The claimant, Warnock Ranches, Inc., filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 1, 2006, for property located along Highway 7, near Sumpter, in Baker County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of its Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimant May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested three home site approvals in the election material. No waiver was issued

¹ The claimant also submitted a claim for property not contiguous to the subject property which is identified as E132496.

for this claim. The Measure 37 claim filed with the state describes more than three home sites. Therefore, the claimant may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimant must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimant, Warnock Ranches, Inc., filed a Measure 37 claim, M132497, with the state on December 1, 2006. The claimant filed a Measure 37 claim, M37-06-078, with Baker County on November 30, 2006. The state claim was filed prior to December 4, 2006.

The claimant timely filed a Measure 37 claim with both the state and Baker County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed submitted by the claimant, Warnock Ranches, Inc. is the owner of fee title to the property as shown in the Baker County deed records and, therefore, is an owner of the property under Measure 49.

Baker County has confirmed that the claimant is the current owner of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Baker County, outside the urban growth boundary and outside the city limits of the nearest city, Sumpter.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Sumpter Valley Management Area (SVMA) by Baker County in accordance with the statewide planning goals, as implemented by OAR 660, and ORS chapters 197 and 215. Baker County's SVMA zone does not allow dwellings.

The claimant's property consists of 38.27 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the three home sites the claimant may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimant, it does not appear that the establishment of the three home sites for which the claimant may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Baker County deed records indicate that the claimant acquired the property on February 4, 1981.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Baker County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On February 4, 1981, the Measure 37 claim property was zoned Sumpter Valley Management Area (SVMA) by Baker County. Baker County's SVMA zone did not allow dwellings. However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on February 4, 1981. Accordingly, the statewide planning goals and ORS chapters 197 and 215 applied directly to the Measure 37 claim property.

On May 16, 1986, the Commission acknowledged the application of Baker County's Sumpter Valley Management Area (SVMA) zone to the Measure 37 claim property. The Commission's acknowledgement of Baker County's SVMA zone confirmed that zone's compliance with the statewide Goals and ORS chapters 197 and 215. Baker County's acknowledged SVMA zone did not allow dwellings in the zone. Therefore, on the claimant's acquisition date, it could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that eligibility for home site approval is

subject to consistency with local land use regulations in effect when the claimant acquired the subject property.

The Measure 37 claim property was subject to Baker County's SVMA zone on the claimant's date of acquisition. That zone did not allow dwellings. Therefore, based on the analysis under SB 1049 (2010), the claimant was not lawfully permitted to establish any home sites on the Measure 37 claim property on its date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

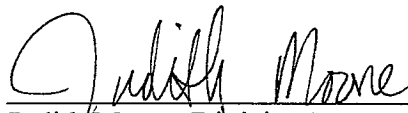

The department issued its Preliminary Evaluation for this claim on March 26, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice.

III. CONCLUSION

Based on the preliminary analysis, it appears that the claimant, Warnock Ranches, Inc., is not eligible for any relief under Measure 49 because the claimant was not lawfully permitted to establish the lots, parcels or dwellings on the claimant's date of acquisition. The zoning and lawfully permitted uses of the claimant's property have not changed since the claimant acquired the property.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
