely outside any urban growth boundary.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Yamhill County, outside any urban growth boundary and outside the city boundary of the nearest city, McMinnville.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Agriculture/Forestry (AF-80) by Yamhill County, in accordance with Goals 3 and 4, as implemented by OAR 660-006-0050. State land use regulations, including applicable provisions of ORS chapter 215 and OAR 660, divisions 6 and 33, generally prohibit the establishment of a lot or parcel less than 80 acres in size in a mixed farm/forest zone and regulate the establishment of dwellings on new or existing lots or parcels.

The claimants’ property consists of 78.33 acres in one parcel and is developed with one dwelling. Therefore, state land use regulations prohibit the claimants from establishing one additional dwelling on the Measure 37 claim property and a parcel on which to site that dwelling.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

(a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
(b) Restricting or prohibiting activities for the protection of public health and safety;
(c) To the extent the land use regulation is required to comply with federal law; or
(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of an additional dwelling and a lot or parcel on which to site the dwelling is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant’s Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Findings of Fact and Conclusions

Yamhill County records indicate that the claimants acquired the property on March 27, 1990.

The Measure 37 claim property consists of 78.33 acres, and is developed with one dwelling.

On March 27, 1990, the Measure 37 claim property was subject to Yamhill County’s acknowledged Exclusive Farm Use-40 (EF-40) and Agriculture/Forestry-20 (AF-20) zones. Yamhill County’s acknowledged EF-40 and AF-20 zones allowed the creation of a retirement separation as determined by an administrative review process. The election materials included a letter from the Yamhill County Planning Manager in response to a query by the claimants’ agent. In his response letter, the Planning Manager states that on the claimants’ acquisition date, the claim property was predominantly zoned EF-40, and a small corner of the claim property was zoned AF-20. The Planning Manager continues, “In 1990, the EF-40 zone was regulated by Section 402 (Ordinance 468) of the Yamhill County Zoning Ordinance. In your letter you go through statements related to the criteria in YCZO Subsection 402.07. In addition to the criteria that you discussed in your letter, the applicant was also subject to the Yamhill County Land Division Ordinance. Subsection 7.060(1) was added April 15, 1987, by Ordinance 444. I have also reviewed your proposal in light of these standards and the retirement separation you describe fits within the approval criteria that was in effect on March 27, 1990. I agree with your conclusions that it is reasonable to believe that the applicant could have eventually qualified for a retirement separation if the law had not changed.”

Therefore, based on the determination by Yamhill County, the claimants lawfully could have established one additional dwelling on a separate lot or parcel on their date of acquisition.
II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on November 29, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice.

III. CONCLUSION

Based on the analysis above, the claimants qualify for one dwelling. Because the Measure 37 claim property includes only one parcel that is already developed with one dwelling, the claimants also qualify to divide the claim property to create one additional lot or parcel on which to establish the dwelling. Therefore, the one dwelling approval the claimants qualify for under Section 6 of Measure 49, as amended by SB 1049, will authorize the claimants to establish one additional dwelling and one additional lot or parcel on which to site the dwelling on the Measure 37 claim property.

IV. AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimants qualify for one dwelling approval. As explained in section III above, the claimants are authorized for one additional dwelling and one additional lot or parcel on which to site the dwelling on the property on which the claimants are eligible for Measure 49 relief, subject to the following terms:

1. The establishment of a dwelling and a lot or parcel for that dwelling based on a Measure 49 authorization must comply with all applicable standards governing siting or development. However, those standards must not be applied in a manner that prohibits the establishment of the dwelling, and the lot or parcel for that dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.

2. An authorization under Measure 49 does not allow the establishment of a dwelling, and lot or parcel for that dwelling, in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).

3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.

4. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert a temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 dwelling approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

5. An authorization under Measure 49 only allows the establishment of a new dwelling, and lot or parcel for that dwelling, on property on which the claimants are eligible for Measure 49
relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed, or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to this authorization must site the dwelling that may be established pursuant to this authorization.

6. The claimants may use an authorization to convert an unauthorized or nonconforming dwelling currently located on the claim property into an allowed use.

7. The claimants may not implement the relief described in a Measure 49 authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then any Measure 49 authorization for the property will be void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be authorized using this approval.

8. An authorization under Measure 49 does not allow the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to partition a lot or parcel currently in existence on the Measure 37 claim property so that the authorized dwelling established on the property is sited on a separate lot or parcel.

9. If the property described in a claim is divided by an urban growth boundary, any new dwelling, and the lot or parcel for that dwelling that is established on the property pursuant to this authorization must be located on the portion of the property outside the urban growth boundary.

10. Because the property is located in a mixed farm and forest zone, the new lot or parcel created for the authorized dwelling cannot exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction in one of these zones, the owner must comply with the requirements of ORS 215.293. Further, this authorization will not allow a new lot or parcel that exceeds two acres if the new lot or parcel is located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.

11. Because the property is in a mixed farm and forest zone, Measure 49 requires the new lot or parcel to be located so as to maximize suitability of the remnant lot or parcel for farm or forest use. If an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
IT IS HEREBY ORDERED that this Final Order and Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
