

**OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order and Home Site Authorization**

STATE ELECTION NUMBER:

E130801

CLAIMANTS:

Glen E. and E. Jeanette Nichol
9748 Bates Road SE
Aumsville, OR 97325

**MEASURE 37 PROPERTY
IDENTIFICATION:**

Township 8S, Range 1W, Section 31B
Tax lots 1300, 2500 and 2600
Marion County

The claimants, Glen and Jeanette Nichol, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 16, 2006, for property located at 9748 Bates Road SE, near Aumsville, in Marion County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. However, if the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and the contiguous property under the same ownership is equal to or greater than the maximum number of home sites a claimant could otherwise qualify for under Section 6 of Measure 49, a claimant may qualify for only one home site approval.

The claimants have requested one home site in the election material. The Measure 37 waiver issued for this claim describes four home sites. Because it appears that the Measure 37 claim

property and contiguous property in the same ownership contain three or more lots or parcels that are developed with dwellings the claimants may qualify for a maximum of one home site approval.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Glen and Jeanette Nichols, filed a Measure 37 claim, M130801, with the state on November 16, 2006. The claimants filed a Measure 37 claim, M06-134, with Marion County on November 15, 2006. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Marion County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deeds submitted by the claimants, Glen and Jeanette Nichol are the owners of fee title to the property as shown in the Marion County deed records and, therefore, are owners of the property under Measure 49.

Marion County has confirmed that the claimants are the current owners of the property.

3. All Owners Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Marion County, outside the urban growth boundary and outside the city limits of the nearest city, Aumsville.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

As stated in Section I.A. above, the claimants may qualify for one home site.

The property is currently zoned Acreage Residential (AR) by Marion County, in accordance with Goal 14, which prohibits the urban use of rural land and requires local comprehensive plans to identify and separate urbanizable from rural land in order to provide for the orderly and efficient transition from rural to urban use. State laws, namely Goal 14 and OAR 660-004-0040, prohibit the establishment of a lot or parcel less than two acres in a rural residential zone established before October 4, 2000, in which the County specified a minimum lot or parcel size of less than two acres.

The claimants' property consists of 5.14 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property, in addition to the existing development, the one home site the claimants may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or

(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the one home site for which the claimants may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

The Marion County deed records indicate that the claimants acquired tax lot 1300 (1.74 acres) on September 11, 1961, and tax lots 2500 (1.66 acres) and 2600 (1.74 acres) on November 28, 1973.

On September 11, 1961, the Measure 37 claim property consisted of 1.74 acres and was not subject to any local or state laws that would have prohibited the claimants from establishing the one home site for which the claimants may be eligible. Therefore, the claimants lawfully could have established the one home site the claimants qualify for under Section 6 of Measure 49.

On November 28, 1973, the Measure 37 claim property consisted of 5.14 acres and was subject to state statutes and Marion County's Residential Agriculture (RA) zone. Marion County's RA zone required at least 6,000 square feet, if the property was served by a sanitary sewer system, for the creation of a new lot or parcel on which a dwelling could be established. If the property was not served by a sanitary sewer system, the lot area was increased to conform with the requirements of Marion County.

The record does not establish that the subject property was served by a sanitary sewer system on the claimant's acquisition date. However, given that the claimants are subject to current Marion County requirements in their use of any home site approval for which they may be eligible under Section 6 of Measure 49, and that current County requirements are more restrictive than those that were in effect when the claimants acquired the Measure 37 claim property, the claimants qualify for a home site approval in addition to the development existing on the Measure 37 claim property if determined by Marion County to be allowed based on the lot area requirements necessary to accommodate on-site sewage disposal.

State law in effect when the claimant acquired the property, specifically ORS 197.175(1) and 197.280 (1973 edition), also required that counties exercise their planning responsibilities in

accordance with the interim land use planning goals set forth in ORS 215.515 (1973 edition). Those interim land use planning goals included: "To preserve the quality of the air, water and land resources of the state"; "To conserve prime farm lands for the production of crops"; "To provide for the orderly and efficient transition from rural to urban land use"; "To protect life and property in areas subject to floods, landslides and other natural disasters"; and "To develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development." ORS 215.515 (1973 edition)

The interim planning goals would not have prohibited the claimants from lawfully establishing one home site on the Measure 37 claim property when they acquired tax lots 2500 and 2600 on November 28, 1973. Rather, the applicable provisions of the interim goals are furthered by provisions of Section 6 of Measure 49, which limits the number of home sites authorized, and by Section 11(3), which regulates the size and location of lots or parcels on high value farm or forest land. Measure 49 Section 11(3) requires new parcels on high-value farm or forest land to be no larger than two acres and "clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use."

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on April 23, 2009. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order and Home Site Authorization.

III. CONCLUSION

Based on the analysis above, the claimants qualify for the one home site approval.

The number of lots, parcels or dwellings that a claimant is authorized to establish pursuant to a home site authorization is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. If a claimant otherwise qualifies for relief under Section 6 of Measure 49, the claimant will be able to establish at least one additional lot, parcel or dwelling, regardless of the number of dwellings currently in existence

Based on the documentation provided by the claimants and information from Marion County, the Measure 37 claim property currently includes three lots or parcels and three dwellings. There is no contiguous property in the same ownership. Therefore the one home site approval the claimants qualify for will allow the claimants to establish one additional lot or parcel and one additional dwelling on the Measure 37 claim property.

IV. HOME SITE AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimants qualify for one home site approval. As explained in section III above, after taking into account the number of existing lots, parcels or dwellings, the claimants are authorized to establish one additional lot or

parcel and one additional dwelling on the property on which the claimants are eligible for Measure 49 relief, subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimants are eligible for Measure 49 relief. The establishment of a land division or dwelling based on a Measure 49 home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. A home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.
4. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert any temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on property on which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the future site of a dwelling that may be established pursuant to the home site approval.
7. The claimants may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site.
8. The claimants may not implement the relief described in this Measure 49 Home Site Authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a

common law vested right as described in section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.

9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings.
10. If the claimants transferred their ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lot, parcel or dwelling within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
11. If an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND
CONSERVATION AND DEVELOPMENT
COMMISSION:

Richard Whitman, Director
Dept. of Land Conservation and Development
Dated this ~~30th~~ day of ~~July~~, 2009.
June

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that it the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
