

OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order and Home Site Authorization

STATE ELECTION NUMBER:

E118734¹

CLAIMANT:

Florence B. Erickson
12436 SW 12th Street
Beaverton, OR 97005

MEASURE 37 PROPERTY
IDENTIFICATION:

Township 1S, Range 4E, Section 31A
Tax lot 600
Clackamas County

CONTACT INFORMATION:

Bill Erickson
1043 NW Skyline Blvd
Portland, OR 97229

Robert V. Erickson
17803 50th Court S
SeaTac, WA 98188

The claimant, Florence Erickson, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 4, 2006, for property located at 29455 Haley Road and Highway 26, in Clackamas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of her Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

¹ On September 10, 2009 the department issued a preliminary evaluation for the property that is the subject of claim E118734 under the claim number E133835. However, that preliminary evaluation was issued in error. Measure 49, Section 6(5) specifies:

If multiple claims were filed for the same property, the number of lots, parcels or dwellings that may be established for purposes of subsection (2)(a) of this section is the number of lots, parcels or dwellings in the most recent waiver issued by the state before the effective date of this 2007 Act or, if a waiver was not issued, the most recent claim filed with the state, but not more than three in any case.

In this case, the claimant filed two claims for the same property. The most recent waiver for the property was issued under claim M118374. The department did not issue a waiver under claim M133835. Therefore, as specified in Measure 49, Section 6(5) the department may only consider the relief described in the waiver for M118374 in determining the relief that the claimant is eligible for under Measure 49. This final order regarding E118734 thus supersedes the preliminary evaluation issued under E133835.

This Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimant May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested three home site approvals in the election material. The waiver issued for this claim described non-residential uses.

Measure 49, Section 6(4) provides:

(4) If a claim was for a use other than a subdivision or partition of property, or other than approval for establishing a dwelling on the property, the claimant may amend the claim to seek one or more home site approvals under this section.

The claimant may amend her claim for non-residential uses under Measure 37 claim to request home site approvals under Measure 49. Therefore, the claimant may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimant must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimant, Florence Erickson, filed a Measure 37 claim, M118734, with the state on July 8, 2005. The claimant filed a Measure 37 claim, ZC198-05, with Clackamas County on July 8, 2005. The state claim was filed prior to December 4, 2006.

The claimant timely filed a Measure 37 claim with both the state and Clackamas County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed and trust documents submitted by the claimant, Florence Erickson is the settlor of a revocable trust into which she conveyed the Measure 37 claim property.

Clackamas County has confirmed that the claimant is the current owner of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Clackamas County, outside the urban growth boundary and outside the city limits of the nearest city, Sandy.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Exclusive Farm Use (EFU) by Clackamas County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The claimant's property consists of 13.44 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the three home sites the claimant may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimant, it does not appear that the establishment of the three home sites for which the claimant may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Clackamas County deed records indicate that the claimant acquired the property on October 18, 1963.

On October 18, 1963, the Measure 37 claim property was not subject to any local or state laws that would have prohibited the claimant from establishing at least three lots or parcels and at least three dwellings. Therefore, the claimant lawfully could have established the three home sites the claimant qualifies for under Section 6 of Measure 49.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on February 3, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order and Home Site Authorization. Specifically, the claimant's attorney submitted comments asserting that the claimant should be entitled to authorization of home site approvals in addition to the non-conforming completed light industrial or commercial uses established on the property pursuant to the Measure 37 waiver for claim M118734.

The comments argue that the department improperly concluded that a non-conforming use is "on par with" a common law vested right. However, the Preliminary Evaluation did not make such a conclusion, but rather indicated that the claimant may not implement relief under both Measure 37 and Measure 49 based on the same waiver. This is apparent in provisions of Measure 49:

First, Section 11(7) expressly mandates that once a claimant obtains relief under Sections 6, 7 or 9, that is all the relief the claimant is entitled to:

(7) When relief has been claimed under sections 5 to 11 of this 2007 Act:

(a) Additional relief is not due; and

(b) An additional claim may not be filed, compensation is not due and a waiver may not be issued with regard to the property under sections 5 to 22 of this 2007 Act [195.305 to 195.336 and sections 5 to 11 of this 2007 Act] or ORS 197.352 [renumbered 195.305] as in effect immediately before the effective date of this 2007 Act [December 6, 2007], except with respect to a land use regulation enacted after January 1, 2007.

Consistent with this provision, the Oregon Supreme Court has indicated that Measure 49 replaces all uses pursuant to a Measure 37 waiver that are not vested. *Corey v. DLCD*, 344 Or 457, 466-467 (2008). Claiming relief under Measure 49 therefore limits a claimant to that one form of relief.

