

OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order and Home Site Authorization

STATE ELECTION NUMBER:

E129665

CLAIMANTS:

Cordell and Elise Tittle
15357 Union School Road
Woodburn, OR 97071

MEASURE 37 PROPERTY
IDENTIFICATION:

Township 5S, Range 1W, Section 15
Tax lot 1200¹
Marion County

The claimants, Cordell and Elise Tittle, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on July 13, 2006, for property located at 15207 and 15357 Union School Road NE, near Woodburn, in Marion County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested three home site approvals in the election material. The Measure 37 waiver issued for this claim describes three home sites. Therefore, the claimants may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

¹ The Measure 37 claim property consisted of tax lot 1200. Tax lot 1200 has since been partitioned into tax lot 1200 and tax lot 1202.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Cordell and Elise Tittle, filed a Measure 37 claim, M129665, with the state on July 13, 2006. The claimants filed a Measure 37 claim, M06-52, with Marion County on July 13, 2006. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Marion County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed submitted by the claimants, Cordell and Elise Tittle are the owners of fee title to tax lot 1200 of the Measure 37 claim property as shown in the Marion County deed records and, therefore, are owners of tax lot 1200 of the property under Measure 49.

According to the information obtained from Marion County, the claimants, Cordell and Elise Tittle have not established their ownership of tax lot 1202 of the M37 claim property for the purposes of Measure 49 because they are no longer owners of tax lot 1202.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Marion County, outside the urban growth boundary and outside the city limits of the nearest city, Woodburn.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Exclusive Farm Use (EFU) by Marion County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The Measure 37 claim property consists of 78.11 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the three home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Marion County deed records indicate that the claimants acquired the property on December 15, 1975.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Marion County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Farm (F-20) by Marion County. Marion County's F-20 zone included a fixed minimum acreage standard of 20 acres. However, the Commission had not acknowledged that zone for compliance with the goals. When the claimants acquired the property on December 15, 1975, the statewide planning goals, and in particular Goal 3 and ORS chapter 215, applied directly to the Measure 37 claim property.

On October 18, 1981, the Measure 37 claim property was subject to Marion County's acknowledged Exclusive Farm Use (EFU) zone. Although the Commission acknowledged Marion County's EFU zone for compliance with the statewide planning goals, the zone did not establish a fixed minimum acreage standard for the creation of a lot or parcel on which a dwelling could be established. Rather, applications for division and development were evaluated on a case-by-case basis to ensure compliance with the Goals and the applicable requirements of ORS chapter 215. The claimants have submitted documentation establishing that Marion County conducted such an administrative review, Partitioning Case No. 07-8, and determined that the claimants satisfied the standards and criteria then in effect for establishing two home sites on the 78.11-acre subject property when the claimants acquired the property. Therefore, the claimants lawfully could have established two home sites on the Measure 37 claim property on the claimants' date of acquisition.

Because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the

2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish.

The record for the claim establishes that two home sites would have been lawfully permitted at the time the claimant acquired the property. In particular the April 17, 2007 decision issued by Marion County evaluated a three-lot partition request for the subject property. Following specific evaluation and findings of goal compliance, the County issued a modified approval, finding that at the time the claimants acquired the property, they would have been lawfully permitted to establish two parcels and two dwellings on the subject property. Accordingly, based on the record established for this claim, two home sites would have been lawfully permitted at the time the claimants acquired the property.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on March 11, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order and Home Site Authorization. Specifically, the claimants questioned the department's conclusion that they are eligible for only two home site approvals. As discussed above, based on specific findings of goal compliance, the record for this claim establishes that the claimants would have been lawfully permitted to establish two home sites on the date they acquired the property.

III. CONCLUSION

Based on the analysis above, the claimants qualify for up to two home sites. However, the claimants do not qualify for any relief on tax lot 1202 because the claimants no longer own newly configured tax lot 1202 of the Measure 37 claim property. Because the Measure 37 claim property includes one lot or parcel that has been transferred to a different owner, the number of home site approvals that the claimants qualify for on the portion of the property that they currently own is reduced to one. The number of lots, parcels or dwellings that a claimant may establish pursuant to a home site authorization is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49.

Based on the documentation provided by the claimants and information from Marion County, the Measure 37 claim property currently includes one lot or parcel in the ownership of the claimants that is developed with one dwelling, and one lot or parcel that is not in the ownership of the claimants that is developed with one dwelling. As demonstrated by Marion County deed records the claimants also own tax lots 1001 and 1100 (T5S R1W S10) which are contiguous to the Measure 37 claim property. The contiguous property under the same ownership includes two undeveloped lots or parcels. Together, the Measure 37 claim property and the contiguous property in the same ownership include four lots or parcels and two dwellings. Therefore, the

one home site approval the claimants qualify for under Section 6 of Measure 49 will authorize the claimants to authorize the existing lot or parcel and to authorize or replace the existing dwelling on tax lot 1200 of the Measure 37 claim property.

IV. HOME SITE AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimants qualify for one home site approval. As explained in section III above, after taking into account the number of existing lots, parcels or dwellings, the claimants are authorized to authorize the existing lot or parcel and to authorize or replace the existing dwelling on tax lot 1200 of the property on which the claimants are eligible for Measure 49 relief, subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimants are eligible for Measure 49 relief. The establishment of a land division or dwelling based on this home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. This home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed. If the claimants have developed the limit of twenty home sites under Measure 49, the claimants are no longer eligible for the home site approvals that are the subject of this order.
4. The number of lots, parcels or dwellings a claimant may establish under this home site authorization is reduced by the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If, based on the information available to the department, the department has calculated the number of currently existing lots, parcels or dwellings to be either greater than or less than the number of lots, parcels or dwellings actually in existence on the Measure 37 claim property or contiguous property under the same ownership, then the number of additional lots, parcels or dwellings a claimant may establish pursuant to this home site authorization must be adjusted according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert any temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to

an authorized home site pursuant to a home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on the property on which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which the claimants are not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the site of a dwelling that may be established pursuant to the home site approval.
7. The claimants may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site. If the number of lots, parcels or dwellings existing on the property on which the claimants are eligible for Measure 49 relief exceeds the number of home site approvals the claimants qualify for under a home site authorization, the claimants may select which existing lots, parcels or dwellings to convert to authorized home sites; or may reconfigure existing lots, parcels or dwellings so that the number is equivalent to the number of home site approvals.
8. The claimants may not implement the relief described in this Measure 49 home site authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property so that each additional dwelling established on the property on which the claimants are eligible for Measure 49 relief, pursuant to this home site authorization, is sited on a separate lot or parcel.
10. Because the property is located in an exclusive farm use zone, the home site authorization does not authorize new lots or parcels that exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction, the owner must comply with the requirements of ORS 215.293. Further, the home site authorization will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.

11. Because the property is located in an exclusive farm use zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site authorizations to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. If the claimants transferred ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lots, parcels and dwellings within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
13. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND
CONSERVATION AND DEVELOPMENT
COMMISSION:

Judith Moore, Division Manager
Dept. of Land Conservation and Development
Dated this 29th day of April 2010

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that is the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
