I. ELECTION

The claimant, Roger Nicholson, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 1, 2006, for property located at 50343 Highway 62, near Fort Klamath, in Klamath County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of his Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department’s preliminary analysis, it appears that the claimant is not eligible for any relief under Measure 49 because the claimant would not have been lawfully permitted to establish any additional home sites when he acquired the property.

1 Claim E132638 has been split into three claims, E132638A, E132638B and E132638C, because the Measure 37 claim sought relief for non-contiguous parcels. Claim E132638A addresses the claimant’s eligibility for Measure 49 relief on tax lots 600, 700 (Section 2) and 1000. E132638B addresses his relief on tax lot 700 (Section 26). E132638C addresses his relief on tax lots 3800 and 4200.
III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANT MAY QUALIFY

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested three home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes more than three home sites. Therefore, the claimant may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimant, Roger Nicholson, filed a Measure 37 claim, M132638, with the state on December 1, 2006. The claimant filed a Measure 37 claim, M37 107-06, with Klamath County on December 1, 2006. The state claim was filed prior to December 4, 2006.

It appears that the claimant timely filed a Measure 37 claim with both the state and Klamath County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimant must establish each of the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

According to the deed submitted by the claimant, Roger Nicholson is the owner of fee title to the property as shown in the Klamath County deed records and, therefore, is an owner of the property under Measure 49.
(b) All Owners of the Property Have Consented in Writing to the Claim

It appears that the claimant is the sole owner of the property. Therefore, no additional consent is required.

(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property is located in Klamath County, outside any urban growth boundary and outside any city limits, near the community of Fort Klamath.

(d) One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

As stated in Section III above, the claimant may qualify for up to three home site approvals.

The property is currently zoned Exclusive Farm Use - Grazing (EFU-G) by Klamath County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone. In addition, counties may adopt minimum lot or parcel sizes greater than 80 acres. Klamath County’s EFU-G zone requires a minimum of 160 acres for the establishment of a dwelling on a lot or parcel.

The claimant’s property consists of 10 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the three home sites the claimant may qualify for under Section 6 of Measure 49.

(e) The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

(a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
(b) Restricting or prohibiting activities for the protection of public health and safety;
(c) To the extent the land use regulation is required to comply with federal law; or
(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimant, it does not appear that the establishment of the three home sites for which the claimant may qualify on the property would be prohibited by land use regulations described in ORS 195.305(3).
(f) On the Claimant’s Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant’s acquisition date is “the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates.”

Klamath County deed records indicate that the claimant acquired the property on March 20, 1978.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Klamath County’s comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On March 20, 1978, the Measure 37 claim property was zoned Forestry (F) by Klamath County. Klamath County’s Forestry zone did not include a fixed minimum acreage requirement. However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on March 20, 1978. Accordingly, the statewide planning goals, and in particular Goal 3, and ORS chapter 215 applied directly to the Measure 37 claim property when the claimant acquired it.

On June 1, 1984, the Commission acknowledged the application of Klamath County’s Exclusive Farm Use-Grazing (EFU-G) zone the Measure 37 claim property. The Commission’s acknowledgement of Klamath County’s EFU-G zone confirmed that zone’s compliance with Goal 3 and ORS chapter 215. Klamath County’s acknowledged EFU-G zone required 160 acres for the creation of a new lot or parcel on which a dwelling could be established. The Measure 37 claim property consists of 10 acres and is developed with one dwelling. Therefore, on the claimant’s acquisition date, he could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county’s acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that subject to consistency with local land use regulations in effect when they acquired the Measure 37 claim property, claimants whose property consists of less than 20 acres were lawfully permitted to establish one home site, including existing development.
The Measure 37 claim property consists of 10 acres and is developed with one dwelling. Therefore, based on the analysis under SB 1049, the claimant was not lawfully permitted to establish any additional home sites on the Measure 37 claim property on his date of acquisition.

2. Preliminary Conclusion

Based on the preliminary analysis, it appears that the claimant, Roger Nicholson, does not qualify for Measure 49 home site approvals because the claimant was not lawfully permitted to establish any additional lots, parcels or dwellings on the claimant’s date of acquisition.
