The claimant, Lee Schrepel, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 1, 2006, for property located near Yamhill, in Yamhill County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of his Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimant May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested three home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes three home sites. Therefore,

the claimant may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimant must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimant, Lee Schrepel, filed a Measure 37 claim, M132856, with the state on December 1, 2006. The claimant filed a Measure 37 claim, M37-254-06, with Yamhill County on December 1, 2006. The state claim was filed prior to December 4, 2006.

The claimant timely filed a Measure 37 claim with both the state and Yamhill County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed submitted by the claimant, Lee Schrepel is the owner of fee title to the property as shown in the Yamhill County deed records and, therefore, is an owner of the property under Measure 49.

Yamhill County has confirmed that the claimant is the current owner of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Yamhill County, outside the urban growth boundary and outside the city limits of the nearest city, Yamhill.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Exclusive Farm Use (EF-80) by Yamhill County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone and regulate the establishment of dwellings on new or existing lots or parcels.

The claimant's property consists of 59 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the three home sites the claimant may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or

(d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimant, it does not appear that the establishment of the three home sites for which the claimant may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Yamhill County deed records indicate that the claimant acquired the property on January 17, 1979.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Commission acknowledged Yamhill County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, the Measure 37 claim property was zoned Exclusive Farm Use (EF-40) by Yamhill County. However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on January 17, 1979. Accordingly, the statewide planning goals, and in particular Goal 3 and ORS chapter 215 applied directly to the Measure 37 claim property when the claimant acquired it.

To determine whether a use of property that was not subject to an acknowledged zone at the time the claimant acquired would have complied with Goal 3 and ORS 215, OAR 660-041-0110 provides that DLCD will apply the first acknowledged local land use regulations, unless the evidence in the record, including but not limited to, county Measure 37 waivers or local land use determinations issued at the time the property was acquired, establishes that a greater number of lots, parcels or dwellings would have been lawfully permitted.

In 1979, Goal 3 was "to preserve and maintain agricultural lands. It required the adoption of exclusive farm use zones pursuant to ORS chapter 215, and required that "[s]uch minimum lot sizes as are utilized for any farm use zones shall be appropriate for the continuation of the existing commercial agricultural enterprise within the area."

On June 12, 1980, the Commission acknowledged the application of Yamhill County's Exclusive Farm Use (EF-40) zone to the Measure 37 claim property. The Commission's acknowledgement

of Yamhill County's EF-40 zone confirmed that zone's compliance with Goal 3 and ORS chapter 215. Yamhill County's acknowledged EF-40 zone required 40 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimant's property consists of 59 acres. Therefore, the claimant lawfully could have established one home site on the claimant's date of acquisition. The claimant, therefore, is qualified for up to one home site under Section 6 of Measure 49.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on October 2, 2009. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties.

The claimant's attorney submitted comments disputing the conclusion in the preliminary evaluation that the county's EF-40 zone, in effect when the claimant acquired the property, required a minimum of 40 acres for the creation of a new lot or parcel on which a dwelling could be established. The attorney argues that the EF-40 zone did not "flatly prohibit" the creation of smaller parcels, but rather asserts that there were provisions then in effect that could have been utilized that could have resulted in approval of an additional dwelling on a parcel less than 40 acres.

The claimant's attorney is correct that the unacknowledged zone in effect in 1979, when the claimant acquired the property, provided a discretionary process whereby a property owner could have applied for approval of a parcel of less than 40 acres on which a dwelling could have been permitted, provided certain criteria were satisfied. However, the evidence in the record does not establish that the claimant would have satisfied those criteria, and does not establish that, at the time the claimant acquired the property, the claimant lawfully was permitted to establish an additional parcel and dwelling under those standards. That it is possible that the claimant could have submitted an application and could potentially have satisfied those standards does not establish that they satisfied or could have satisfied those standards at the time he acquired the property, or during the period during which the county's code would have permitted the claimant to establish that use. Moreover, even if the claimant could have potentially satisfied the discretionary criteria that could have allowed approval of an additional parcel and dwelling, the evidence does not establish that such an approval would have satisfied the requirements of Goal 3, which were independently applicable prior to acknowledgement of the county's EF-40 zone.

III. CONCLUSION

Based on the analysis above, the claimant qualifies for up to one home site. However, the number of lots, parcels or dwellings that a claimant may establish pursuant to a home site authorization is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49.

Based on the documentation provided by the claimant and information from Yamhill County, the Measure 37 claim property includes one undeveloped lot or parcel. There is no contiguous property under the same ownership. Therefore, the one home site approval the claimant qualifies for under Section 6 of Measure 49 will authorize the claimant to establish no additional lots or parcels and one dwelling on the Measure 37 claim property.

IV. HOME SITE AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimant qualifies for one home site approval. As explained in section III above, after taking into account the number of existing lots, parcels or dwellings, the claimant is authorized for no additional lots or parcels and one additional dwelling on the property on which the claimant is eligible for Measure 49 relief, subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimant is eligible for Measure 49 relief. The establishment of a land division or dwelling based on this home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. This home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed. If the claimant has developed the limit of twenty home sites under Measure 49, the claimant is no longer eligible for the home site approval that is the subject of this order.
4. The number of lots, parcels or dwellings a claimant may establish under this home site authorization is reduced by the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If, based on the information available to the department, the department has calculated the number of currently existing lots, parcels or dwellings to be either greater than or less than the number of lots, parcels or dwellings actually in existence on the Measure 37 claim property or contiguous property under the same ownership, then the number of additional lots, parcels or dwellings a claimant may establish pursuant to this home site authorization must be adjusted according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.

5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimant may choose to convert any temporary dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site pursuant to a home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on the property on which the claimant is eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which the claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the site of a dwelling that may be established pursuant to the home site approval.
7. The claimant may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site. If the number of lots, parcels or dwellings existing on the property on which the claimant is eligible for Measure 49 relief exceeds the number of home site approvals the claimant qualifies for under a home site authorization, the claimant may select which existing lots, parcels or dwellings to convert to authorized home sites; or may reconfigure existing lots, parcels or dwellings so that the number is equivalent to the number of home site approvals.
8. The claimant may not implement the relief described in this Measure 49 Home Site Authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimant may be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property so that each additional dwelling established on the property on which the claimant is eligible for Measure 49 relief, pursuant to this home site authorization, is sited on a separate lot or parcel.

10. Because the property is located in an exclusive farm use zone, the home site authorization does not authorize new lots or parcels that exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction, the owner must comply with the requirements of ORS 215.293. Further, the home site authorization will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.
11. Because the property is located in an exclusive farm use zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site authorizations to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. If the claimant transferred ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lots, parcels and dwellings within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
13. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND
CONSERVATION AND DEVELOPMENT
COMMISSION:

Judith Moore, Measure 49 Division Manager
Dept. of Land Conservation and Development
Dated this 9th day of December 2009.

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that it the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
