December 18, 2009

John and Carol Harrell

Dear John and Carol Harrell:

During the 2009 legislative session, the Oregon State Legislature amended Measure 49 through the passage of House Bill 3225. Section 7 of House Bill 3225 states that "a claimant is not entitled to implement relief under the theory of common law vested right and under sections 5 to 11, chapter 424, Oregon law 2007 [Measure 49]."

The Department of Land Conservation and Development (the department) records indicate that you submitted a Measure 49 Election, requesting supplemental review of claim M125234 under section 6 of Measure 49.

Based upon an October 2, 2008 Curry County vested rights determination, it appears that you have been determined to have a common law vested right to complete and continue a use described in your Measure 37 waiver. Accordingly, under HB 3225 you are not entitled to supplemental review of your Measure 37 claim under Measure 49. As a result, your Measure 49 Election will not be further processed. Claim M 125234 will be closed and the department will take no further action regarding the review of the claim.

If the department's information is not correct and you have not received a final vested rights determination, or if you have any questions regarding your entitlement to relief under Measure 49, please contact this office at 503 373-0050 ext 324 or via e-mail at [measure49.info@state.or.us](mailto:measure49.info@state.or.us).

This correspondence concerning claim M 125234 is a Final Order from the department in other than a contested case. Please note that you have the right to petition the agency for reconsideration or judicial review of this Final Order under ORS 183.484.

Sincerely,

Judith Moore  
Division Manager
