DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW  
OF MEASURE 37 CLAIM  
Amended Final Order and Home Site Authorization**

**STATE ELECTION NUMBER:** H134376<sup>1</sup>

**CLAIMANTS:** Scott M. and Janice M. McCollum  
1625 N River Road  
Gold Hill, OR 97525

**MEASURE 37 PROPERTY  
IDENTIFICATION:** Township 36S, Range 4W, Section 24  
Tax lot 300  
Jackson County

**AGENT CONTACT INFORMATION:** Craig A. Foster  
Tonkon Torp, LLP

Portland, OR 97204

The claimants, Scott and Janice McCollum, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on May 14, 2007, for property located at 1625 N River Road, near Gold Hill, in Jackson County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants. As initially enacted in 2007, a claimant was not eligible for relief under Measure 49 if the claimant filed a Measure 37 claim with the state after December 4, 2006 but did not comply with the provisions of OAR 660-041-0020, then in effect. Scott and Janice McCollum initially were not entitled to Measure 49 relief on that basis.

However, the Oregon State Legislative Assembly subsequently amended Measure 49 through the passage of House Bill 3225 (Chapter 855 (2009 Laws)) (HB 3225). As a result, OAR 660-041-0020 no longer prevents the claimants, Scott and Janice McCollum, from obtaining Measure 49 relief. The claimants elected to seek relief under Measure 49, as amended by HB 3225, and submitted the \$175 fee required by Section 18 of HB 3225 in order to have the claim reviewed.

<sup>1</sup> A final order of denial was issued for this claim on August 30, 2010. In accordance with the judgment of the Jackson County Circuit Court in Case No. 105361Z9 reversing and remanding the final order of denial, this Amended Order replaces and supersedes the final order of denial.

This Amended Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

## **I. ANALYSIS OF CLAIM**

### **A. Maximum Number of Home Sites for Which the Claimants May Qualify**

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested three home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes three home sites. Therefore, the claimants may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

### **B. Qualification Requirements**

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

#### **1. Timeliness of Claim**

A claimant must have filed a Measure 37 claim for the property with the state before Measure 49 became effective on December 6, 2007. If the claimant filed their state Measure 37 claim after December 4, 2006, the claimant must also have either (a) filed the claim in compliance with the provisions of OAR 660-041-0020 then in effect; (b) submitted a land use application as described in OAR 660-041-0020 then in effect prior to June 28, 2007; or (c) filed a Measure 37 claim with the county on or before December 4, 2006.

#### **Findings of Fact and Conclusions**

The claimants, Scott and Janice McCollum, filed a Measure 37 claim, M134376, with the state on May 14, 2007. The claimants filed a Measure 37 claim, M37 2005-00047, with Jackson County on March 30, 2005. The state claim was filed after December 4, 2006 and the claimants also filed a county Measure 37 claim before December 4, 2006.

The claimants filed a timely Measure 37 claim with the state along with any additional claims or applications that the claimants had to have filed in order to be eligible for review under Measure 49, as amended by HB 3225.

#### **2. The Claimant Is an Owner of the Property**

Measure 49 defines “Owner” as: “(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) if the property is owned

by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner.”

**Findings of Fact and Conclusions:**

According to the deeds submitted by the claimants, Scott and Janice McCollum are the owners of fee title to the property as shown in the Jackson County deed records and, therefore, are owners of the property under Measure 49.

Jackson County has confirmed that the claimants are the current owners of the property.

**3. All Owners of the Property Have Consented in Writing to the Claim**

All owners of the property must consent to the claim in writing.

**Findings of Fact and Conclusions:**

All owners of the property have consented to the claim in writing.

**4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City**

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

**Findings of Fact and Conclusions:**

The Measure 37 claim property is located in Jackson County and the property is located outside any urban growth boundary and outside the city boundary of the nearest city, Gold Hill.

