OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT
ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order of Denial

STATE ELECTION NUMBER: E122220

CLAIMANT: Mark A. Lindland
21447 S Westby Lane
Beavercreek, OR 97004

MEASURE 37 PROPERTY
IDENTIFICATION: Township 4S, Range 3E, Section 10
Tax lot 2801
Clackamas County

The claimant, Mark Lindland, filed a claim under ORS 197.352 (2005) (Measure 37) on September 7, 2005 for property located at 21447 South Westby Lane, near the community of Beavercreek, in Clackamas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of his Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimant May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested three home site approvals in the election material. The Measure 37 waiver issued for this claim describes more than three home sites. Therefore, the claimant may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimant must meet each of the following requirements:
1. **Timeliness of Claim**

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

**Findings of Fact and Conclusions**

The claimant, Mark Lindland, filed a Measure 37 claim, M122220, with the state on September 7, 2005. The claimant filed a Measure 37 claim, ZC245-06, with Clackamas County on August 17, 2005. The state claim was filed prior to December 4, 2006.

The claimant timely filed a Measure 37 claim with both the state and Clackamas County.

2. **The Claimant Is an Owner of the Property**

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

**Findings of Fact and Conclusions:**

According to the deed submitted by the claimant, Mark Lindland is the owner of fee title to the property as shown in the Clackamas County deed records and, therefore, is an owner of the property under Measure 49.

Clackamas County has confirmed that the claimant is the current owner of the property.

3. **All Owners of the Property Have Consented in Writing to the Claim**

All owners of the property must consent to the claim in writing.

**Findings of Fact and Conclusions:**

All owners of the property have consented to the claim in writing.
4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Clackamas County, outside any urban growth boundary and outside any city limits, near the community of Beavercreek.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Agriculture/Forest (AG/F) by Clackamas County, in accordance with Goals 3 and 4, as implemented by OAR 660-006-0050. State land use regulations, including applicable provisions of ORS chapter 215 and OAR 660, divisions 6 and 33, generally prohibit the establishment of a lot or parcel less than 80 acres in size in a mixed farm/forest zone and regulate the establishment of dwellings on new or existing lots or parcels.

The claimant’s property consists of 6.93 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the three home sites the claimant may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

(a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
(b) Restricting or prohibiting activities for the protection of public health and safety;
(c) To the extent the land use regulation is required to comply with federal law; or
(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions:

Based on the documentation submitted by the claimant, it does not appear that the establishment of the three home sites for which the claimant may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).
7. **On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49**

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

**Findings of Fact and Conclusions**

Clackamas County deed records indicate that the claimant acquired the property on March 10, 1978.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Clackamas County’s comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On March 10, 1978, the Measure 37 claim property was zoned Rural Agricultural Residential (RA-1) by Clackamas County. Clackamas County’s RA-1 zone included a fixed minimum acreage standard of one acre. However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on March 10, 1978. Accordingly, the statewide planning goals, and in particular Goals 3 and 4, and ORS chapter 215 applied directly the Measure 37 claim property when the claimant acquired it.

On December 21, 1982, the Commission acknowledged the application of Clackamas County’s Transitional Timber (TT-20) zone to the Measure 37 claim property. The Commission’s acknowledgement of Clackamas County’s TT-20 zone confirmed that zone’s compliance with Goals 3 and 4 and ORS chapter 215. Clackamas County’s acknowledged TT-20 zone required 20 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimant’s property consists of 6.93 acres and is developed with a dwelling. Therefore, on the claimant’s acquisition date, he could not have established any additional home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county’s acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that subject to consistency with local land use regulations in effect when they acquired the Measure 37 claim property, claimants whose property consists of less than 20 acres are eligible for one home site approval, including existing development.
The Measure 37 claim property consists of 6.93 acres and is developed with one dwelling. Therefore, based on the analysis under SB 1049 (2010), the claimant was not lawfully permitted to establish any additional home sites on the Measure 37 claim property on his date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on March 22, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order of Denial. Specifically, the claimant commented that he should be entitled to an additional home site based on the zoning in effect when he acquired the property because neither Goal 3 nor Goal 4 would have applied to his property. As indicated above, SB 1049 specifies the lawfully permitted analysis for properties acquired after adoption of the statewide planning goals, but before the Commission acknowledged Clackamas County's comprehensive plan and land use regulations to be in compliance with those goals. Because the claimant acquired tax lot 2801 within this time period, SB 1049 determines the extent of development that was lawfully permitted when evaluating claimant's entitlement to Measure 49 relief. Although the claimant included two examples of partitions on RA-1 zoned land approved by Clackamas County in 1979, these documents do not demonstrate that the claimant would have been lawfully permitted to a land division and development of the claimant's property. Based on the analysis under SB 1049 articulated above, the claimant was lawfully permitted to establish one home site on the Measure 37 claim property on his date of acquisition. As the property already includes a dwelling, the claimant cannot establish any additional home sites.

III. CONCLUSION

Based on the analysis above, the claimant does not qualify for home site approvals under Section 6 of Measure 49 because he was not lawfully permitted to establish any additional lots, parcels, or dwellings on his date of acquisition.
IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
