

## **Oral Argument Instructions for the General Public**

If you would like to listen to an oral argument, please call 1-844-766-2282 and enter 620100 when asked for the Participant Code.

LUBA requires that you place your phone on its “MUTE” setting when listening to an oral argument. It is extremely important that you adhere to this policy. Do not listen to oral argument on a phone that does not have a “MUTE” setting.

If your listening by phone disrupts oral argument to the extent that LUBA determines it cannot hear the parties’ arguments and/or the parties cannot hear each other, LUBA will terminate the oral argument and deem the case submitted on the briefs.
