

The Mail delivery continues to contribute to delays in processing applications. Please use our **online renewals** if at all possible to ensure your renewals are taken care of the most efficient way possible during these uncertain times.

For **ALL applications and payments of fines**, we recommend that you send your submissions with a **tracking number**. This will enable **you to check the status of your submission**.

Please click on one of the links below depending on which carrier you used. The link that comes up will require you to put in your tracking number. Please do so to check your parcel's tracking history.