**5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling**

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

**Findings of Fact and Conclusions:**

The property is currently zoned Exclusive Farm Use (EFU) by Jackson County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The claimants’ property consists of 15.63 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

**6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)**

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

**Findings of Fact and Conclusions**

Based on the documentation submitted by the claimants, it does not appear that the establishment of the three home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

**7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49**

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

**Findings of Fact and Conclusions**

Jackson County deed records indicate that claimant Scott McCollum acquired the property on December 29, 1976,<sup>2</sup> and claimant Janice McCollum acquired the property on September 5, 1989. Therefore, for purposes of Measure 49, the claimants' acquisition date is December 29, 1976.

The claimants acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Jackson County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On December 29, 1976, the Measure 37 claim property was zoned Farm Residential (F-5) and Open Space Development (OSD-5) by Jackson County. Jackson County's F-5 and OSD-5 zones included a fixed minimum acreage standard of five acres. However, the Commission had not acknowledged those zones for compliance with the goals when the claimants acquired the property on December 29, 1976.

---

<sup>2</sup> Claimants included what appeared to be an unrecorded agreement to sell with their claim. However, they also included a re-recording of the 1986 deed, dated May 16, 2008, which makes reference to the 1976 contract.

Accordingly, the statewide planning goals, and in particular Goal 3, and ORS chapter 215 applied directly to the Measure 37 claim property when the claimants acquired it.

On May 16, 1983, the Commission acknowledged the application of Jackson County's EFU zone to the Measure 37 claim property. The Commission's acknowledgement of Jackson County's EFU zone confirmed that zone's compliance with Goal 3 and ORS chapter 215. Jackson County's acknowledged EFU zone required 80 irrigated acres or 160 non-irrigated acres for the creation of a new lot or parcel on which a dwelling could be established. The claimants' property consists of 15.63 acres. Therefore, on the claimants' acquisition date, they could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that subject to consistency with local land use regulations in effect when they acquired the Measure 37 claim property, claimants whose property consists of less than 20 acres were lawfully permitted to establish one home site, including existing development.

The Measure 37 claim property consists of 15.63 acres. Therefore, based on the analysis under SB 1049 (2010), the claimants were lawfully permitted to establish one home site on the Measure 37 claim property on their date of acquisition. However, because the property is developed with a dwelling and Measure 49 Section 6 (2) requires an offset for existing development, the claimants are not entitled to a home site approval under Section 6 (2).

In the decision of the Court of Appeals, dated August 29, 2012, and the judgment of the circuit court entered January 7, 2013, it was determined that claimants are entitled to one home site authorization under Section 6 (3) of Measure 49.

## **II. CONCLUSION**

In accordance with the decision of the Court of Appeals and the judgment of circuit court entered January 7, 2013, claimants are entitled to one home site authorization under Section 6 (3) of Measure 49. The Final Order of Denial is hereby withdrawn and this Amended Final Order and Home Site Authorization for State Election H134376 authorizes development of one home site pursuant to Section 6 (3) of Measure 49 on the terms set forth below.

### III. HOME SITE AUTHORIZATION

This claim is approved. The claimants are authorized for one additional lot or parcel and to establish one additional dwelling on the Measure 37 claim property, subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimants are eligible for Measure 49 relief. The establishment of a land division or dwelling based on a Measure 49 home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. A home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed. If the claimants have developed the limit of twenty home sites under Measure 49, the claimants are no longer eligible for the home site approval that is the subject of this order.
4. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert any temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on property on which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the future site of a dwelling that may be established pursuant to the home site approval.
7. The claimants may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site.

8. The claimants may not implement the relief described in this Measure 49 home site authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings.
10. If the claimants transferred ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lot, parcel or dwelling within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
11. Because the property is located in an exclusive farm use zone, the home site authorization will not authorize new lots or parcels that exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction in one of these zones, the owner must comply with the requirements of ORS 215.293. Further, the home site authorization will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.
12. Because the property is located in an exclusive farm use zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.

13. If an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
14. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Amended Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND  
CONSERVATION AND DEVELOPMENT  
COMMISSION:

Matthew Crall, Planning Services Division Manager  
Dept. of Land Conservation and Development

Dated this 5 day of February 2013.

#### **NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF**

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that it the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
