OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW OF MEASURE 37 CLAIM
Final Order of Denial

STATE ELECTION NUMBER: E129975

CLAIMANTS: Donald and Joyce Reinig
1500 Country Club Road
Hood River, OR 97031

MEASURE 37 PROPERTY IDENTIFICATION: Township 2N, Range 10E, Section 4D
Tax lot 3701
Hood River County

The claimants, Donald and Joyce Reinig, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on September 5, 2006, for property located at 1500 Country Club Road, near Hood River, in Hood River County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested three home site approvals in the election material. The Measure 37 waiver issued for this claim describes three home sites. Therefore, the claimants may qualify for a maximum of three home site approvals under Section 6.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:
1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Donald and Joyce Reinig, filed a Measure 37 claim, M129975, with the state on September 5, 2006. The claimants filed a Measure 37 claim, 06-M045, with Hood River County on September 9, 2006. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Hood River County.

2. The Claimant Is an Owner of the Property

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

Findings of Fact and Conclusions:

According to the deeds submitted by the claimants, Donald and Joyce Reinig are the owners of fee title to the property as shown in the Hood River County deed records and, therefore, are owners of the property under Measure 49.

Hood River County has confirmed that the claimants are the current owners of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.
Findings of Fact and Conclusions:

The Measure 37 claim property is located in Hood River County, outside the urban growth boundary and outside the city limits of the nearest city, Hood River.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Rural Residential (RR-2.5) by Hood River County, in accordance with Goal 14, which prohibits the urban use of rural land and requires local comprehensive plans to identify and separate urbanizable from rural land in order to provide for the orderly and efficient transition from rural to urban use. State laws, namely Goal 14 and OAR 660-004-0040, prohibit the establishment of a lot or parcel less than the size established in the County rural residential zone in existence on October 4, 2000, if the zone in existence on that date had a minimum lot size of two or more acres. Hood River County’s RR-2.5 zone requires a minimum lot size of 2.50 acres.

The claimants’ property consists of 1.72 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

(a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
(b) Restricting or prohibiting activities for the protection of public health and safety;
(c) To the extent the land use regulation is required to comply with federal law; or
(d)Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the three home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).
7. On the Claimant’s Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Findings of Fact and Conclusions

Hood River County deed records indicate that claimant Donald Reinig acquired the property on September 14, 1979, and claimant Joyce Reinig acquired the property on March 5, 1981. Therefore, for purposes of Measure 49, the claimants’ acquisition date is September 14, 1979.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Hood River County’s comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On September 14, 1979, the Measure 37 claim property was zoned Farm Use (A-2) by Hood River County, which had a fixed minimum acreage standard of 7,500 square feet. Because the Commission had not acknowledged Hood River County’s comprehensive plan and land use regulations for compliance with the goals when the claimants acquired the property on September 14, 1979, the statewide planning goals, and in particular Goal 14, applied directly to the Measure 37 claim property.

On January 11, 1985, the Commission acknowledged the application of Hood River County’s Rural Residential (RR-2.5) zone to the Measure 37 claim property. The Commission’s acknowledgement of Hood River County’s RR-2.5 zone confirmed that zone’s compliance with Goal 14. Hood River County’s acknowledged RR-2.5 zone required 2.50 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimants’ property consists of 1.72 acres. Therefore, on the claimants’ acquisition date, they could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county’s acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that claimants whose property was ultimately acknowledged as non-resource land pursuant to Goal 14 and whose property was, at acquisition, either not zoned by the county or subject to a county zone that included a fixed minimum acreage standard of two or fewer acres, are eligible for up to three home site approvals with a minimum acreage standard of two acres per home site, including existing development.
The Measure 37 claim property consists of 1.72 acres and is developed with a dwelling. Therefore, based on the analysis under SB 1049 (2010), the claimants were not lawfully permitted to establish any additional home sites on the Measure 37 claim property on their date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on July 16, 2009. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order of Denial. Specifically, in response to the Preliminary Evaluation the claimants submitted a 1980 application to partition what was once a larger parcel into the claim property and a second parcel as evidence that they were lawfully permitted to establish additional home sites on the claim property on their date of acquisition. However, as stated above, based on the analysis under SB 1049 (2010), the claimants were not lawfully permitted to establish any additional home sites on the claim property on their acquisition date.

III. CONCLUSION

Based on the analysis above, the claimants do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the lots, parcels or dwellings on the claimants' date of acquisition.
IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
