### NEED FOR THE RULE(S)

The Board determined that the rules pertaining to unaccredited programs needed updating and clarification to ensure that the requirements conform with the structure of modern rigorous educational programs, apply consistent and equitable standards, promote accessibility, and are clearly articulated so that applicants understand what is needed for licensure. The Board must ensure that degree standards of unaccredited programs are comparable in content and qualify to accredited programs wherein standards have evolved in the years since these rules were reviewed accordingly.

### DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE

OAR Chapter 833 and ORS Chapter 675 are available on the OBLPCT website at

STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE

This rule amendment may have a positive effect on racial equity in the state because clarifying the rules that set forth the educational requirements for licensure process ensures that requirements are easy for everyone to understand and reduces the likelihood of misinterpretation or exclusion due to vague standards. Allowing programs with accelerated curriculum to qualify promotes accessibility by supporting counselors and therapists that may be in later phases of life, are balancing family obligations, come from disadvantaged socioeconomic backgrounds, and/or have alternative learning styles.

---

FISCAL AND ECONOMIC IMPACT:

None.

---

COST OF COMPLIANCE:

*(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).*

None. Businesses are not subject to this rule. The Board will absorb any minimal costs required to implement these changes within its current staffing levels and budgeted resources.

---

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

Small businesses were not explicitly involved.

---

WAS AN ADMINISTRATIVE RULE ADVISORY COMMITTEE CONSULTED? NO IF NOT, WHY NOT?

The proposed rule adoption was thoroughly researched and openly discussed during ten public session meetings of the Board’s Education / Diversity, Equity, and Inclusion Committee from September 2024 to September 2025, and considered during the October 24, 2025 public session full Board meeting where members of the public were invited to address the Board during a public forum. The rule language and concepts are straightforward. The Board did not determine that an additional committee beyond the eight-member Board and Agency staff were necessary to craft the rulemaking proposal.
