## ***BOARD OF MEDICAL IMAGING*** ***\*\*\* OCTOBER 2013 UPDATE \*\*\****

---

### ***NEW RULES OF INTEREST...***

#### **LIMITED PERMITS EXPIRED FOR 24 MONTHS – NEED TO PASS ARRT EXAM AGAIN!**

Beginning January 1, 2014, any limited permit holder whose permit *has been expired for 24 continuous months* will need to confirm competency by passing the ARRT examination again, as a pre-condition of permit renewal. This new Board regulation, adopted at the July 22 meeting of the Oregon Board of Medical Imaging (OBMI), will employ the same application process and fee structure as a first-time limited permit applicant. In these cases, the applicant will need to pass CORE (except for bone densitometry permit holders) plus whatever radiographic position(s) the person wishes to be re-permitted in. Under this provision, persons who initially received their limited permits prior to 2007 will only be able to re-take an examination and be re-permitted in radiographic positions that were authorized beginning in 2007, as follows:

#### **Pre-2007 Radiographic Positions      Can only re-test and be permitted in:**

Head	→	Skull/Sinus
Upper Extremities	→	Extremities
Pelvis/Lower Extremities	→	Extremities
Chest/ribs	→	Chest
Spine	→	Spine
Podiatry	→	Podiatric
Abdomen	→	None
Bone Densitometry	→	Bone Densitometry

#### **BOARD ADOPTS NEW TEMPORARY POST-PRIMARY LICENSE (PPL)—EFFECTIVE JAN. 1**

The OBMI approved a new program to allow a current medical imaging licensee to obtain a temporary “post-primary license” (PPL) in a separate licensure modality, for the purpose of completing clinical requirements to sit for a post-primary registry examination. This new temporary license category, available beginning on January 1, is somewhat similar to the OBMI’s “provisional” licensure category that is set to expire on December 31, 2013. Under the PPL regulations, the Board will be able to require confirmation of an applicant’s clinical supervision while practicing under the post-primary license, as well as the applicant’s eligibility for a post-primary registry credential. An OBMI-issued PPL will be valid for six months, with one six-month renewal allowed, for a maximum of 12 months. There is a \$30 license fee for each six month PPL. Applicants will be required to show completion of 16 category “A” content-related credit hours prior to applying. During the initial six months of a PPL, direct (in-the-room) supervision will be required. A PPL may be extended beyond the 12-month maximum upon demonstrating that the credentialing registry’s clinical requirements cannot be completed within 12 months, due to limitations of the clinical practice site.

# ***Announcements and Notices...***

## **NATIONAL CREDENTIAL REQUIRED BEGINNING IN 2014**

Beginning January 1, 2014, to have an initial license issued or an existing license renewed, you will need to have a valid credential from a Board-recognized national credentialing organization<sup>1</sup>. This requirement does not apply to limited X-ray machine operators, grandfathered or state-sponsored radiographers, and persons who were initially licensed through reciprocity with another state.

## **MAKE SURE YOU RENEW ON TIME – AVOID LATE FEE AND BOARD DISCIPLINARY ACTION!**

As a courtesy, the Board of Medical Imaging sends out advance renewal notices through regular mail. *But it is the sole responsibility of each license or permit holder to renew on time.* Be aware of your renewal date and renew ahead of time to avoid the \$25 late fee! Moreover, *practicing for any period of time with an expired license is a licensure violation subject to Board disciplinary action which may include a civil penalty.* Licensees can renew online through our website at [www.oregon.gov/obmi](http://www.oregon.gov/obmi). (Limited permit holders must mail or deliver their renewal along with proof of required continuing education.)

## **KEEP YOUR INFORMATION UPDATED WITH US**

Please keep us updated on your home and work addresses and contact information. There is a link to an “updated information form” on our website ([www.oregon.gov/obmi](http://www.oregon.gov/obmi)), under “Important Notices.”

## **YOU MUST REPORT CONVICTIONS OR ARRESTS WITHIN TEN DAYS**

Oregon state law (ORS 676.150) specifies that a licensee (or limited permit holder) who is convicted of any criminal offense, or even *arrested* for a felony offense, must report the criminal conviction or felony arrest to the OBMI within ten days of the conviction or arrest. The statute specifies that failure to report may be cause for disciplinary action by the Board.

## **DUTY TO REPORT VIOLATIONS BY OTHER LICENSEES**

Oregon state law (ORS 676.150) specifies that a licensee (or limited permit holder) who has reasonable cause to believe that another licensee or permit holder has engaged in prohibited or unprofessional conduct is required to report the conduct to the Board within ten working days. The statute specifies that failure to report may be cause for disciplinary action by the Board.