Second, Section 5 of Measure 49 (2007) sets forth the only relief that is available under Measure 49. That relief is limited to authorization of home site approvals under Sections 6, 7 or 9 or a use consistent with a claimant's Measure 37 waiver if that use is vested at common law. A claimant implementing relief under Measure 49 is thus limited to implementing either a home site authorization or a vested use described in a Measure 37 waiver.

Third, to qualify for relief that is available under Measure 49 the claimant had to have amended her Measure 37 relief request under Section 6(4) of Measure 49.

Therefore, if the claimant is implementing or has implemented the light industrial or commercial use described in her Measure 37 waiver for claim M118734 the claimant may not implement the relief described in this home site authorization because to do so would allow dual relief in violation of Section 11(7) of Measure 49; would allow implementation of relief under Measure 49 that is not available under Measure 49 in violation of Section 5 of Measure 49; and would allow the claimant to implement relief under Measure 49 without amending her Measure 37 relief request in violation of Section 6(4) of Measure 49.

III. CONCLUSION

Based on the analysis above, the claimant qualifies for up to three home sites. The number of lots, parcels or dwellings that a claimant may establish pursuant to a home site authorization, however, is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. However, the claimant may not implement the light industrial or commercial use described in her Measure 37 waiver and also be eligible for home site approvals because Measure 49, Section 6(4) requires a claimant to amend a claim for non-residential use in order to request home site approvals.

Therefore, if the claimant is implementing or has implemented the light industrial or commercial use described in her Measure 37 waiver for claim M118734 the claimant may not establish any development pursuant to a Measure 49 Home Site Authorization for E118734.

Based on the documentation provided by the claimant and information from Clackamas County, the Measure 37 claim property includes one lot or parcel and one dwelling. There is no contiguous property under the same ownership. Therefore, the three home site approvals the claimant qualifies for under Section 6 of Measure 49 will authorize the claimant to establish up to two additional lots or parcels and two additional dwellings on the Measure 37 claim property.

IV. HOME SITE AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimant qualifies for three home site approvals. As explained in section III above, after taking into account the number of existing lots, parcels or dwellings, the claimant is authorized for two additional lots or parcels and two additional dwellings on the property on which the claimant is eligible for Measure 49 relief. However, if the claimant is implementing or has implemented the light industrial or commercial use described in her Measure 37 waiver for claim M118734, the claimant may not establish any development pursuant to a Measure 49 Home Site Authorization for E118734. Measure 49 relief is subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimant is eligible for Measure 49 relief. The establishment of a land division or dwelling based on this home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.

2. This home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed. If the claimant has developed the limit of twenty home sites under Measure 49, the claimant is no longer eligible for the home site approvals that are the subject of this order.
4. The number of lots, parcels or dwellings a claimant may establish under this home site authorization is reduced by the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If, based on the information available to the department, the department has calculated the number of currently existing lots, parcels or dwellings to be either greater than or less than the number of lots, parcels or dwellings actually in existence on the Measure 37 claim property or contiguous property under the same ownership, then the number of additional lots, parcels or dwellings a claimant may establish pursuant to this home site authorization must be adjusted according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimant may choose to convert any temporary dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site pursuant to a home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on the property on which the claimant is eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which the claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the site of a dwelling that may be established pursuant to the home site approval.
7. The claimant may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site. If the number of lots, parcels or dwellings existing on the property on which the claimant is eligible for Measure 49 relief exceeds the number of home site approvals the claimant qualifies for under a home site authorization, the claimant may select which existing lots, parcels or dwellings to convert to authorized home sites; or may

reconfigure existing lots, parcels or dwellings so that the number is equivalent to the number of home site approvals.

8. The claimant may not implement the relief described in this Measure 49 home site authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimant may be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property so that each additional dwelling established on the property on which the claimant is eligible for Measure 49 relief, pursuant to this home site authorization, is sited on a separate lot or parcel.
10. Because the property is located in an exclusive farm use zone, the home site authorization does not authorize new lots or parcels that exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction, the owner must comply with the requirements of ORS 215.293. Further, the home site authorization will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.
11. Because the property is located in an exclusive farm use zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site authorizations to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. If the claimant transferred ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the

claimant is the settlor, the subsequent owner of the property must establish the authorized lots, parcels and dwellings within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.

13. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND
CONSERVATION AND DEVELOPMENT
COMMISSION:

Judith Moore, Division Manager
Dept. of Land Conservation and Development
Dated this 21st day of April 2010

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that is the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
