LIBRARY SERVICES AND TECHNOLOGY ACT (LSTA)
FIVE-YEAR PLAN PRIORITIES, 2023-2027

Oregon libraries break down barriers and the digital divide

Oregon libraries honor culture, heritage, and Tribes

Oregon libraries support students, youth, and lifelong learners

Oregon libraries build relationships to foster community

Oregon libraries have the training and resources they need

PRIORITIES	FOCAL AREAS
Oregon libraries break down barriers and the digital divide	• Access for the underserved: Facilitate access to library services for underserved and under-resourced communities. • Community engagement: Help libraries engage with all internal and external communities by continuously improving library services, practices, and policies. • Digital Literacy: Assist libraries' efforts to increase digital literacy through skills training, navigation assistance, and access to technology.
Oregon libraries honor culture, heritage, and Tribes	• Heritage Collections: Enhance access to heritage collections and the voices they represent. • Tribal Support: Work with Tribal Nations in Oregon to support access to library, technology, and information services.

LIBRARY SERVICES AND TECHNOLOGY ACT (LSTA)
FIVE-YEAR PLAN PRIORITIES, 2023-2027

PRIORITIES	FOCAL AREAS
Oregon libraries support students, youth, and lifelong learners	• Information literacy and education: Collaborate with libraries to advance information literacy and education. • Youth services: Cultivate impactful library services for youth from birth through young adulthood. • Lifelong library users: Support library programs and services that encourage lifelong learning and library use.
Oregon libraries build relationships to foster community	• Data and stories: Empower libraries to better understand and connect with their communities through data and stories. • Library consulting: Guide and advise libraries on matters of concern to them. • Library partnerships: Encourage partnership, learning, and shared impact across Oregon libraries.
Oregon libraries have the training and resources they need	• Continuing education: Improve the knowledge and skills of library workers across Oregon through relevant and responsive continuing education. • Core resources: Equip libraries with core connectivity, technology, and resources needed for basic library service. • Standards and practices: Connect libraries with current standards and practices.
