DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order of Denial

STATE ELECTION NUMBER:

E131455

CLAIMANTS:

William M. and Wanda L. Baird
36238 Tapper Lane SE
Albany, Oregon 97322

MEASURE 37 PROPERTY
IDENTIFICATION:

Township 11S, Range 2W, Section 9
Tax lot 1000
Linn County

The claimants, William M. and Wanda L. Baird, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 28, 2006, for property located south of 36238 Tapper Lane, between Lebanon and Albany, in Linn County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election material; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested one home site approval in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes one home site. Therefore, the claimants may qualify for a maximum of one home site approval under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, William M. and Wanda L. Baird, filed a Measure 37 claim, M131455, with the state on November 28, 2006. The claimants filed a Measure 37 claim, M37-219-06 with Linn County on November 29, 2006. The state claim was filed prior to December 4, 2006. It appears that the claimants timely filed a Measure 37 claim with both the state and Linn County.

The claimants timely filed a Measure 37 claim with both the state and Linn County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed submitted by the claimants, William M. and Wanda L. Baird are the owners of fee title to the property as shown in the Linn County deed records and, therefore, are owners of the property under Measure 49.

Linn County has confirmed that the claimants are the current owners of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Linn County, outside the urban growth boundary and outside the city limits of the nearest cities of Lebanon and Albany.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Exclusive Farm Use (EFU) by Linn County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use (EFU). Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, provide standards for the establishment of a dwelling in an EFU zone. In general and subject to some exceptions, those standards require that the property be a minimum of 80 acres in size in an EFU zone and generate a minimum annual income from the sale of farm products.

The combined effect of the standards for the establishment of a dwelling in an EFU zone is to prohibit the claimants from establishing a dwelling on the Measure 37 claim property.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the one home site for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Linn County deed records indicate that the claimants acquired the property on May 5, 1983.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Linn County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Exclusive Farm Use (EFU) by Linn County. Linn County's EFU zone included a fixed minimum acreage of 40 acres. However, the Commission had not acknowledged that zone for compliance with the goals when the claimants acquired the property on May 5, 1983. Accordingly, the statewide planning goals, and in particular Goal 3 and ORS chapter 215, applied directly to the Measure 37 claim property when the claimants acquired it.

On July 18, 1985, the Commission acknowledged the application of Linn County's Exclusive Farm Use (EFU) zone to the Measure 37 claim property. The Commission's acknowledgement of Linn County's EFU zone confirmed that zone's compliance with Goal 3 and ORS chapter 215. Linn County's EFU zone required 40 acres for the creation of a new lot or parcel on which a farm dwelling could be established.¹ The Measure 37 claim property consists of 8.98 acres. Therefore, on the claimant's acquisition date, they could not have established a home site on the Measure 37 claim property in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that eligibility for home site approval is subject to consistency with local land use regulations in effect when the claimant acquired the subject property.

¹ While the EFU zone did not generally have a specific minimum lot size, the zone did specify a minimum acreage requirement of 40 acres for the development of a farm dwelling on a lot or parcel.

The Measure 37 claim property was subject to Linn County's EFU zone on the claimants' date of acquisition. That zone included a fixed minimum acreage standard of 40 acres.

The Measure 37 claim property consists of 8.98 acres. Therefore, based on the analysis under SB 1049 (2010), the claimants were not lawfully permitted to establish any home sites on the Measure 37 claim property on their date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on March 24, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received have been taken into account by the department in the issuance of this Final Order of Denial. Specifically, the claimants argue they should be entitled to a dwelling on the Measure 37 claim property under the EFU provisions that provided for the establishment of a dwelling in conjunction with farm use on an existing parcel of less than 40 acres or a non-farm dwelling in effect when the claimants acquired the property. The department disagrees with this assertion. Dwellings on less than 40 acres and non-farm dwellings were permitted only as a conditional use and required an applicant to obtain the approval of the planning commission following an administrative review process. A use is not lawfully permitted when approval of the use on a claimant's acquisition date would have required a highly discretionary review process and the record for the claim does not include any evidence that the claimant could have met the standards under such a review process. Further, non-farm dwellings are subject to standards that have not substantively changed over time. At the time the claimants acquired the property, single family dwellings were a permitted use on existing lots or parcels of at least 40 acres. The claimant's property consists of 8.98 acres. Therefore, they were not lawfully permitted to establish a home site on their date of acquisition.

III. CONCLUSION

Based on the analysis above, the claimants do not qualify for Measure 49 home site approval because the claimants were not lawfully permitted to establish the dwellings on the claimants' date of acquisition.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
