

Oregon Board of Chiropractic Examiners

For **GENERAL** subject CE contact any of these vendors - the following resources are offered as a courtesy to finding qualified education; the list is NOT exclusive.

When choosing any course/program, it is the licensee's responsibility to determine whether it qualifies under [Oregon administrative rule 811-015-0025 \(Continuing Education\)](#). The fact that a course may be available from any of these resources does not automatically mean it will qualify for your renewal credit.

Additional ideas:

Check community colleges, massage schools for classes

Check locally for CPR and first aid classes*

* For documentation of CPR and/or First Aid courses, you MUST photocopy your certification card/s front and back, AND maintain a copy of the course flyer, outline, or syllabus showing the date and number of hours attended.

Online Resources:

[PACE Providers](#) offer courses that are automatically accepted by the Oregon Board of Chiropractic Examiners. Other vendors listed below offer continuing education which licensees must determine meet the continuing education rule requirements (refer to the OAR above).
