To Whom it Concerns,

I object to the ordinance; **FILE NUMBERS:** LRP2009-00014 (Springfield); 509-PA13-05393 (Lane County)

Taking a large piece of prime agricultural land, the best in the world, next to the river, out of use for ever by building on it, is a foolish plan. Humans need food. Topsoil is life. Other less useful land should be used.

Also, the fact that this objection is just about impossible to make correctly, if a person is not a lawyer, goes against the spirit of democracy. It makes this process a mockery of public involvement.
